## FINANCIERS TREMBLE.

### "DEACON" WHITE CAUGHT IN A CORN CORNER.

Grave Trouble Feared at Tennessee Mines Elevating the Saloon-Serious Wreck in Georgia-Suicide of Mrs. Rathbun-Helped His Wife Die.

#### Big Yield of Wheat.

At St. Paul, Colonel Becker, of the State Grain Inspector's office, said that wheat was beginning to pour into Duluth and Minneapolis in increased quantities. Duluth receives about 600 cars per day, and Minneapolis 400. He added: "I should not be much surprised if the crop yields 200,000,000 bushels. Of course, it's the largest crop we have ever had, and it means inestimable good to the Northwest and the country generally."

#### MINERS ALMOST SURE TO RISE.

The Tennessee Legislature Refuses to Protect Them from Convict Labor.

The Tennessee General Assembly has closed its extra session without taking any action either in regard to the abrogation of the present contract between the State and the lessees of the convicts or the abolition of the lease system. In the Senate a resolution providing that a settlement of the prison question be left to the Governor and State Board of Prison Inspectors was tabled. The Legislature having failed to do anything in the way of a settlement of the trouble at the Briceville mines, the attention of the public is now turned to Briceville. E. B. Wade, State Superintendent of Prisons, says: "I anticipate trouble when the sixty days' armistice expires, and at that time you may look for another uprising."

#### CRASH IN WALL STREET.

S. V. White & Co. Forced to Announce Their Suspension.

S. V. White & Co., bankers and brokers at 35 Wall street, New York, have made an assignment. Their liabilities are estimated at \$2,000,000, and while it is impossible at present to give the amount of the assets the firm's friends declare that the creditors will lose nothing. The cause of the trouble is declared to be the disastrous failure of an attempt to corner September corn. As a matter of fact, the firm was long on 11,000,000 bushels of September corn, which Chicago operators pulled down from 68 1/2 to 53 cents in ten days. Charles W. Gould, the lawyer, is assignee, and there are no preferences.

#### ROBBED A LONDON BANK.

The London and Westminster Raided and No Trace of the Thieves.

The banking world was startled by the announcement that the London and Westminster Bank (Limited), 41 Lombard street, E. C., an important establishment, having over fifteen branch houses in the metropolis, had been robbed. The money stolen consisted of a large parcel of notes remitted from the country banks, and it is currently reported that the amount stolen is not less than \$750,000, and that it may amount to as much as \$1,250,000.

#### SALOONS MOVE UP A STORY.

Atchison Liquor-Dealers Compelled to Get Off the Ground Floor.

The Police Commissioners of Atchison, Kan., have ordered all the saloons upstairs, where the flagrant violations of the prohibitory law will not be noticed by the people on the street. It is charged it is a campaign dodge to make honest prohibitionists and religious people who have no means of learning the true condition of affairs believe the liquor traffic has been suppressed.

#### With a Whistle in His Bronchial Tube.

At St. John, N. B., a lad named Taylor bought a prize package of pop corn, enclosed in which was a small whistle. In using the whistle he sucked it into his trachea, and an operation has failed to remove it. The whistle has lodged in one of the bronchial tubes, and the lad cannot possibly survive, nor can anything be done to relieve his sufferings.

#### May Acquire Mole St. Nicholas.

It is stated on excellent authority that Secretary Blaine expects to acquire Mole St. Nicholas, Hayti, as a naval station within the next year.

## FLOWER THE NOMINEE.

Placed at the Head of the New York Democratic Ticket.

Temporary Chairman Raines called the Democratic State Convention to order at Saratoga, N. Y., and the committee on credentials was called upon for its report. Chairman Judge McMahon, of Oneida, read the report on contested seats, and in addition submitted a preamble and resolution, which were adopted unanimously, reciting the irregular action of the County Democracy and declaring the right of Tammany Hall to nominate all the inspectors of election, poll clerks and ballot clerks to which the Democratic party may be entitled in the city of New York. The committee on permanent organization was then called and submitted its report. The report was adopted without a dissenting voice. Chairman Raines thanked the convention for the honor bestowed on him and called upon the committee on resolutions for its report. Daniel G. Griffin, of Jefferson County, ascended the platform and read the report of the committee. The following ticket was nominated: For Governor, Roswell P. Flower; For Lieutenant Governor, W. F. Sheehan; For Comptroller, Frank Campbell; For Secretary of State, Frank Rice; For Treasurer, Elliott Danforth; For Attorney General, Simon W. Wendell; For Engineer and Surveyor, Frank Cheek.

