## The Business Man's Statement.

LA FAYETTE, IND., May 2, 1894.

Lyon Medicine Co., Indianapolis, Ind.:

GENTLEMEN—It is with pleasure that I can conscientiously say a good word for LYON'S SEVEN WONDERS. For more than a year I was troubled with indigestion and stomach disorders. Various remedies which I tried gave me no relief, until one day last summer I was told by a brother drummer of the virtues of LYON'S SEVEN WONDERS. I concluded to try it, and am happy to say one box, costing only one dollar, entirely cured me. To those who suffer as I did I would strongly advise them to use LYON'S SEVEN WONDERS.

Yours truly,

JOHN R. SPENCER,  
State Agent Royal

### The Monon's New Flyer.

The much heralded new fast train over the Monon, to accommodate the travel from Chicago to Atlanta, was put on last Sunday. From Chicago to Monon it is part of the Cincinnati and Indianapolis vesbitule, which passes Rensselaer at about 12:30 p. m. At Monon the train is divided, and the new portion goes south, over the old line. The Monon officials claim that in some respects this is the fastest train in the country, as explained in the following from last Monday's Indianapolis Journal.

Frank Reed, general passenger agent of the Monon, demonstrates the correctness of his claim that the Monon yesterday put on the fastest train run in this country, all things considered, in the following statement: "In looking over our schedule for the new trains, Nos. 1 and 2, I find that it ranks among the fastest trains in the country, nearly equaling the speed of the Great Empire Express. The distance from Monon to Bloomington is 133 miles; No. 1 covers that distance in three hours and ten minutes, making the run of 133 miles in 190 minutes. In that distance we make ten railroad-crossing stops, which will average a minute and one-half; twice for water and oiling engine, which will take eight minutes, and four station stops, which will average twelve minutes, making delays in the distance from Monon to Bloomington of thirty-five minutes. The lowest allowance you can give, leaving the actual running time for the 133 miles, 155 minutes. I consider this the fastest train of any single track road in the world. The Lake Shore and Michigan Southern Limited trains leaving Chicago at 5:30 each evening, called the twenty-four hour train, from Chicago to New York makes the run from Chicago to Elkhart, a distance of ninety-nine miles, without a stop, in two hours and fifty minutes. We run 102 miles, Lafayette to Bloomington, making nine railroad stops, two regular passenger stops and take water twice, in two hours and thirty minutes. Take the Pennsylvania Limited that leaves Chicago for the East; they run from Chicago to Fort Wayne, a distance of 143 miles, in three hours and forty-seven minutes without a stop, and from Fort Wayne to Crestline, a distance of 132 miles, in three hours and five minutes, only one stop. This is about the distance between Monon and Bloomington, which we cover in three hours and ten minutes, with ten railroad crossings and four station stops, also stopping twice for water. The Great Empire Express, with all its facilities, double and four-track road, from New York to Buffalo, makes very little, if any, better time than we do. They run from New York to Albany, a distance of 143

miles, in two hours and forty-five minutes, without a stop; from Albany to Syracuse, a distance of 148 miles, in two hours and fifty-five minutes, with one stop. When the Monon schedule is compared with these trains and their double track, except the Pennsylvania, it can readily be seen that I am safe in saying that we have the fastest train on any single-track railroad in the country, or, in fact, in the world."

