## CHOLERA AT ST. PAUL.

IT COMES IN AN IMMIGRANT'S CORPSE.

Death of Rutherford B. Hayes—Frightful Slaughter of a Rhode Island Coasting Party—Chicago Calumet Club Burned Out—Silver Bill Up.

St. Paul Alarmed.

The through train on the St. Paul Tuesday morning brought in the corpse of Engelbert Hoag, a German emigrant, who died on the train from genuine Asiatic cholera. The cause of death was not suspected until inspection was made by local health officers, and so quiet was the information kept that there has been no particle of excitement. The health authorities are thoroughly alarmed, principally from the fact that they have little knowledge of how great the exposure has been and whether they have rounded up and quarantined every person who may have been in contact with the patient.

R. B. HAYES IS DEAD.

The ex-President Expires at His Fremont, Ohio, Home.

In the 72d year of his age, surrounded by all the members of his family, ex-President Rutherford B. Hayes died at his Fremont, Ohio, home, a little before midnight, Tuesday, of neuralgia of the heart. He had been ill but a few days, having started the previous Monday for a visit to Columbus, Buffalo and Cleveland. During the past month he had been troubled with slight pains and chest troubles, but the illness did not assume an alarming phase until Saturday. Accompanied by his son, Webb C., he started at once for Fremont to take his bed with him, leaving his last illness. While dying in his own chamber, the ex-President frequently referred to a visit made to his wife's grave on the preceding Sunday and spoke of the quiet beauty of the snow-covered landscape. He said that he almost wished he was lying by the side of his wife. It was all so peaceful; and, yet, he said, "I am not unhappy. My life is an exceptionally happy one." The family were hastily summoned to his bedside when it became apparent that the ex-President was sinking. His last words were to his family physician, Dr. Hibbs, to whom he said: "I know that I am going where Lucy is."

SILVER PURCHASE REPEAL.

Sherman's Bill Amended by the Senate Finance Committee.

The Senate Finance Committee resolved to report the bill to repeal the silver purchasing clause of the Sherman act. Two amendments were added to the bill: 1. To have the suspension take effect on Jan. 1, 1894, instead of this month. 2. To permit national banks to issue notes up to the par value of their bonds. The report, according to a Washington dispatch, was a "surprise to almost every member in Congress. The action is supposed to have been in obedience to the pressure of the honest money men of the country for some legislation tending to lessen the evils resulting from the continued purchase of silver bullion. The postponement of the time for the suspension will, some members believe, lessen the opposition of silver men. But they fear that the amendment increasing the national bank note circulation will prevent the opposition falling off so much as its absence might do.

CARLISLE HARRIS TO HANG.

The New York Court of Appeals to Inferior to His Sentence.

The New York Court of Appeals has affirmed the judgment of the court of justice in the case of the People vs. Carlisle W. Harris, appellant. This was an appeal from a judgment convicting Harris of murder in the first degree. The defendant, who was a student at the College of Physicians and Surgeons in New York City, was indicted by the Grand Jury in February fast for causing the death of Helen Neil Potts, a student at the Comstock boarding school for young ladies in New York. Harris gave her six capsules containing morphine and quinine as a cure for headache, some of which she took, causing her death. Harris was secretly married to the girl under an assumed name some twelve months before she died; and the capsules were given by Harris a short time before the day set by the girl's mother for a public marriage.

DENIAL FROM CORRIGAN.

The Archbishop Says He Has Not Protested Against McGlynn's Restoration. Father Connolly, secretary to Archbishop Corrigan, has made a statement at New York in reference to the alleged protests of Dr. McGlynn. He said: "My attention has been drawn to a statement recently to two priests that it had been made by the most reverend archbishop against the reconciliation of Dr. McGlynn. The most reverend archbishop's answer is: 'First, the most reverend archbishop has not written to the holy father on any subject whatever since Dr. McGlynn's restoration; second, nor has he written any one, either in the United States or in Rome, against the reconciliation of Dr. McGlynn.'"

FEAST OF FLAMES.

Beautiful Calumet Club Burning at Chicago Totally Destroyed.

Fire in Chicago has a delicate tooth for things rare and costly, and Tuesday night it feasted at the Calumet Club. All it contained was completely consumed. The property was valuable in a money sense, \$300,000, but much was lost that was more than valuable, because it can never be replaced. At least half a hundred lives were in extreme peril, but only one was lost in the fire. The servants of the club fared worst, because the little they possessed was swept out of existence.

