

NO-CENT PASSENGER RATES TO HEAR FATE

Case Before Supreme Court, Involving West Virginia Law, Will Have Wide Application.

WASHINGTON, Oct. 13.—The fate of scores of two-cent passenger rates rests upon the outcome of arguments today before the supreme court of the validity of the West Virginia two-cent passenger rate law.

One of the points at issue is whether a state may compel railroads to carry passengers at a non-remunerative rate, allowing them to make up their loss by increased charges on freight business. Technically only the rates on the Norfolk & Western railway are concerned, but the decision is expected to fix a standard for adjusting passenger and freight rates to one another throughout the country.

The argument of the rate case was the first scheduled for the term. Before it was taken up dozens of motions were made in other cases on the docket. In the main, these motions were for the advancement of cases said to be of high importance, for the review of judgment in lower federal courts not appealable to the court as a matter of right, and for the dismissal of the appeal in other suits.

ARMED MASKED MEN CAPTURE PRISONER AND MURDER HIM

Sheriff Is Stopped On Road, His Charge Taken, And He Is Told To Move On.

PERCY, Ill., Oct. 13.—An armed body of masked men stopped Sheriff Brenner, of Willsville, on the road last night, took Albert Clazza, his prisoner, from him, shot and instantly killed Clazza and warned Brenner away. Clazza was an Italian miner, one of two brothers, who engaged in a revolver fight with two American miners, Willis Adams and Ben Cooper. The fight began over a request for a cigarette. When it ended Sam Clazza was dead and both the American miners badly wounded.

Sheriff Brenner was on his way to the county jail at Pinckneyville with Clazza when the masked men sprang from the roadside. Three held the sheriff while the others marched the Italian ten paces down the roadside and shot him down.

There were fifteen wounds in his body. The maskers then warned the sheriff not to follow and vanished into the woods.

CHICAGO, Oct. 13.—Negotiations for the purchase of several thousand army wagons, one million blankets, 200,000 saddles and bridles, and a large supply of rifle cartridges for the use of the English and French armies were opened here today by representatives of those governments.

Representatives of the army purchasing departments asked for immediate bids on the wagon contracts, as a large number are wanted for quick delivery in Canada it was said. The remainder are to be delivered on future dates. Immediate delivery of blankets is demanded by the purchasers.

WOMAN ACCUSES ATTORNEY.

Sues Frank Kelley for \$3,700 on Allegation of Fraud.

Mrs. Ida M. Birney, of Cumberland county, Illinois, has sued Frank A. Kelley, of Miller & Kelley, attorneys, for \$3,700 damages, claiming that he secured possession of certain lots of hers in that county by securing her signature to what she believed was a trust deed to make good a loan from him, when it was in fact a warranty deed, and that on the basis of the latter he took charge of her property, collected the rents, and by failing to turn over the property caused her to suffer other financial losses. She is represented by George Burkhardt, an Indianapolis attorney.

COFFEE CAUSES STOMACH TROUBLE AND OLD AGE

Physician Says It Interferes With Digestion and Hastens Death by Hardening Arteries.

Among other physiological effects of coffee drinking it is found that this beverage with its drug, caffeine, is one of the causes of premature old age, according to Dr. J. H. Kellogg, of the Battle Creek Sanitarium. He says:

"The evil effects of coffee on all persons of whatever age may be briefly summed up as follows:

"First, the tannic acid in coffee interferes with digestion.

"Second, the caffeine of coffee is a nerve poison.

"Third, the effects produced are similar to those of alcohol. When long used, the result is damage to the poison destroying gland, liver and the kidneys, as a result hardening of the arteries and premature old age. All medical authorities forbid the use of caffeine or coffee to persons whose arteries are hardened or who have high blood pressure. This condition is always present in elderly people.

"Coffee is particularly bad for young children, because the thyroid gland and other poison-destroying glands are not yet well developed. Any intelligent parent would not permit a child to use coffee."

NOTE.—Among invalids and those recovering from disease and surgical operation coffee drinking is almost invariably forbidden. On the contrary the pure food-drink INSTANT POST-UM finds extensive use in hospitals and sanitariums the country over. This delicious beverage is taking the place of coffee in thousands of American homes where health is valued. "There's a Reason."

"Pape's Diapiesin" Is the Quickest and Surest Stomach Relief.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

ATHLETICS AT LAST TRENCHES

Continued from Page One.

He is coolest under the fiercest fire and has splendid control. A sharp breaking spitter and clever change of pace are of proven worth against the Mackmen.

Philadelphia, in its hour of need, suffered an unexpected handicap. Amos Strunk, the center fielder, who alone of the once great batting team had lived up to form, was forced out of the remainder of the series. A ball on a finger of his right hand prevented further participation. Walsh played in his place yesterday and will continue in the line up.

Boston's formidable array was unchanged. Principal in this, the Athletics have found, is tow-headed Hank Gowdy, who in this series has supplanted Frank Baker as a long distance hitter. No player who has ever taken part in a world's series has equalled the record of Gowdy, whose batting won Friday's game and prevailed again in yesterday's contest.

MACKS BELOW FORM.

Although the Athletics yesterday recovered some measure of their batting strength, they were still far from their true form. Their slump was a matter of deepest concern to the Philadelphia. They pointed out that in fielding they excelled the Boston team in the three games thus far, and to their falling off in hitting alone do they attribute their three failures. The team has batted for an average of only .155 in three games in which they averaged five hits a game.

After today's game the players cease participating in world's series proceeds. Receipts for the first four games probably will total \$225,000 on a total attendance of 110,000. The players' share of the money will be about \$115,000, considerably less than two years ago and somewhat less than last year.

Weather conditions continued excellent. The air was somewhat cooler than yesterday and light clouds flecked the sky. The probable batting order for today's game, which was scheduled to start at 2 o'clock, follows:

ATHLETICS.
Moran, cf
Evers, 2b
Connolly, 1f
Whitted, cf
Schmidt, 1b
Deal, 3b
