**The Florida Style of Eating Oranges**  
There are many ways of eating oranges, but the Florida style has probably the most common-sense way of disposing of the fruit. He uses a sharp knife, and pares the orange much the same as one would peel an apple, taking care not to cut through the white rind that protects the pulp. Then, holding the orange at the poles and cutting through the center, the seed pods are removed. The rest is easy. As a colored boy in Jacksonville said: "Put your face in it and eat till you come to the rind."—New York Sunbeam.

## Hood's Sarsaparilla is Peculiar to Itself

It is peculiar in its origin, peculiar in the remarkable growth of the business of its manufacture, peculiar in the wonderful cures which it has accomplished. No other Sarsaparilla or so-called blood-purifier has made the "peculiar" record shown by the vast mass of testimony from people who have been cured by Hood's Sarsaparilla. Hundreds of letters are being constantly received which tell of its efficacy, and the happy sequel: "I took Hood's Sarsaparilla and it cured me."

## Peculiar After the Grip

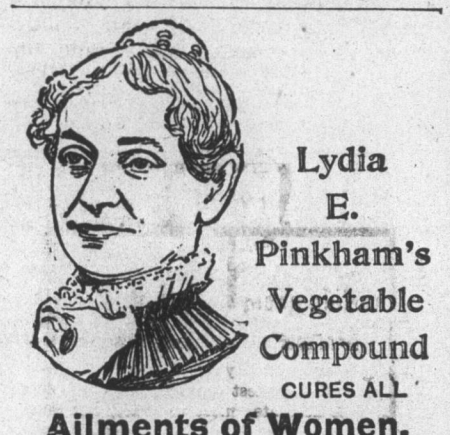

Hood's Sarsaparilla seems to be especially adapted to just those conditions where an invigorating medicine is indispensable, and to just those times when heavy doctors' bills are to be avoided. The Grip always leaves a "peculiar" weakness, which Hood's Sarsaparilla, by its "peculiar" virtues, speedily overcomes. It cleanses the system, restores a healthy appetite, builds up the system after the grip. Hood's Sarsaparilla will always do this, and thus it is "peculiar."

## Peculiar In the Spring

Almost everyone feels the need of an invigorating blood purifier and reliable tonic. The business man, the housewife, the factory operative, lawyer, doctor, minister, all have a "peculiar" enervated, exhausted, all-tired-out feeling in the spring. Again a "peculiar" remedy is found in Hood's Sarsaparilla. It makes pure, healthy blood, throws off the impurities, gives strength to the limbs, elasticity to the step, affords refreshing sleep and creates a good appetite. Hood's Sarsaparilla will always do this, and thus it is "peculiar."

## Hood's Sarsaparilla Cures

Hood's Pills cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache.

**Lydia E. Pinkham's Vegetable Compound**  
CURES ALL Ailments of Women.

It will entirely cure the worst forms of Female Complaints, such as Ovarian troubles, Inflammation and Ulceration, Falling and Displacements of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Leucorrhoea than any remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels Tumors from the Uterus in an early stage of development, and checks any tendency to cancerous humors. That

## The Greatest Medical Discovery of the Age.

## KENNEDY'S MEDICAL DISCOVERY.

**DONALD KENNEDY, OF ROXBURY, MASS.**  
Has discovered in one of our common pasture weeds a remedy that cures every kind of Humor, from the worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed in two cases (both thunder humor). He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston. Send postal card for book.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the right quantity is taken.

When the lungs are affected it causes shooting pains, like needles passing through them; the same with the Liver or Bowels. This is caused by the ducts being stopped, and always disappears in a week after taking it. Read the label.

If the stomach is foul or bilious it will cause squemish feelings at first.

No change of diet ever necessary. Eat the best you can get, and enough of it. Dose, one tablespoonful in water at bedtime. Sold by all Druggists.

## HOME AND THE FARM.

### A DEPARTMENT MADE UP FOR OUR RURAL FRIENDS.

**How a Cheap Fruit Dryer Can Be Made—Care of Harness for Farm Horses—Raising a Big Crop of Corn—Agricultural Atom.**

#### Cheap Fruit Dryer.

Procure a dry goods box of a size to fit the top of the cook stove and some twenty or thirty inches tall. The taller it is the more room for shelves. Take out the bottom and one side, which will make a door, and on each of the opposite sides nail strips of lath at the distance of three or four inches as a support for drying shelves. These should be of galvanized wire cloth with mesh from one-quarter to one-half inches, tacked to a frame of lath or light wood just large enough to slip into the box from the front.

Fasten at each of the four corners a stout piece of iron to support the box some eight or ten inches above the stove. This should be left open for the air to circulate through to prevent the fruit burning. A square of mosquito netting should be tacked over the top to keep out the flies and other insects when not over the stove. Hang the door with light hinges and a strap of leather to fasten over a nail or tacker to hold the door shut, and one has a dryer that can easily dry a bushel of apples a day, or more if one attends to nothing else, and by this dryer one does not run the risk of losing their fruit if there does come a wet spell. For drying sweet corn the shelves will need covering with mosquito net.