ONTO Oil Advanced.

At Lima, Ohio, the Standard Oil Company advanced "south of Lima" oil to 40 cents and "north of Lima" oil to 42½ cents per barrel.

KANSAS IS WHITE HOT. Wild Talk of Riot and Mob Rule—Call of the Militia Looked For.

At Topeka, Kan., Gov. Lewelling recognized the Populist House Thursday afternoon. At 5 o'clock his private secretary entered the crowded room where confusion had reigned all day and presented a message from the Governor addressed to the Populist Speaker and Clerk, announcing the receipt of their message annulling the resolution of the House. When Populist Speaker Dunsmore was recognized by the private secretary tremendous applause began on the Populist side. Republicans remained quiet, but Speaker Douglass refused to leave the stand. He is there holding the fort and will remain until ejected by the military force of the State. What step the Republicans will take then is unknown. This decision had been expected all day, and in the afternoon when the three Democrats in the House declared it their duty to go over to the Republicans as the legally organized House the excitement was so intensified that violence was feared. This action of the Democrats meant either a Republican or Democratic United States Senator, and the leaders in the Populists' ranks demanded of Gov. Lewelling that he organize his House.

LONG LULL IN TRADE. Prospects Bright, However, with Absence of Embarrassment.

R. G. Dun & Co.'s weekly review of trade shows the pause in business, incident to the holidays, seems to last longer this year than usual; but severe weather has given a powerful stimulus to trade in heavy boots and shoes and woolens and preparations for the spring business are going on actively and the utmost confidence is expressed in spite of recent reports that the cold will be severe. The winter is likely to be a break twelve-miles wide. Toward evening it moderated only slightly, but even then it was superlatively frigid and the wooden Indians had the streets to themselves.

Twenty-Seven Killed.

Awful Catastrophe in a Union Pacific Coal Mine Near Como, Colo.

An order from the Denver & Rio Grande to twenty-seven miners from Como, Colo., on the Denver & South Pacific Division of the Union Pacific. The Union Pacific owns and operates coal mines at King four miles from Como, where they employ 200 miners. Tuesday afternoon a premature "dust" explosion occurred in one of the chambers, twenty-eight miners were at work. The shock killed twenty-seven of the men, only one escaping, he being near the entrance. The bodies were not recovered until midnight, and on account of their blackened condition, only eleven of the twenty-seven were recognizable. Evidently the victims were killed outright by the explosion and knocked senseless and were afterward asphyxiated by the deadly gas. The bodies were found in all sorts of agonizing positions, many lying crossed or clasped together. The scene was heartrending as the bodies were brought to the surface, many of the women fainting as they recognized the blackened remains of husbands or fathers.

Governor Peck's Advice.

Recommends an Additional World's Fair Appropriation.

Governor Peck of Wisconsin appeared before the joint assembly and delivered his message, which was a critical review of State affairs which press most prominently for legislative attention. He called the Legislature against empowering the Commissioners of Public Lands to loan trust funds on specially favorable terms to borrowers specifically named. Regarding the World's Fair Governor Peck recommends an additional appropriation to carry on the work laid out by the managers and to properly equip the Wisconsin building and make an exhibit creditable to the State. On the subject of the improvement of country roads, the Governor suggests that a comprehensive plan should, possibly, be devised that will not only promote this desirable improvement, but will insure uniformity and system in the progress of the work.

POWDERLY A SOCIALIST.

General Master Workman Delivers a Speech in Scranton, Pa.

A special dispatch from Scranton, Pa., says: General Master Workman Powderly yesterday emerged from a retirement of weeks to address a gathering of union carpenters in this city. The course of his remarks he said: "I am a socialist, and I say it without blushing. If the avowed brings condemnation I am willing to take it. I am one of 65,000,000 socialists in this country. I believe the railroads are public highways and should be nationalized and that the telegraph system should be owned and operated by the government. The people own the election system, streets, public schools, and are afraid to go a step further and own the railroads and telegraph, which are more essential to the public."

Rainmaker Gets \$50 for a Shower. At Lincoln, Neb., Acting Judge Long rendered a decision in County Court in the case of Rainmaker Swisher against J. H. McMurry, awarding the plaintiff \$50. Swisher last August contracted with McMurry to produce a fall of one-half inch of rain, and if successful, was to receive \$500. The rain came, but McMurry claimed it was due to natural causes and refused to pay. Swisher sued and the judge, though not assured that he produced the rain, thinks from the fact of the contract that he is entitled to some remuneration.