#### LYNCHED IN DAYLIGHT.

Darlington, Wis., the Scene of a Startling Tragedy.

For the murder of James Melghan, a farmer, a mob of two hundred infuriated men lynched Anton Siebold in the courtyard at Darlington, Wis., in broad daylight. The murder was committed just north of Darlington. It appeared that the men got into a fight, and continued it until Melghan was killed, his face being beaten into a jelly, the weapon supposed to have been used being a wagon hammer. There have been several murders in the county during the last few years, and no adequate punishment has been meted out, which fact served to enrage the people and to nerve them to the lawless act of lynching. Public sentiment is all with the lynchers. Siebold was a desperate character, who is credited with having contributed to the death of one brother and made a desperate assault upon another brother.

#### HENDRICKS HAS IT.

Appointed Collector at New York to Succeed Fassett.

President Harrison has appointed Francis Hendricks Collector of Customs for the port of New York. Mr. Hendricks has long been successful in politics, and when he was Chairman of the Onondaga County Committee in 1880 the Republican majority jumped from 3,500 to 4,400. He has been in the Legislature since 1884, and each year his nomination has been made by acclamation. His political skill was especially conspicuous in the last election of United States Senator, when he led the small contingent in the Legislature which secured the office for his fellow-townsmen, Frank Hiscock, of Syracuse, Warner Miller and Levi P. Morton had the Republican votes nearly equally divided, and Senator Hendricks, with his four or five votes, held the balance of power.

#### REVIEW OF BUSINESS.

Marked Improvement in Trade Is Noted Generally Throughout the Country.

R. G. Dun & Co.'s weekly review of trade says: Actual improvement is seen in nearly all the cities from which reports are received this week. It is especially noteworthy that collections are improving at most points, and that the money markets are on the whole comparatively easy, although the crops to be removed are enormous and the actual movement unprecedented. Wheat receipts at the West for the three days of last week have averaged more than 1,500,000 bushels daily. Business failures during the past seven days number for the United States 210 and for Canada 29, or a total of 239, as compared with a total of 214 last week and 217 the week previous. For the corresponding week of last year the figures were 190, representing 164 failures in the United States and 26 in the Dominion of Canada.

#### RESCUED BY NIHILISTS.

Thrilling Story of a Jewish Refugee Who Escaped from Russia.

Noril Iarovitz, who at one time was a wealthy Russian banker, says that one night while giving a party to some friends his house was raided by a body of Russian soldiers and he was arrested on a charge of being a nihilist. His son, who was present, escaped by jumping from the window. The elder Iarovitz was tried and sentenced to five years' imprisonment. While he and a number of other prisoners were on the way to the place in which they were to be confined they were met at Kakuost by a band of nihilists led by young Iarovitz, who attacked the escort and rescued the prisoners. Iarovitz succeeded in getting across the border. The Jewish nihilists' society will send the elder Iarovitz, who is now in Boston, to Chicago.

#### PUTS A PREMIUM ON CELIBACY.

A Society of Old Maids Who Vowed Not to Marry.

Over thirty years ago, at Milford, Conn., fifty ladies of the first church formed a society of old maids, every one of whom vowed that they would never marry. Each member paid \$5 on admission, the interest on the principal thus raised to be expended in annual dinners, while the principal itself was to go to the member who remained unmarried the longest. In the three decades which have succeeded, all but fifteen of the original fifty have married, and as the storm of sixty winters have whitened the hair of the faithful, it looks as if they would stick. It is a question who will outlive all the others and receive the reward, which now amounts to nearly \$1,000. They recently held their annual banquet.

