PICKED RICH PLUMS.

ASSIGNMENTS MADE BY PRESIDENT CLEVELAND.

Chicago Chooses Carter H. Harrison as its Mayor. An Office Seeker Who Didn't Want to Intrude Upon the President's Time.

Tuesday's Nominations.

The full list of nominations sent to the Senate Tuesday is as follows: James O. Broadhead, of Missouri, to be Envoy Extraordinary and Minister Plenipotentiary to the United States to Switzerland; Bartlett Trip, of South Dakota, to be Envoy Extraordinary and Minister Plenipotentiary to the United States to Austria-Hungary; Eben Alexander, of North Carolina, to be Envoy Extraordinary and Minister Plenipotentiary to the United States to Greece, Romania and Serbia; James R. Neal, of Ohio, to be Consul at Liverpool; James M. Dobbs, of Georgia, Consul at Valparaiso; Q. O. Eckford, of Mississippi, Consul at Kingston, Jamaica; David N. Burke, of New York, Consul at Panama; Edgar Whidden, of Maine, Consul at St. Stephen, N. B.; Henry F. Merritt, of Illinois, Consul at Bremen; Asa D. Dickinson, of New York, Consul at Nottingham; Benjamin Lenthall, of Massachusetts, Consul at Sherbrooke; Charles E. Ingersoll, of Pennsylvania, to be Appraiser of Merchandise in the district of Philadelphia; Paul F. Falson, of North Carolina, to be an Indian Inspector.

VERDANT OFFICE HUNTERS.

One Man Involves Ten Dollars to Pay for an Appointment. Very ingenious methods are used by some of the office-seekers, says a Washington correspondent, in telegraphing to his paper. But some injure their future prospects by indiscretion. To-day a letter was received at the White House from an applicant for a small postoffice. The writer of the letter evidently wanted an appointment badly. He said that he had been a clerk in the United States postoffice for many years, and in addition to offering a profuse apology for bothering the President with such a trifling matter, he inclosed a \$10 note. In explanation he said he knew that the President's time was occupied with other more important matters, and that he was sorry to consider the subject in question, but he would probably defer the country of his services during the period so occupied. The \$10, it was explained, was to defray the expense for any time lost by the President in the transaction.

BEHIND SEA ARBITRATORS.

Many American Ladies Present at the First Business Session. The Court of Arbitration to pass upon the differences between Great Britain and America regarding seal fisheries in Behring Sea began its session in Paris Tuesday. Many American ladies were among the audience. Sir Charles Darnley, the British Attorney General, opened the argument by moving that Mr. Campbell should furnish a copy of the report of Sir Henry Eliott on the Behring Sea question. Ex-Ambassador Webster spoke in support of the motion, and Mr. Phelps and J. S. Carter, of counsel for the United States, delivered addresses in reply. Mr. Phelps said in his argument that the United States communicated the original report in February. Mr. Carter continued that the United States would be justified in refusing to produce the report asked for, but would produce it in order to remove the causes of British cavilling.

TO FIGHT THE CHOLERA.

Every Precaution Is Being Taken All Over the State of Kansas. All the cities in Kansas are actively moving in the work of preparing for a probable visitation of the cholera. In addition to the appropriation made by the Legislature, the powers of the State Board of Health were greatly enlarged, and that body was given special authority to act in the border cities should there be any appearance of the dreaded disease. All the larger cities have commenced the work of cleaning streets and alleys, and have instructed the sanitary officers to make personal inspection of all premises in their jurisdictions, and to provide teams for hauling away refuse. The water supplies of the cities are being carefully looked after, and in some instances analysis of the water has been made.

Carter H. Harrison Wins.

Carter H. Harrison was elected Mayor of Chicago on the Democratic ticket, Tuesday, by a plurality of nearly 30,000, in a total of over 200,000, over Samuel W. Allen, Republican-Chicago; D. C. Greger, Labor; and Elmer C. Smith, Socialist. He was opposed by every newspaper in the city except the Evening Mail and the morning Times—the latter his own paper. The Herald, Inter Ocean, Tribune, News, Record, Dispatch, State-Zeitung, and a score of lesser papers all bitterly opposed him. The entire Democratic city ticket was also elected.

A Day in the Senate.

In the Senate Monday Senator Hoar presented petitions bearing on Ady's claim to Martin's seat and on good roads and a resolution touching Senatorial elections. Senator Stewart presented remonstrances against the government's acquisition of the Central Pacific Railroad. The case of Leo Mantle was taken up, and Senator Turpie addressed the Senate in support of the report of the Committee on Privileges and Elections.

Earnings of Mexican Railways.

The following reports of railway earnings have been made: Mexican Central, second quarter, March, \$14,645; Mexican Vera Cruz Railway, eleven weeks of the current year, \$56,153, against \$58,613 in the same week last year; Mexican National, second week in March, \$65,590, against \$78,597 for same week last year. Inter-oceanic Railway, week ending March 18, \$45,508.

Quarantine in Texas.

