RENSSELAER, INDIANA.

J. W. McEwen, Publisher.

RAMSAY IS RETIRED.

POWELL THE NEW HEAD OF THE TELEGRAPHERS' ORDER.

Brasilians Effective in Their Gratitude Toward America—Tales of Trains Abandoned and Factories Obligated to Close for Want of Fuel.

Powell Succeeds Ramsay. The railway telegraphers at Denver held their election Tuesday and Grand Chief Ramsay was defeated, his successor being Walker V. Powell, of Wichita, Kan. The vote was 59 to 56. The telegraphers endorsed the action of Grand Chief Ramsay in suspending the Omaha charter and expressed a willingness to restore the charter if the Omaha division would obey Ramsay's former orders. F. E. Gilliland promised it would be done. Grand Editor Thurston was exonerated from all charges made against him. The offices of assistant grand chief and senior telegrapher were created. It was decided to organize a ladies' auxiliary, and Chief Ramsay's recommendation that a federation of all railway organizations be formed was adopted.

GRATEFUL TO UNCLE SAM.

Government of Brazil to Celebrate July 4 in Grand Style. Rio de Janeiro for the celebration of the Fourth of July. The great national festival of the United States will be celebrated in a manner intended to demonstrate to the United States the gratitude of the people of Brazil for the support received from the Government of the great American republic during the recent civil war. The public manifestation will consist in a military and naval review and the laying of the cornerstone of a monument which will be dedicated to the memory of President James Monroe, the author of the Monroe doctrine. President Cleveland has been requested to send a United States squadron to Rio de Janeiro to take part in the naval review and special medals will be presented to President Cleveland and to President Peixoto in commemoration of the triumph of the established government over the revolutionists.

COAL FAMINE IN THE WEST.

Missouri Pacific Compelled to Abandon Trains—Other Industries Affected. Specials from railroad centers of Missouri, Kansas and Arkansas indicate that business there is becoming affected by the coal miners' strike and the consequent scarcity of coal. At Sedalia the Missouri Pacific shops shut down. The shops of the Missouri Pacific Railroad at Atchison, Kan., which is controlled by the Missouri Pacific in that city, have been closed down indefinitely. Several regular trains have also been discontinued. At Van Buren, Ark., the Missouri Pacific has closed down its roundhouse as a standstill. Not only passenger and freight trains are being delayed, but the roller-mills have closed down and the electric street cars were obliged to stop running. The Illinois Central has begun to draw on its stock of coal at Sioux Falls, S. D. At West Superior, Wis., the price of soft coal has risen from \$2.75, at the opening of navigation, to \$3.50.

HEAVY LOSS OF LIFE.

Whole Villages Destroyed by Widespread Floods in India—Damage Done. Calcutta advices say that addition to the loss of 200 lives by the bursting of a dam formed by a landslide in Charkkulpia, Kulu, and the destruction of livestock and dwellings, which accompanied it, disastrous floods have wrought much damage in North India. The Jettiga has overflowed its banks and has inundated an area of hundreds of miles. The result has been tremendous loss of property, and in addition the loss of life is believed to be enormous. Whole villages have been destroyed in a number of sections of the flood-ravaged country. The flood is pronounced to be the most severe in many years. A dispatch to the London Times from Calcutta, describing the bursting of the dam at Charkkulpia, says that the water swept onward like a four-foot wall, sweeping away several villages, among them one having eighty houses.

SITE FOR FERRIS WHEEL.

Inventor is Puzzled to Find a Location in New York. Part of the Ferris wheel has arrived in New York and Inventor Ferris is casting about for a suitable location. This seems to be the puzzle of the moment. He has an elephant on his hands to speak, as he expresses it, "looking for a stable to house it in." Mr. Ferris says he has a half dozen locations in view. The gross total of material in the wheel is 6,000,000 pounds of iron and steel and 500,000 feet of lumber. It will take two months to tear down the wheel in the Midway Pleasureland and transport it to New York. It will require 150 cars in transit and the big axle will be taken East on the great car specially constructed to transport the Western Fair Krupp gun across the continent.