#### HE'S A YOUNG MAN.

Bay State Republican Name C. H. Allen for Governor.

PILLSBURY.

#### FLOOD-STRIKEN SPAIN.

Many Deaths Caused by the Unsanitary Condition of the Inundated Districts.

The latest news from Madrid is that in the flood-stricken districts there has been a noticeable increase of deaths, apart from the lives that were destroyed in the floods. The horrible condition of the towns and villages, where many bodies of men and animals lie unburied, is said to be the cause of the mortuary increase, which is already causing great alarm. The Queen Regent has instructed the authorities to pay attention especially to the burial of bodies of all kinds and the necessary sanitary precautions before doing anything else, and there seems to be a disposition to carry out the order faithfully.

cautions before doing anything else, and there seems to be a disposition to carry out the order faithfully.

#### BOLD MICHIGAN BANDITS.

A Sheriff's Posse in Pursuit of the Notorious Larkin Brothers.

The notorious Larkin brothers attempted to hold up another man about four miles from Torch, Mich., on what is known as the "Wooden Track." The sheriff sent several officers to try to capture them. These bandits have been a terror to the farmers of St. Clair and adjoining counties for weeks. They are armed with Winchester rifles and revolvers and are thoroughly desperate. If the officers overtake them there will be a bloody fight. They hide in the woods during the day and lie in wait for victims at night, the thick second growth of pine making a safe hiding place for them.

#### PANIC AT A BRUTAL SHOW.

Women and Children Trampled Down at a Bear and Bull Fight.

Mexican Independence was celebrated at Tia Juana by a fight between a wild bull and a bear. The animals were tied to a stake in the middle of an arena by short ropes. In their struggles they broke the ropes and the bear climbed out of the arena among the spectators. A panic ensued and women and children were trampled on and bruised. A drunken Mexican fired two shots at the bear with a revolver, but the bullets went into the crowd, slightly wounding one man.

#### CENSUS FUNDS ALMOST EXHAUSTED.

Superintendent Porter Compelled to Call in His Special Agents.

The fund of \$6,400,000 appropriated by Congress for the purpose of taking the eleventh census of the United States is practically exhausted, and the United States special agents have been notified by Superintendent Porter to suspend all operations, dismiss all clerks, and forward to Washington all Government property in their possession. It is fair to presume that every other special agent throughout the country in charge of any special industry has been similarly notified.

#### PECULIAR TRANCES.

Alleged Appearance of Strange Spots on a Louisville Woman.

At Louisville, Mrs. Mary Stuckenberg claims to be suffering from a peculiar visitation which she and her family believe to be the appearance on her person of the stigmata, or the wounds of the Savior. It is said that she goes into trances every Friday afternoon, when the spots appear on her hands, feet, and side, corresponding to the wounds of Christ, and that at intervals blood oozes from the spots. The story is believed by many of the superstitious.

C., and acting as the agent in this country of the national party of Hawaii, corresponding to the Chilian Congressionists, has laid before the President a letter he recently received from a correspondent in Honolulu, asserting that England is now planning to take possession of the kingdom. The writer said that some action on the part of the United States is necessary; that the Queen is favorable to the British interests, and ready to countenance the move when made.

#### How a London Paper Looks at It.

Commenting upon two articles on the Behring sealing question published in the columns, the London Times calls the American claims preposterous. It says: "Their action is arbitrary and high-handed. Their arguments, as far as they can be put into intelligible shape, are worthy of the most rigid school of British game-preservers. The seal is a wild animal, and there will never be any danger of its extermination by hunting on the high seas. The danger comes from excessive slaughter when the animals are perfectly helpless."

#### She Learned Her Lesson Well.

Archibald Graham, a retired and wealthy brick manufacturer of Dubuque, Iowa, is the defendant in a novel suit. Some time ago he had a woman act as housekeeper for him, whom he undertook to teach the art of writing business forms, etc. Among other things she desired to know how to write a promissory note, and to please the Mr. Graham wrote a note promising to pay her \$3,000.