Gov. Ross has issued a proclamation establishing quarantine on the Texas Gulf coast and Rio Grande border, to take effect May 1. It applies to vessels, persons, and things coming from ports and places infected with yellow fever, smallpox, or cholera.

A Short Reprieve.

N. E. Thompson, the murderer of Mrs. John Bligh at Arlington, S. D., the fourth of last July and in jail under sentence of death, has a new lease on life by the postponement of argument on the writ of error.

Dorsey Theater Is Burned Down.

Dorsey Music Hall and Theater, at Anderson, Ind., burned Thursday night. The building was located on Meridian street, in the business heart of the city. The loss is total and amounts to \$70,000, with \$25,000 insurance. Theaters here were seriously out on his head by falling timbers.

Building Association League.

The building and loan associations of Missouri were organized into a league at a meeting of the representatives in Sedalia, Mo., the organization for mutual protection and aid, and will be known as "The League of Missouri Mutual Savings, Building, and Loan Associations."

FOUND DEAD IN THE WOODS.

Son of a Chicago Barber Thought to Have Committed Suicide. Everett Hine, the 14-year-old son of Wm. Hine, a barber now residing in Chicago, was found dead in the woods near Birmingham, N. Y., with three bullet holes in his body. He had been searching for wintergreen with several companions, and produced a revolver with which they practiced. On leaving the woods the Hine boy lingered behind, and a shot was heard, to which no attention was paid. Hine did not return home, and a search was made with the above result. He was very precocious, and became enamored with a girl of his age, threatening to shoot her if she proved unfaithful. This is assigned as a cause for suicide. Hine's father desired his family some weeks ago.

BLOODSHED IS IMMINENT.

Federal Troops Ordered to Protect the Peace in the Cherokee Nation. Secretary Hoke Smith has received a telegram from Commissioner Gibbons, at St. Louis, Mo., to the effect that the Indians immediately taken to prevent a collision between the two rival factions of Choctaw Indians, bloodshed is imminent. Secretary Smith at once communicated with the Secretary of War, with the result that the troops in command of the United States troops nearest the scene of the threatened trouble has been instructed to promptly inform himself of the exact situation and take such action as it seems to warrant. Agent Bennett, at Muskogee, has also been directed to proceed at once to the locality and report upon the situation.

FATHER MOLLINGER'S ESTATE.

To Be Transferred to Father Duffner by the Holland Heirs. The chapel, dwelling-house, etc., at Pittsburgh, of the late Father Mollinger are about to be formally transferred to Father Duffner, the present pastor of the Church of the Most Holy Name, by the Holland heirs. A cablegram from the heirs was received accepting the terms offered. The price to be paid is \$30,000 and it includes the real estate above mentioned and also the relics and furnishings of the chapel. A valuation of \$20,000 was put on the chapel and relics by Father Mollinger, but the relics were appraised at less than \$13,000 and the chapel is of little value except for the purpose for which it was erected.

ALL GOODS IN DEMAND.

Increased Distribution Is the Feature of Trade. R. G. Dun & Co.'s weekly review of trade says: The fact of largest influence in the record of the last week has been the increased demand for goods. The demand has been seen about this time does not appear nor are other money markets close. But while reports greatly exceed exports, it is not safe to calculate that outages of gold will not again disturb confidence. Hence the break in import speculations has its hopeful side. Instead of rising after the close of the Lancashire strike cotton fell 1/2, which may accelerate exports, though stocks of American cotton in Europe are still a third larger than usual at this season.

Think It a Hoax.

The officials of the White Star Steamship Company regard as a hoax the message found in a bottle on the beach of Ocean View, Va., and purporting to have been an account of the destruction at sea of the White Star steamship Naronic. The officials, as to the signature of "John Olsen, captain," appended to the letter in the bottle, that there was no person named Olsen on board the Naronic.

Hill Buys the Albany Argus.

One of the biggest political sensations of the year was caused at Albany by the report that the Argus, for over half a century the recognized organ of the regular Democracy of the State, was soon to pass from the control of its present management to that of the friends of Senator David B. Hill and Edward Murphy. Ever since 1881 the Argus has been a strong Cleveland paper.

Mrs. Russell B. Harrison Hurt.

Mrs. Russell B. Harrison and her baby had a narrow escape from death on Broadway, near Fifth avenue, New York. They were nearly run over by a truck and Mrs. Harrison was knocked down and somewhat injured. The baby's carriage was also overturned, but the infant was unhurt.

Behold Their Prisoners.

The New York Herald's correspondent at Valparaiso cables that paper that Gen. Valparaiso has arrived at Bage. A deserter from the Chilean army says that the wounded were left to perish in the sand. The revolutionists are behaving the prisoners whom they capture.

Ten Men Asphyxiated.

By the explosion of a lamp in the hands of a Hungarian, ten men lost their lives in the Nelson shaft, near Shamokin, Pa., Saturday morning. The ill-fated miners were all residents of Shamokin or Springfield, a village adjoining the town.

Branch House of the Armour Company.

The P. D. Armour Packing Company of Chicago, purchased property at Mansfield, Ohio, upon which it will erect a three-story storehouse. The object is to make a branch house at Mansfield to supply neighboring towns.

