## HE WAS A RANK FRAUD

A RASCALLY DANKY FOOLS TOLEDO CHURCHMEN.

Important Corporation Ruling by Ohio's Supreme Court—Indian Territory Stockmen Form a Protective Association—The Army's Best Rifle Expert Killed by Apoplexy.

### Congressional.

In the House, the 28th, Mr. Carter spoke at length against the Hatch bill. Representative Pierce of Tennessee introduced in the House a free coinage bill identical with the silver coinage bill pending in the Senate as modified by Senator Stewarts' amendment. Much work looking toward adjournment was accomplished by the House. Senators Hale and Vest had a lively political argument in the Senate. Between July 15 and 20 is the day set by business men for a probable adjournment.

### Guiled by a Bogus Zulu.

Toledo Church People Fooled by a Heavy-set Young African.

About three weeks ago a heavy-set colored youth, calling himself Jay Tip-o-Tip Victoria Zulu, came to the church of King Cetsawo Tolowa, late ruler of Zululand, went to Toledo, Ohio. He said he came from President Angell's home in Ann Arbor, where he had been visiting, and that he had been studying to become a Methodist missionary at Nashville University. He said that Miss Sharpe, of Bishop Taylor's expedition, brought him to America. He gave numerous lectures in the churches and sold thousands of photographs of himself, working the charity idea to effect sales. Church people took him into their arms, as it were. Now it is discovered that he has not only been missing more than a week, but that David Young, a colored lad, was taken away by him. Young's relatives are telegraphing every where, but have learned nothing thus far. Diligent inquiry has convinced most of the clergy that the young African is an impostor.

### Cattlemen Organize.

Indian Territory Stockmen Form a Protective Association Against Thieves.

The stockmen of the northeastern portion of Indian Territory have organized the Cattlemen's Protective Association of the Indian Territory, with headquarters at Winita. The purpose is to protect themselves from loss by theft and other depredations which are shipped to market. The means employed is the maintenance of inspectors at Kansas City, St. Louis, and Chicago and later in the season what are termed "line riders" to be put along the Kansas and Missouri lines. The inspectors will look through all shipments of cattle from that section and out all which are shown by their brands to belong to members of the association if shipped by others than their own.

### Village Officers Indicted.

Findings of the Grand Jury Regarding the Port Jervis Lynching.

The Grand Jury of Orange County, New York, convened at Goshen and examined ten or twelve new witnesses as to the lynching of Bob Lewis. Last week after a five days' session the jury reported to Judge Cullen that they could not find sufficient evidence to convict anybody. The judge directed them to continue their efforts. The results was that no indictments were found against the lynchers, but the jury reported they had found a true bill against the village officers of Port Jervis, charging them with criminal negligence.

### Death Blow to Corporations.

The Ohio Supreme Court rendered a decision in a case that has been watched with a great deal of interest by corporations, both within and without this State. It was the case of the constitutionality of the Massie corporation law, authorizing the Secretary of State to collect, as the State fee for making corporations, a sum equal to one-tenth of the capital stock. The Court holds the law valid. It makes a new source of revenue for the State of over \$200,000 annually, provided the corporations do not pass by the State in disgust. The decision has additional interest in that it opens the way for the taxation of franchises and all kinds of public privileges that will undoubtedly be used by the Legislature next winter.

### Negroes Ordered to Leave.

An organized effort is being made by the white residents of the town of Norman, O. T., to drive all negroes out of that place. Warning has been sent to the negroes advising them to leave in the next ten days or suffer the consequences. A negro barber named Smith was visited by three white men last Sunday night and forced to leave town at the muzzle of Winchester rifles. It is feared serious trouble will result.

### Suicide Caused by a Son's Wickedness.

Henry Stallard, who was rescued from the Gladesville, Va., jail a few days ago by a party of disguised men, was recaptured Sunday. Tuesday Hop Stallard, the gray-haired father of the prisoner, and four other men were taken to the jail, charged with liberating young Stallard, and admitted to bail. Later in the day the father, a well-known and much-respected citizen, ended his life by hanging.

A Chicago Firm Is Among His Creditors—Other Troubles.

