

March

April. May are most emphatically the months for taking a good blood purifier, because the system is now most in need of such a medicine, and because it more quickly responds to medicinal qualities. In winter impurities do not pass out of the body freely, but accumulate in the blood.

April

The best medicine to purify, enrich and vitalize the blood, and thus give strength and build up the system, is Hood's Sarsaparilla. Thousands take it as their Spring Medicine, and more are taking it to-day than ever before. If you are tired, "out of

May

sorts," nervous, have bad taste in the morning, aching or dizzy head, sour stomach and feel all run down, a course of Hood's Sarsaparilla will put your whole body in good order and make you strong and vigorous. It is the ideal Spring Medicine and true nerve tonic, because

Paris Not All French.

France is still much troubled over the strangers within its gates. It is now found that Paris is not a city of Parisians, if even of Frenchmen. Only 36 per cent. of its inhabitants were born within its walls, and 75 in every 1,000 were born outside of France—a total of 181,000 aliens. Of these latter no less than 26,863 are Germans, while in Berlin there are only 397 Frenchmen. While Paris has 75 foreigners to the 1,000, London has only 22. St. Petersburg 24, Vienna 22, and Berlin 11.

Foreign Immigration.

Of the 229,370 all steerage passengers who arrived at the port of New York last year, 42,942 above 14 years of age could not read and write. About 140,500 of the steerage arrivals were over 14 years of age, and only 20,287 of these brought with them \$30 and over. No less than 182,000 of the whole number of steerage immigrants had some point in the north Atlantic States for a destination, while only 2,451 were bound for the South Central States.

A statistical person who says he has carefully investigated the subject says that, with the exception of William Henry Harrison, all Presidents of the United States have had blue eyes.

The Greatest Medical Discovery of the Age.

KENNEDY'S MEDICAL DISCOVERY.

DONALD KENNEDY, OF ROXBURY, MASS., Has discovered in one of our common pasture weeds a remedy that cures every kind of humor, from the worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor). He has now his possession over two hundred certificates of its value, all within twenty miles of Boston. Send postal card for book.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the right quantity is taken.

When the lungs are affected it causes shooting pains, like needles passing through them; the same with the Liver or Bowels. This is caused by the ducts being stopped, and always disappears in a week after taking it. Read the label.

If the stomach is foul or bilious it will cause squeamish feelings at first.

No change of diet ever necessary. Eat the best you can get, and enough of it. Dose, one tablespoonful in water at bed-time. Sold by all Druggists.

TO HANG A RICH MAN.

PEA OF INSANITY WILL NOT SAVE ARTHUR DUESSTROW.

Missouri Millionaire Committed a
Brutal Crime, and a Jury Says He
Must Pay the Penalty, His Great
Wealth Notwithstanding.

DEATH OF "BILL" NYE.

The Popular Humorist Passes Away
at His Carolina Home.

Arthur Duesstrow must hang and there
are not many people in Missouri who will
regret his death on the gallows, says a

Union Mail Dispatch, for by that punishment
which will be inflicted, so far as this world

goes, one of the most brutal crimes in the
history of the State.

The several trials through which conviction was arrived at

have held public attention for two years

as has the trial of no other criminal in the
recollement of the oldest citizens. That

this man has at last been convicted of the
murder of his wife and child in February,

1894, is a surprise as well as a
source of gratification to the public, for

so potent is the influence of money and so much money had

Duesstrow that the belief was general that

he would get off lightly.

Insanity was the first plea on which the
defense based their hopes. By the
law of Missouri, if the sanity of a person
charged with murder is questioned a jury
must first decide the matter before the
accused can be placed on trial for the
murder.

Over a year ago this question was
submitted to a jury, whose members
could not agree. Then another jury was
picked out and lawyers and experts ar-

doubtful if Arthur Duesstrow—the product
of an unreal civilization, the victim
of his own pernicious inclinations, a brute
lower than the brutes—could be saved
from that death which twelve tried and
true men have said he shall suffer.
