

WANT SWIMMING POOL IN HANDS OF THE CITY

Brazil Men Who Backed Reservoir
Proposition Address Mayor
and Council.

By Special Correspondent.

BRAZIL, Ind., Oct. 17.—M. H. Johnson, Roy A. McCowan and W. H. Bubb, who are the president, treasurer and secretary of the citizens' committee which took up the matter of building a swimming pool at the city reservoir last summer and carried it to a successful conclusion, have addressed the mayor and city council, asking that the city take over the project and preserve and maintain the swimming pool and have it properly policed.

The officials of the committee announced that it is their intention to solicit more funds next spring for the beautifying of the city reservoir and grounds with the object of turning it into a city park if the council will co-operate. The committee expects to secure enough funds to build a driveway and make other improvements next spring.

HERE AND HEREAFTER.

The Tatler tells the story of an old Scotchman whose wit was edged with pessimism. One morning he met at her gate a neighbor whose husband was seriously ill.

"And how's yer husband this morning, Mrs. Tansie?" he asked, solicitously. "Oh, he's awful bad!" The doctor said his temperature has gone to 150." "Nae, nae, you've made mistake! Sandy's temperature could never be as much as 150—at least, not in this world," he added, as an afterthought. Youth's Companion.