The Popular Grocery Company of this city, \$12,500, and Murdoch, Reid & Co., of Chicago, \$3,300, were secured by chattel mortgage. They were captured at work in their rooms, where all the paraphernalia of making bogus coin was found. The gang is composed of about a dozen men and is in operation for over twelve months. In that time it must have put over \$100,000 worth of counterfeit money into circulation. Since Secret Service Agent Harris has been on the trail of counterfeiters he has often captured their money in express offices, but has failed to get the receivers or makers of the coin and bills. Recently the counterfeiters turned their attention to lottery tickets and made much money. Detectives finally located the counterfeiters in Rooker's, on Telegraph Hill, and the place has been watched day and night for three weeks in order that the criminals might be captured in the act of counterfeiting. This was done and evidence sufficient to convict both was secured.

## ONE BOY KILLED, SIX MEN INJURED.

Accident Near Stillwater Caused by One Train Running on the Other's Time.

The Wisconsin Central passenger train which leaves Stillwater, Minn., at 12 o'clock was delayed fifty-eight minutes Tuesday, the result of a collision with the Duluth passenger train going to Stillwater. Jas. E. Stenson, was killed and six men injured, two fatally. The two trains should meet at the junction, six miles out. The Central train runs on the St. Paul and Duluth tracks up to that point, and the Duluth train should have waited its coming, but instead of doing this ran at a high rate of speed. As the trains rounded a curve the engineer of the Central put on the brakes and succeeded in checking his speed. The trains came together, both engines being completely demolished. Both passenger trains were derailed and ran down an embankment. Young Stenson, who was but 11 years of age, was on the engine of the Central and was thrown into the wreckage. ## CHICAGO CONVENTION.

W. S. WILSON THE PERMANENT CHAIRMAN.

Rules of the Last Democratic National Convention Adopted—Report of the Convention on the Permanent Organization—The Chair Presented with a Zinc Gavel.

### Wednesday's Session.

Precisely at 11:30 on Wednesday, Temporary Chairman Owens rapped the convention to order, and called upon the Rev. Alfred H. Henry to offer prayer. He asked that the convention be guided to choose a report sensitive of modern progressive democracy, and prayed that the party might proceed to victory, not for the spoils of office.

Just as the prayer concluded the Iowa phalanx entered the hall, the big blue banner with the picture of Horace Boies borne in front of them. There were cheers from all parts of the hall and the band very inappropriately struck up "Maryland, my Maryland." When the music ceased the temporary chairman brought his gavel down and announced that the first business of the convention would be the report of the committee on credentials. He asked if that committee was ready to report. The committee was not then ready and during the interval Senator Palmer was called upon and made a short speech.

When the chairman announced that the committee on credentials was ready to report, Mr. Lamb, of Indiana, took the platform and in clear, loud voice read the report. There was no objection to it and it was adopted.

The report of the committee on permanent organization was presented by Mr. Fordyce, of Arkansas, and read by Mr. E. Duncome, of Iowa. It named W. L. Wilson, of West Virginia, for permanent chairman and continued the other officers of the temporary organization. The announcement of Mr. Wilson's name was met with loud applause. The report was adopted without dissent. Mr. Dickinson, of Michigan, moved that a committee of five be appointed to notify Mr. Wilson of his appointment as Permanent Chairman. The Chairman appointed as the committee: Don M. Dickinson, of Michigan; J. E. Duncome, of Iowa; John R. Fellows, New York; Joseph P. Richardson, Alabama; and M. L. Clardy, Missouri. Temporary Chairman Owens shook hands with Mr. Wilson when he was escorted to the platform, and then said: "Gentlemen of the convention: It gives me great pleasure to introduce to you one of the bravest Democrats in America, William L. Wilson, of West Virginia." As Mr. Wilson came forward he was greeted with a storm of applause. He wore his blue delegate's badge on the lapel of a outworn coat, and a white vest which was prominent a white vest. Mr. Wilson looked calmly over the vast throng, during a minute's silence, and then addressed the convention.

When Mr. Wilson concluded his speech the delegates, rising to their feet, waved their hats as they cheered again and again.

The rules of the last National Democratic Convention were adopted for the government of the convention. No minority report was presented, and on motion the report presented by the English was adopted without objection. Mr. Phelps of Missouri presented the Chairman with a zinc gavel and the convention then adjourned until 5 o'clock in the afternoon.
