## SILVER MEN MUST WAIT

THEY ARE OUTNUMBERED IN THE HOUSE.

**A Small Majority of the Members Are Against Unlimited Coinage, and the Number Is More Likely to Increase than to Diminish.**

At Washington. In the Senate Mr. Sherman's credentials were read and placed on file, on the 17th. Mr. Vance read the Finance bill introduced by Mr. Gibson, of Louisiana, to provide an income tax to pay pensions and the salaries of postmasters. Mr. Pfeffer moved to increase the item for the census work for the division of farms, homes and mortgages" from \$50,000 to \$60,000. The bill was passed. It adds to the \$200,000 deficiency for the census \$50,000 for the "division of farms, homes and mortgages." It increases the item for subsidies of the State from \$1,000 to \$14,000. The Senate then passed the following bills: An appropriating \$60,000 for the construction of a military storehouse and office for army purposes at the Omaha military department. Appropriating \$50,000 for a public building at Salt Lake City. Utah. An appropriation of \$10,000 for the maintenance of the Missouri River navigation. The Senate bill was passed extending to Sandusky, O., the privilege of the act for the immediate transportation of dutiable merchandise without appraisement.

**PASTOR HALL IN TROUBLE.**

**A Council Bluffs Preacher Has a Row with His Congregation.**

Rev. L. A. Hall is again in serious trouble at Council Bluffs. He called a meeting Sunday night and summarily bounced four influential members of the flock. They and their many friends met Monday evening and decided that those excluded should be reinstated, and Thursday evening after the regular prayer meeting was set at the time. The room was crowded. It was announced by one of the flock that in response to a petition a business meeting would be held. Hall was on his feet in moment and loudly declared that no such meeting should be held. A chorus of voices responded that it should be held. Hall announced a hymn and pronounced the benediction and said: "Let us go to the church and leave the room at once. Let those who take charge of this place if will. It will only for a few moments, for we shall break up this meeting if there are any police to do it." The janitor was ordered by the irate pastor to extinguish the lights, but they were rushed out and called on the police, but they failed to interfere. A council will be called at once to adjust matters, and it is probable that Mr. Hall will be relieved. The affair is creating much interest throughout the State.

**PLOT TO WRECK A TRAIN.**

**Details of a Dastardly Conspiracy Overheard by a Farmer Boy.**

A dire plot to wreck a Pittsburgh, Fort Wayne and Chicago passenger train was unearthed at Fort Wayne, Ind. The discovery was made by a boy. The station at Arcola is deserted at night. About four o'clock the other morning, while a farmer lad was in the waiting-room waiting for a train, two men entered. They did not see the boy owing to the darkness, and openly discussed the details of a plot to wreck the train which leaves Chicago at midnight. The deed was to be done on Thursday night near Arcola, where the train is due to arrive about 4:30. The boy slipped out of the station when his train came along, and reported the conversation to the rail-way officials. Portions of his story have been substantiated. The train carries many passengers, and had the conspiracy not been discovered many lives would undoubtedly have been sacrificed.

**TYPHUS FEVER SCARE.**

Eight More Cases Discovered Among Immigrants at New York.

**A Heroic Sailor Rescues the Crew of a Wrecked Schooner.**

A thrilling story comes from St. Johns, N. E., of the rescue of the crew of the Prince Edward Island schooner Avenger. She was driven on the rocks twenty miles from St. Johns in a blinding snowstorm. While she was pounding to pieces the boat was launched and immediately swamped. Murdoch Mills volunteered to swim ashore with a life-line. He was carried ashore on a big wave, but could not land, the coast being so precipitous. He was drawn back on board the vessel, where he rested an hour, and then tried again and successfully. He drew himself up from one point of rock to another until he reached a place where he could fasten a line. Then he drew ashore a larger line, by means of which the captain and crew all got safely to shore.

**Discussing Free Coinage.**

The possibility of killing free coinage upon a direct vote in the House is being discussed with a good deal of interest among the Democratic opponents of the measure. It is a Washington dispatch. The free coinage men keep up such a noisy beat of arguments that it might appear to the average voter that they had the House and the country overwhelmingly with them. The opponents of free coinage say, however, that this is not the fact, and that the prevailing sentiment among the Northern members is against any fooling with the currency at the present session. So strong is this feeling, they say, that fully two-thirds of the votes of the Northern Democrats, to say nothing of the Republican members, will be cast against free coinage.

**Got Away with \$300,000.**

Col. J. B. Simpson, who has been at the head of a dozen business firms in Dallas, Tex., is missing and numbers of creditors are looking for him. The Grand Jury, it is reported, has found several indictments against him, and the air is filled with rumors of crooked transactions. It is believed that Simpson is on the ocean en route either to Europe or South America. It is estimated that he got away with at least \$300,000 in cool cash.

**Planes in a Lunatic Asylum.**

The State Lunatic Asylum, nearly two miles north of Jackson, Miss., was raided. The fire originated in an attic room where a lunatic named Brown was confined. He escaped recently and was brought back and it is supposed he set his bedding on fire. He was burned to death. About one-third of the lunatic building, besides the kitchen and store-room, was saved by the firemen. The lunatics were all removed to the new addition for colored insane. Dr. Mitchell, the superintendent, was injured by a falling beam, but is expected to live about two weeks. The Legislature, which is now in session, will provide for rebuilding.

**Is Not a Candidate.**

A London correspondent says: Cable dispatches from the United States having freely mentioned the name of Robert T. Lincoln in connection with the nomination for the Presidency, Mr. Lincoln denies in the most positive terms that he is or intends to be a candidate.

**Violated Postal Laws.**

At Boston, Mass., warrants have been placed in the hands of Deputy United States Marshal Galuppo for the arrest of John A. Morris, Paul Conrad, and eleven other officials of the Louisiana Lottery Company, who have been indicted by the United States Circuit Court Grand Jury.

## NATIONAL WAR ON CIGARETTES.

**Petitions for Congress to Tax Them Too High for Children to Afford Them.**

A Washington dispatch says: Representatives Cockran, Cummings, and Stahlnecker of New York all have in their possession bills providing for the suppression of cigarette manufacture by imposing an internal revenue tax of \$10 per 1,000 on all imported and domestic cigarettes sold in this country. Accompanying the memorial is a statement which says:

Clippings taken from papers throughout the United States show that during the last year there have been about one hundred deaths of young persons, mostly under 18 years of age, from the effects of smoking paper-wrapped cigarettes; in some cases there has been an analysis of the stomach, and in most instances the remains of cigarette paper and cigarette stems, which are largely used in the manufacture of cigarette paper. Also the same clippings will show that about one-half have been killed by smoking paper-wrapped cigarettes, and the other half have been killed by smoking paper-wrapped imported or domestic cigarettes. This would place them at a price that children could not pay, and go further than any state legislation could do.

The internal revenue tax is now 20 cents per 1,000 on paper-wrapped cigarettes. To accomplish the purpose of the State, however, it is necessary to do something to encourage young people from smoking paper-wrapped cigarettes as should be passed by Congress.

It would be a good idea to tax on all paper-wrapped imported or domestic cigarettes.

This would place them at a price that children could not pay, and go further than any state legislation could do.