### Local Medley.

Monday last F. J. Sears and wife took their departure from Rensselaer for Storm Lake, Iowa, where they will make their future home. Miss Adelaide Demmon, of Chicago Kindergarten Institute, has opened a Kindergarten school in rooms formerly occupied by the Iroquois Club, over Starr's store. She comes well recommended. S. M. LaRue now occupies his recently purchased residence property on Weston street. Scott Burget, of Newman, Ill., visited his brother J. W. Burget, at this place, a few days last week. The new grocery stock of H. J. Dexter is being placed in the west room of Odd Fellows' Temple. Advertiser Letters—Chas. A. Williams, 2; Elsie Williams, John Latson Dr. C. H. Blair, 2; Minnie Condon, Augusta Hurd, C. Y. Scholl. J. H. Cox sells the best coal and wood in town, at the old stand of Dexter & Cox. A second death from diphtheria occurred in the family of John Warden last Saturday when George, aged about three years, succumbed to that terrible disease. Three girls in the same family have had the disease, but are better, and may wholly recover if they do not suffer a relapse. At the request of Dr. Hartseell, the attending physician, these three were given the "anti-toxin" treatment, by Dr. Washburn, last Saturday. Call on J. H. Cox for hay, grain, lime and hair. The Presbyterian Industrial Society added about \$100 to the building fund of the new church by their efforts to feed the multitude in attendance on the dedicatory services of the Odd Fellows' Temple. Rev. F. L. Austin is now the regularly established pastor of the Church of God at this place. The lit'leson of J. F. Antrim lost a lady's gold watch on Odd Fellows' Day, which is highly valued by Mr. A. as a keepsake. It had a short chain and a small round charm attached. The finder will be suitably rewarded on its return. The cornet band convention held in Rensselaer Wednesday of last week, completed a permanent organization with H. V. Weaver, Rensselaer, president; Chas. Spies, Monon, vice-president; W. L. Handley, Lowell, secretary; R. G. Turner, Brook, treasurer. The Northwest Indiana Musical Association, is the name adopted, and Lowell was designated for the next meeting, May 15th, 1896. Work on the new church is making fair progress. B. A. Linville, a former resident of Rensselaer, now living in Cable, Ohio, was transacting business here during the week. The afternoon north bound mail train now passes this place at 3:47—19 minutes later than heretofore. Chas. Born trager is building an arched stone culvert five feet in diameter and nearly the width of the street in length, over Makemself ditch, on S 4th street. Norman Brothers have the contract for building a similar culvert over the same ditch on Weston street. The condition of Capt. M. F. Chilcote is not much improved. One day last week grandmother Michaels, Jordan township, fell out of a wagon breaking both wrists. Dr. Loughridge set the broken bones. The wife and mother of A. S. La Rue were over come by escaping gas from a gasoline stove last

Monday morning. Dr. Alter was called in and the mother soon recovered, but it was some time before the wife recovered consciousness. Other members of the family were effected in a less degree. Don't you forget it! Ellis & Murray have been giving you big bargains ever since the great cyclone, and thus heavily reduced their stock then on hand, and they have filled up their extensive rooms with new goods which they propose to sell at prices that defy competition. Two parties divorced at this term of court married again a few minutes after the decrees were granted, notwithstanding they had been cautioned not to marry again within two years. They have been cited to appear and show cause why they should not be punished for contempt.

Joseph Robinson—After a lingering illness, died at his home in Rensselaer, last Monday morning, having reached the good old age of 80 years, 9 months and 20 days. He was a resident of this county for over 30 years, and was held in high esteem by all who knew him. Funeral services were held at the residence Tuesday afternoon by Rev. Dr. Utter. Interment: in Weston cemetery.

Mrs. Elizabeth, wife of Samuel Parker, died at her home, in Hanging Grove Township, Saturday morning of last week, aged 68 years 6 months and 8 days. Funeral services were conducted by Rev. B. F. Ferguson, at residence, the following Sabbath.

Thanks.—Through the medium of this paper we wish to express our heartfelt thanks to friends and neighbors who so kindly extended their sympathy and assistance in our time of sorrow and bereavement. Mr. & Mrs. J. W. McConahay.

The McKinley bill closed the workshops throughout the land. The Wilson bill has relighted the fires and set the industrial plants in motion. Old plants have been revived and new ones are looming up everywhere. Indianapolis recognizes this fact in the election of Tom Taggart as Mayor, and the entire Democratic city ticket by about 4,000 majority. All hail! Tom Taggart. Well done! Democrats of Indianapolis.

### Notice to Taxpayers.

The second installment of taxes for the year 1894 are due and must be paid on or before the first Monday in November, or the same will thereby become delinquent and a penalty of 10 per cent. must be added. The books will be returned to the auditor at 5 o'clock, p. m., Monday, November 5, 1895.

Persons owing delinquent taxes should pay at once and save costs. Respectfully,  
J. C. GWIN,  
Treasurer.

Try a bandage of hot salt outside the face for neuralgia; fill the mouth with hot salt in cases of toothache; put a little hot salt in a piece of muslin, and then put it in the ear for a second or two when earache is troublesome.