Murdered by Brigands.

The authorities of Victoria, Mexico, have been advised of the murder of a brigand of Benito Hernandez and his wife and three children. Hernandez and his family left Matamoros to make an overland trip to Monterey. They were in the vicinity of Colchagua when the brigands surprised them, and after killing all of the family robbed them of their effects.

Continues the Boycott.

The executive board of the Knights of Labor has issued another address in favor of the boycott of the English breweries at St. Louis.

None of the Charges Sustained.

Capt. Abbey, of New York, inspector of the United States life saving stations, at the conclusion of a recent investigation, advised that the charges against the Chicago life saving crews during the recent storm, reached the conclusion that the crew did all that human power could do to save human life.

Flinds Three Coffins Instead of One.

John H. Caffee, an old and well-known Indianapolis citizen, was treated to a disagreeable surprise in Crown Hill Cemetery when he went there to superintend the removal of the remains of his wife who died twenty years ago. He found that two other bodies had been buried along with his wife's coffin. He threatens to bring suit.

Hebrew Swindled Out of \$11,000.

Isaac Farmer, a wealthy Hebrew of New York City, claims to have been swindled out of \$11,000 at Columbus, Ohio. The gold brick plan was used, but the article sold was a block of railroad stock. It proved to be bogus.

FINDS BUTTZ GUILTY.

Senatorial Committee Exonerates Senators Hutton and Kyle from Blame. The special committee appointed to investigate the charges of attempted Senatorial bribery on the part of Charles W. Buttz submitted its report to the Senate. Buttz is found by the committee to have made the attempt at bribery despite his denial and Senators Hutton and Kyle are exonerated from all blame. The bribery committee continued its inquiry into the allegations concerning the sugar trust and its connection with the tariff bill. John S. Shriver, Washington correspondent of the New York Mail and Express, refused to answer any questions concerning news matter given him in confidence. He said he would abide the consequences. Judge Dittenhofer, accompanied by Correspondent Edwards, of the Philadelphia Press, then appeared before the committee and argued that the committee had no authority to compel his client to answer. He gave the committee, some advice as to the method of conducting the examination, and cited the case of Hallett Kilbourn in support of his contention that the committee had no right to compel a witness to answer by jeopardizing his liberty.

BLOW UP TWO MEN.

Colorado Miners Destroy a Shaft with Dynamite. With giant powder as a weapon of offense the rioting miners of Cripple Creek, Colo., blew up the Strong Mine shaft near Victor Friday morning. Two dead men are the result. McDonald and eleven guards were on duty at the mine at 9 o'clock, when 400 miners marched in a body to the shaft and warned the men to leave. McDonald and one of the guards, Charles Robertson, entered the shaft instead. The other ten left immediately. Two charges of giant powder were used in destroying the shaft-house and the concussion of the charges was sufficient to cause death even on the lower levels of the mine. Immediately after the charges were fired the miners, leaving one man on guard, withdrew to the headquarters on Battle Mountain, 300 yards distant from the shaft. Looking at 3 o'clock after the ore-house and rubbish from the destruction of the shaft-house had been entirely consumed by fire.

RAID ON A BANK.

Bloody Battle with Bandits in the Town of Longview, Tex. Two men were killed, two fatally wounded, and two others badly hurt in a fight between a gang of robbers, who secured \$2,000 in cash from the First National Bank, and citizens at Longview, Texas. About 3 o'clock in the afternoon two men walked into the bank and the President Clemens said that they would introduce Charles Speckmeyer, "who wants some money and is going to have it." The bank cashier, thinking of a charity subscription, was about to hand out some money when one of the men covered him with a gun and made him hold up his hands. The other man went behind the counter and emptied the vault, securing \$2,000 in cash and some jewelry. Two companions of the robbers were stationed in the alley outside the bank, and fired on all who approached. About 200 shots were fired during the fight. As soon as possible the robbers jumped upon their horses and rode out of town, pursued by an armed posse.