Sold to the Standard for \$300,000.

E. L. Rose & Co., owners of the Victor oil works, the largest producers in the Standard Oil Company for \$300,000. This purchase gives the Standard entire control.

WILL OPEN ON TIME.

PRESIDENT CLEVELAND TO SET THE FAIR GOING.

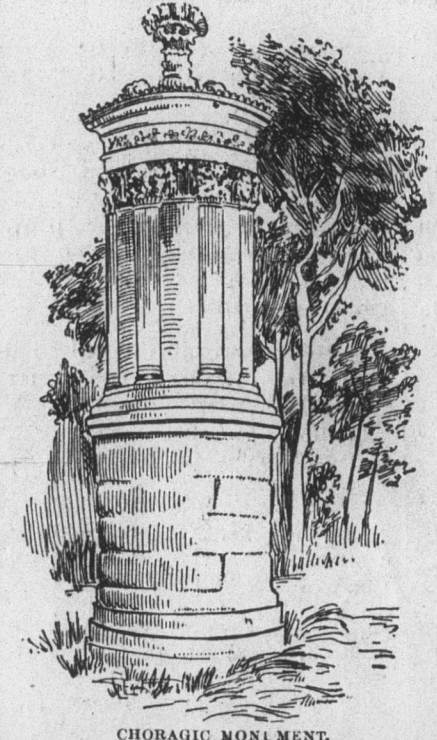

Col. Davis and Director of Works Burnham Say the Gates Will Be Thrown Wide Open May 1—Extortinate Charges Will Not Prevail.

The Week at Jackson Park. Chicago's Columbian Exposition will be ready for business May 1. President Cleveland will touch the electric button, if he lives, and the spindles will whirl, and the great wheels revolve, and every door in every department will swing open so that all the world through its representatives may enter and behold the scenes of exhibits which will be in place on that day. The cannon will boom across the inland sea; the flags of all countries will float in the air of a Chicago spring; the bands will play; the electric boats will move dreamily over the waters and loiter in the shadows of the great buildings. One country will vie with another in exhibits which will at that time be displayed in the most attractive manner by men of the world who have made effective beauty a study. The

WEST FACADE OF AGRICULTURAL BUILDING.

native of the various States of the Union will go to the State buildings and renew their allegiance in such manner as may seem best to them, and then turn to gaze with wonder at the work which has been done in Jackson Park for over a year and a half. So it will be with those whose mother countries are under other flags. The buildings of most of the countries of the East and South which will exhibit will be ready for the reception of their children. Even Midway Plaisance, that strip about which

CHICAGO MONUMENT.

people of Chicago know so little of, will be ready. In one day the visitor may wander the length and breadth of the world, and see how the people of countries which the tourist seldom visits live and dress. So much has been written and said about this Columbian Exposition that those who are under its walls should realize that the time is almost at hand for the penetralia of its wonders to open. On the eve of the opening of the

SOME TOWERS AND MINARETS, MIDWAY PLAISANCE.

gates at Jackson Park a thousand benedictions will fall, and from the altars of the world there will ascend the incense of thanksgiving that the work about the site of the fair is so nearly completed, for the day before the opening of the World's Columbian Exposition will be Sunday.

The Plain Truth.

An impression seems to prevail in some quarters that the Columbian Exposition is to be cut up in some way in sections, and that the fifty-cent entrance fee will hardly do more than admit the visitor to the vestibule. The truth is, on the contrary, that that one entrance fee will give the visitor free access to every building erected by the Exposition Company, and to all the State and foreign buildings, including all their exhibits. Every exhibit proper may be seen without any further entrance fee. The false impression in question is due to the fact that there will be some side shows, some of them in Jackson Park, some in Midway Plaisance, and some elsewhere. Those in Jackson Park and Midway Plaisance are under the supervision of the exposition management, and a certain per cent. of their receipts will go to the management. Of course the World's Fair Company has no control of what may be erected and maintained outside of their own grounds, and a circus company should establish a tent alongside the Manitoba Building, and there is plenty of vacant space for it, the World's Fair would none the less be open in full on the payment of fifty cents. The best of the side-shows will be of very small importance as compared with what will be shown in any one of the regular Exposition buildings. Not only will every requisite of health and comfort be provided without cost to the visitor, but a certain per cent. of their receipts will go to the management. Of course the World's Fair Company has no control of what may be erected and maintained outside of their own grounds, and a circus company should establish a tent alongside the Manitoba Building, and there is plenty of vacant space for it, the World's Fair would none the less be open in full on the payment of fifty cents. The best of the side-shows will be of very small importance as compared with what will be shown in any one of the regular Exposition buildings. Not only will every requisite of health and comfort be provided without cost to the visitor, but a certain per cent. of their receipts will go to the management. Of course the World's Fair Company has no control of what may be erected and maintained outside of their own grounds, and a circus company should establish a tent alongside the Manitoba Building, and there is plenty of vacant space for it, the World's Fair would none the less be open in full on the payment of fifty cents. The best of the side-shows will be of very small importance as compared with what will be shown in any one of the regular Exposition buildings.
