

HIPPODROME TO OPEN WEEK OF CHRISTMAS

Work on New Structure Progressing
Rapidly—First Attraction Not
Yet Selected.

Work on the Hippodrome building at Eighth and Ohio streets is progressing so satisfactorily that it is thought it will be possible to give the opening entertainment Christmas week. The attraction has not yet been selected for the opening. Manager T. W. Barhydt is in Chicago the present week and, although the immediate purpose of his visit there is not announced, it is thought to be in connection with the opening attraction.

There will be two double store rooms for rent in the Hippodrome building, both facing on Ohio street. A number of applications have already been received for the rooms but as yet no contracts have been closed. The office rooms on the second floor of the building will all be occupied by the management of the theater.

The lease of the Varieties theater building under the present management has three years to run, but after the opening of the Hippodrome the Varieties will be devoted to moving pictures.

The construction of the Hippodrome is absolutely fireproof, and up to the present time not a stick of wood has entered into the construction. The contract for the work was let to a Chicago firm of contractors, who sublet the steel work to Thatcher A. Parker and the tin work to A. W. Dudley & Co. The new theater will have a seating capacity of 1,600.

PRESIDENT CONSIDERS SEIZURE OF BRINDILLA

Awaits Official Information But Ex-
presses Belief That U. S. Ves-
sel Should Be Exempt.

WASHINGTON, Oct. 19.—President
Wilson had not been officially informed
today of the seizure of the American
tank steamer Brindilla by a British
cruiser, but told callers he was follow-
ing the case with interest.

Generally speaking, the president
said, a ship of a neutral nation, bound
from one neutral port to another, is
exempt from seizure. He added, how-
ever, that he did not know enough of
the particulars to say what position
would be taken by the American govern-
ment.

Acting Secretary Lansing of the
state department received a message
from the American consul general at
Halifax reporting the arrival of the
Brindilla under convoy of the British
auxiliary cruiser Caronia. No details
of the circumstances of the seizure
were given. Mr. Lansing said he
would await a detailed report before
sending instructions on the position of
this government.

The president said today that
Chairman Stone, of the foreign rela-
tions committee, had not consulted him
before making his speech last week
advising foreign nations to carefully
regard the neutrality of the United
States and declined to further discuss
the question.

COMPLAINT TO BE MADE.

NEW YORK, Oct. 19.—David T.
Warden, manager of the foreign de-
partment of the Standard Oil Co. of
New Jersey, said today he was await-
ing authorization from the board of di-
rectors before taking up at Washing-
ton the matter of the seizure of the
Brindilla.

He assumed, he said, that a com-
plaint would be made.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards'
Olive Tablets

That is the joyful cry of thousands
since Dr. Edwards produced Olive Ta-
blets, the substitute for calomel.

Dr. Edwards, a practicing physician
for 17 years, and calomel's old-time
enemy, discovered the formula for
Olive Tablets while treating patients
for chronic constipation and torpid
livers.

Dr. Edwards' Olive Tablets do not
contain calomel, but a healing, soothing
vegetable laxative.

No griping is the "keynote" of these
little sugar-coated, olive-colored ta-
blets. They cause the bowels and liver
to act normally. They never force
them to unnatural action.

If you have a "dark brown mouth"
now and then—a bad breath—a dull,
tired feeling—sick headache—torpid
liver and are constipated, you'll find
quick, sure and only pleasant results
from one or two little Dr. Edwards'
Olive Tablets at bedtime.

Thousands take one or two every
night just to keep right. Try them.

HOTEL DEMING READY FOR OPENING TUESDAY

Rush for Reservations Causes Man-
agement to Extend Formalities
Over to Wednesday Night.

The formal opening of the Hotel
Deming will take place Tuesday eve-
ning, when the first dinner will be
served, to be followed by dancing in
the banquet hall at 10 o'clock. Reser-
vations for dinner have been so nu-
merous, both for the regular dining
room and the "Tavern," which is the
name to be given the cafe, that it has
been found necessary to extend the
opening ceremonies to cover Wednes-
day night as well. The same rules will
obtain for Wednesday night as for the
opening night. The great interest be-
ing taken in the opening of the new
hotel it is believed augurs well for the
new enterprise.

The new hotel will be open for the
inspection of the public on Wednes-
day between the hours of 10 a. m. and
5 p. m., when representatives of the
hotel will act as guides for a view of
the premises, from top to bottom. The
place was visited by hundreds of spec-
tators Sunday.

Miss Ruth Neal, who was the sten-
ographer at the Terre Haute house for
several years, has taken space in the
office of the new hotel, and will con-
duct her business there. She will be
located in the north transept of the
new hotel, facing on Cherry street.

During the public inspection on
Wednesday the Jos. I. Melanson Shoe
Co., of Lynn, Mass., will have an ex-
hibit on the third floor in room 303
of misses', children's and growing
girls' shoes. The Wood Posey Co., of
this city, is the local representative
of the company, and A. M. Siersdorfer,
of the company, will represent it at the
showing, to which a general invitation
is extended to the public.

The busiest man about the new hotel
is Manager W. A. Cochran. He is
called on to attend calls from every
department of the hotel in the effort
to have everything in running order
for the opening, which is destined to
be one of the most important social
functions in the history of the city.
Damas Deming, promoter of the new
enterprise, was made the object Sun-
day of numerous congratulations from
local residents who were anxious to
congratulate him on the enterprise that
means so much to Terre Haute.

\$20,000 HOME RUINED BY FIRE AT CHRISMAN

By Special Correspondent.

CHRISMAN, Ill., Oct. 19.—The beau-
tiful \$20,000 home of Mr. and Mrs.
Frederick Kenton Thayer, located just
a mile and one-half north of this city,
was destroyed by fire at an early hour
Sunday morning. Mr. and Mrs. Thayer
left the farm and came to this city
about three weeks ago to reside during
the winter and the fire is thought to
be the work of an intruder. Ben Way-
mire, a tenant on the Thayer farm,
lives but 300 feet from the scene of
the fire and was the first to discover
the blaze, but arrived on the scene too
late to save any of the household ef-
fects.

The pretty home, known as "Kenton
Land," stood on a 110-acre tract of
land and was built in 1881 by Mr. and
Mrs. Samuel Kenton, deceased, grand-
parents of Mr. Thayer.

The house was an eleven-room struc-
ture and in recent years had been re-
modeled, making it one of the most
handsome homes in Edgar county. It
was furnished throughout with ele-
gant and costly furnishings, which,
with rare old paintings, cut glass,
china, silverware and many treasured
heirlooms, perished in the flames.

The loss will be great to Mr. and
Mrs. Thayer, who carry insurance only
to partially cover the same.

time will prevent a night attack. Vick's
will be found better than internal medi-