HOLDS THE INDICTMENT GOOD.

Judge White Rules Against Beach in the At Torrance, Ind. Judge White decided against the defense in the Banker Beach case. He held an indictment could be good though the defendant's constitutional rights had been invaded, provided the invasion was not to his injury. He said the evidence was conclusive that the grand jury found the indictment for the embezzlement of funds that were in his possession as trustees on testimony other than that obtained from the books of his private bank and ruled that Beach should plead to the indictment.

Act of Drunken Canadian Militiamen.

The American flag in front of the United States Consulate in St. Thomas, Ont., was torn down and destroyed Thursday night by members of the Queen's Own Rifles, of Toronto, while they were under the influence of liquor. Some other members of the regiment, who were in the crowd protested against the outrage, but were unable to prevent their excited companions from carrying out their intention. Lieut. Smith, speaking to the United States Consul Willis for the act, but Mr. Willis would not accept the apology and notified the heads of his department at Washington and Ottawa. The incident is looked upon as merely the result of too much whisky, and while the incident is generally deplored by the citizens, it is hoped nothing serious will result. The incident has caused quite a sensation in military and other circles in the city, and the action of the bare-brained perpetrators is strongly condemned. The matter has been brought to the attention of the Dominion Government and it immediately ordered a rigid police investigation to learn all the facts and to locate the responsibility on the guilty individuals.

New Plan of Salvation.

As the outcome of the Chicago Congress of Liberal Religionists, at Sinai Temple, a great summer school, based on the Chautauque plan, will be founded in the West in the immediate future, and what will be practically a new church, a church without a dogmatic creed, but "broad enough and big enough to shelter humanity," said Dr. Hirsch, will be established as the crowning act of the Congress. "This new temple," said Dr. Hirsch further in a strain of enthusiasm at the reception given those attending the Congress at the Standard Club, "will be a terror to tyrants, a solace to every suffering heart, a beacon light to every searching mind."

The National Game.

The clubs of the National and Western League and as follows in the championship race:

Per	W. L. cent.	Per	W. L. cent.
Cleveland	10	99.0	100.0
Pittsburgh	10	89.0	100.0
Philadelphia	17	88.0	100.0
Baltimore	11	88.0	100.0
Boston	13	88.0	100.0
New York	13	88.0	100.0

Western League Games.

Per W. L. cent. | Per | W. L. cent. || St. Louis | 10 | 99.0 | 100.0 |
Kansas City	9	88.0	100.0
Minneapolis	12	88.0	100.0
St. Paul	11	88.0	100.0
Chicago	10	88.0	100.0

Killed in a Church.

The trouble over which the congregation of St. Casimir's Polish Catholic Church at Freeport, Pa., has been divided for a year or more culminated Sunday in a riot, in which four men were shot, two of whom died. A number of others were seriously injured.

Cleveland Buys a Mine.

A half interest in the Caledonia mine at Cripple Creek, Colo., has been sold to Willard Ward, S. Z. Dixon, and Dr. Ward, of New York City. Dr. Ward is a personal friend of Grover Cleveland, and is said to have represented the President in this transaction.

Commercial Travelers.

The Grand Council of the United Commercial Travelers of America began its annual session in Cleveland Friday.

Big Output of the Mint.

The gold coinage executed at the Philadelphia mint during the present fiscal year, which ended on June 30, will be the largest in the history of the mint. The total will be about \$80,000,000, against only \$11,840,393 for the calendar year 1892, and \$12,925,185 for 1891. The largest previous record was in 1881, when the gold coinage was \$67,588,181. In 1881, when the amount was \$67,572,810. The gold coinage of other years has not approached the figure.

