## SLAYS HIS SWEETHEART THEN KILLS HIMSELF

Robinson (Ill.) Man Enacts Double Tragedy in Alleged Sporting House.

Special to The Tribune. ROBINSON, Ill., Oct. 17.—Refusal of his clandestine sweetheart to marry him is thought to have prompted Dan Simon, 35 years old, an employee of the Independent Torpedo company, to shoot and kill the girl, Elpha Dyson, 35 years old, at 6 o'clock this evening and later take his own life by cutting his throat with a razor. The shooting was done at the Tyson home, which is alleged to be a sporting house. At the time of the shooting there was no one in the room but Simon and the girl.

Three bullets pierced the body of the Dyson girl and death was caused by one bullet which passed through the brain. Simon was found dead in a pool of blood fifty feet away from the house by a posse, which was organized to hunt him after the shooting. According to the mother of the slain woman, Dyson had been a constant visitor at the home for the past three weeks, and had urged the girl to marry him. It is said that she had promised to marry him, and that he had placed a sum of money in the bank in her name.

The shooting was done with a .38 calibre revolver and it was found lying in the room with the murdered woman. Dr. A. G. Brooks, the coroner, was called and he immediately held an inquest. At 12 o'clock tonight he had failed to make any report of the inquest.

### MINUTE TALKS.

WILL A. HOUSE (Secretary Y. M. C. A.)—Every city in the membership campaign, with the exception of Terre Haute has a new building. This was a drawback in the work of the local teams but we are going to keep on hustling for members.

MRS. FLORA GULICK (Superintendent Boys' club)—I have been dreaming of a charity ball for seven or eight years and at last we are to have one. On the same night that this is to be held, "When Dreams Come True" will be played at the Grand opera house.

J. H. DeWitt (President of the Terre Haute Association of Window Trimmers)—We opened up the new stand in the lobby of the Hotel Deming last night and did nice business. We will be open for business Sunday. Billy Owens and Miss Davis will be in charge of the stand here and I will watch both the Terre Haute house and the Hotel Deming stands.

A. H. CURRENS (Manager of the Star Piano Store)—We had a large crowd at the opening of the new store yesterday and we feel that Terre Haute people will soon become acquainted with our instruments.

CHARLES FILBECK (Manager of the New Deming hotel cigar stand)—"We opened up the new stand in the lobby of the Hotel Deming last night and did nice business. We will be open for business Sunday. Billy Owens and Miss Davis will be in charge of the stand here and I will watch both the Terre Haute house and the Hotel Deming stands.

WILLIAM HUFFMAN (Superintendent cemeteries)—Falling leaves are swamping us at Highland Lawn, and I have had to put on three extra men to handle them. During the summer we have conducted the business there with six regular men, whereas under the former administration from nine to twelve men were regularly employed.

### THE WEEK'S WEATHER.

W. R. Cade, Local Forecaster, U. S. Weather Bureau.

Date	Highest Temp.	Lowest Temp.	Rainfall
October 11	58	51	0
October 12	58	47	T
October 13	62	50	0
October 14	60	50	45
October 15	58	52	24
October 16	58	53	03
October 17	63	47	T

The week began with ideal weather on last Sunday. Our weather was under anti-cyclonic control, and a delightful autumn day with clear sky and comfortable temperature resulted. On Monday the pressure fell and our weather continued under storm influence throughout yesterday. This caused rainy cloudy weather during most of the week, and at times the temperature, went low enough to give the air a "raw" tinge.

At this writing barometric conditions in the west are very unsettled, and no prolonged period of fair weather is indicated. However, this must not be construed to mean that the entire week will be unsettled, for conditions in the west at this time of year often change over night. When a well-developed and extensive high pressure is seen charted in the plains, three or four days of delightful fall weather may reasonably be expected.

### An Unusual Combination

Not often do you find a store offering the Correct Millinery Styles coupled with Moderate Prices. Usually where you find one the other is absent.

If a millinery store has Hats which are truly chic and up-to-the-minute they generally sell them on a large margin of profit, and if it is a store where low prices are in evidence, you ordinarily find the prevailing vogues a second consideration.

We have proven that it is possible to couple really good Millinery styles with Moderate Prices.

Our mammoth stock of the latest creations in Millinery embraces all that is new and stylish, yet our prices are away below the average.

One of the reasons why we can do this is because we are an absolutely one-price millinery store. We do not depend upon the liberal customers of the early season to pay for our losses during the "Sale Season."
