**DR. HARLAN H. BALLARD, PRESIDENT OF THE AMERICAN SCIENCE NEWS, ON THE BIRDS OF NORTH AMERICA.**

In connection with the foregoing report of our Ornithological Chapter, it is only right to call the attention of all lovers of birds to the magnificent work now being issued by the National Science Association of America, and entitled "THE BIRDS OF NORTH AMERICA." Edition limited to 1,000.

It is emphatically an original work, original in design and execution, and whether in letter press, illustrations or price, it is unapproached by anything of the kind in existence. It is recommended by the highest scientific, ecclesiastical and educational authority as being a most attractive, meritorious, pure and embellishing exposition of our ornithology yet given to the public. Dr. Elliott Coues, author of "Birds of the North West," says: "It is a really notable work." Prof. C. J. Maynard, author of "The Birds of Eastern North America," says: "It contains the best pictures of the species which I have ever seen." Thomas G. Gentry, author of "Life Histories of Birds," and "Nests and Eggs of Birds of the United States," says: "It is the cheapest and best publication on ornithology in this country. The drawings are of a very high order, and rivals in beauty of design and finish the more costly works published abroad or in this country. It should be found in our houses and libraries generally." And, according to Dr. Theodore Gill, a member of the National Academy of Sciences, it is not only a meritorious volume, but is altogether so handsome as to make it a very appropriate presentation book or ornament for the family table.

It is an imperial quarto volume of engraved figures of all our species, artistically reproduced, true in all hues of color to their natural plumage and botanical surroundings. It also includes a copious text description of their habits and characteristics, and embracing in general the observations made by the most eminent writers on ornithology, and a systematic table, arranged according to the classification adopted by the American Ornithologists' Union, includes all the additions and corrections of our North American species which have been made to date, with an index to page, plate and figure of each species according to the A. O. U. number. It is illustrated with one hundred and nineteen full page colored plates, each representing from one to thirty or more species. It is the finest book on American birds issued since Audubon, and is pronounced by some authorities to be the most beautiful and complete work on the subject of American birds. It is issued in half and full bindings, Russia, seal or morocco, at the net price of \$40 and \$45 respectively; but in response to a special letter, the association authorized me to say that a special discount will be made to such of our A. A. members and others as are working naturalists. We commend this work especially to members of the Wilson Ornithological Chapter.

It is also a very useful and appropriate addition to the home and reference library, and for pre-entation purposes generally. Add orders regarding the NATURAL SCIENCE ASSOCIATION, 14 Fifth Avenue, New York, N. Y. Samples of plates and text can be had by sending twenty-five cents in postage stamps. 12m lem.

Wonderful Success Obtained by Using Herb Remedies in Treating Chronic Diseases.

## MAN-O-WA.

WHO IS HE? He is the Great Indian Doctor

He is the benefactor of humanity. He is the well known Herb Doctor who has cured so many sufferer's people around Rensselaer during the past two years. How can he cure people expected to die? How can he cure those terrible chronic diseases with which so many are afflicted? By using a new system of medicine—new to the white race, but well known and hundreds of years old to the Indians. His medicines, over 2,000 in number, are not poisonous drugs, but the natural sweetness of the earth. Sick people are doctored even by self styled specialists on poisonous mineral drugs. If lively people tried to live on them they would certainly die. How then can the sick expect to live on them? The best food for man or beast are vegetable, therefore they ought to be and are the best medicine for the sick.

DR. MAN-O-WA only uses vegetable medicines composed of roots, barks, gums and herbs which, prepared into a tea, will nourish the body and make the blood pure and healthy, by drawing all poison from the system and restoring health, strength and vitality. The Doctor has strong inducements from his many friends in Jasper county and in fact from all over the State.

U. C. Titus, ex-Sheriff of Jasper county, Ind.: Our physicians could never give us any encouragement nor relief. Dr. Man-o-Wa made a thorough examination and prepared treatment for him, and through his constant and scientific treatment our baby boy was saved to us.

Mrs. Jennie Asaley, Frankfort, Ind.: I was a great sufferer with dyspepsia, nervous heart trouble, and eyes, nervous rages, scurvy of throat, and eyes, nervous debility, and after taking two months' treatment, I was cured of my case.

Mrs. H. Spivey, Cyclone, Ind.: I had been a miserable sufferer for years. I had severe attacks of dizziness, and was unable to do any work. After taking four months' treatment I was completely cured.

Mary Hopkins, Frankfort, Ind.: My life was miserable. I was only too anxious to die and get relief. I could only get ease when under the influence of laudanum. After five months' treatment I have been broken from my habit and am enjoying life as I have not done before for years.

Joseph Culler, Harmony, Ind.: After beginning your treatment, I improved wonderfully, as I had been told my case was incurable. After three months' treatment I find that I can do as much work as the average man of my age.

MAN-O-WA, THE INDIAN HERB DOCTOR has successfully treated many others in this section who were afflicted with Catarrh, Stomach, Liver, Kidney and Bladder Diseases, Heart Trouble, Rheumatism, Syphilis, Nervous Debility, Female Weakness, Bronchitis, Asthma and Chronic Diseases, which only a skillful specialist can cure. Are you discouraged? Have you thought you could not get well? The Doctor knows better than you whether you can or not. Call and see him. He can tell you how to doctor you. He will do this for you suffering let him do so. His examinations are free. He will plainly tell you just what can be done for you.

MAN-O-WA will be at the Makeever House

Tuesday, Jan. 9, 1894 and will return every four weeks for one or two days only. If you can not call write for question blank and hints to the afflicted.