The large output of the present year has been due principally to the demands for gold from the treasury. The export demand now has to be met in coin, for the act of 1890 authorizes the Secretary of the Treasury to impose a charge for the coinage. Even without the export demand a heavy coinage has been required to meet the ordinary payments of the treasury. The reduction of the currency balance last fall made it necessary to pay out gold, and bullion had to be coined to keep the coin in the treasury equal to the outstanding gold certificates. Most of the coinage at Philadelphia and New Orleans is in eagles, but a part of that at San Francisco is limited to the gold deposited there as the product of the Western mines and saves the cost of transportation to the East.

LUCK OF ANDREW J. DAVIS, JR.

An Ex-Employee of the Chicago Herald Gains Enormous Wealth. By a decision in the District Court at Butte, Mont., Andrew J. Davis, Jr., a young man formerly a clerk in the counting room of the Chicago Herald, has won more than a million dollars and the principal owner in a bank, the annual income of which is something more than \$100,000. The inheritance comes from the young man's uncle, A. J. Davis, Sr., who was reported to have died in 1892, leaving \$800,000. Shortly before his death, in 1892, the presence of a witness, he handed his nephew certificates representing 950 of the 1,000 shares of stock of the First National Bank of that city, telling him that he also owned and was entitled to the shares upon his (the elder Davis) death and he did not expect to live very long. No written assignment of the stock transfer upon the records of the bank books or power of attorney was made, and on the ground that the transfer was illegal the other heirs brought suit.

LARGE FOR THE WEEK.

In Spite of Strikes There is a Good Volume of Trade. R. G. Dun & Co.'s Weekly Review of Trade says: Storms and floods, prolonged strikes, and large exports of gold have done their utmost to give business a vacation. But notwithstanding during the last year, business has been unusually active. The volume of trade has been large for the season. Prices of products still tend upward, and the volume of trade has been large for the season. Prices of products still tend upward, and the volume of trade has been large for the season. Prices of products still tend upward, and the volume of trade has been large for the season.

Church Ladies Publish a Paper.

The edition of the Mankato (Minn.) Daily Free Press Saturday night was edited and managed entirely by ladies of the Presbyterian church. Six extra pages and forty columns of extra advertising were added, and the issue was a great success. The regular staff remained away from the office, and the corps of editors, reporters and advertising solicitors was made up from among the leading ladies in the city, who had full charge of the paper. Several hundred dollars will be used toward a new church.

Confession of a Money-Order Forger.

S. Breeding, who was one of the men arrested in the Wells-Fargo money order case, has confessed to the forgery of numerous Wells-Fargo money orders, in jail at St. Louis. Breeding made a confession. When he perfected his scheme he went to Chicago and set sections of plates from different printing offices and had a complete plate of a Wells-Fargo Express Company money order. He then secured a printing outfit, struck off his blank money orders, and went to St. Louis. He was discovered before he realized any thing.

Another Lost City Found.

The American archeologists who went to the recently discovered hidden city in the Sierra Madre mountains have returned, and tell of another hidden city, five Spanish leagues north of the first city. The two cities are connected by underground passages hewn out of solid rock, and it was with difficulty the archeologists found the second city was discovered. It lies in a deep basin of the mountains and no exit except the underground passage could be found.

S. Guy Sea and His Coachman Arrested.

S. Guy Sea, of Chicago, and his coachman, Charles Riley, were arrested at Cincinnati, Ohio, for cruelty to animals. Sea, who is charged with the murder of a horse, was taken to the city jail. Riley was taken to the city jail. Sea, who is charged with the murder of a horse, was taken to the city jail. Riley was taken to the city jail.

May Be Too Robbers.

Dr. Charles Winn and Joseph Sparks, who are thought to be the robbers who robbed the Southwest City, Mo., bank, were taken from Pineville and locked in jail at Neosho, Mo.

Jury Discrees.

The jury at Sioux Falls, S. D., in the case of Dr. A. M. Fisher, accused of causing the death of Minnie Olson, disagreed, and the doctor will be released from custody.
