SONG.  
My Dream Girl,  
by  
Mrs. Valeria Houser.

Simon Fendig, of Wheatfield, came today for a visit with relatives.

New cream and brick cheese, something fine, at C. C. Starr & Co's.

The Monon will run another 75c excursion to Chicago Sunday, July 17th.

All kinds of footwear for all kinds of people at Fendig's Exclusive Shoe Store.

Misses Mabel and Madalene Moore have returned from a visit with their friend, Zella Russell, at DeMotte.

We have relieved many tired, aching feet. We want to relieve more. Bring them to us. Fendig's Exclusive Shoe Store, Opera House Block.

Fresh butter and soda crackers, graham and oat meal crackers, snow flakes, luncheon toast, high teas, the finest goods made, at C. C. Starr & Co's.

A correct guess in the missing word contest was received Monday from Coral E. Moore, of Gowrie, Iowa. As the contest closed at noon Monday, this guess was received too late to be entitled to a prize.

My loan company is still making farm loans at 5 per cent. If you are going to need a loan make application now, as some other companies are already refusing to loan. John A. Duhalap, I. O. O. F. Bldg.

It is reported that the democrats of Indiana are to start a daily newspaper in Indianapolis and that the first issue will make its appearance about August 1st. The democrats have no state organ, and have not had one since the Indianapolis Sentinel suspended publication some years ago.

John Behrns, who sold his farm in Michigan a few weeks ago, has again invested in Jasper county real estate. Saturday he purchased one of the former Gifford farms in Barkley township. It is an improved farm of 100 acres of good land and was bought at a bargain, \$37.50 per acre. Mr. Behrns expects to move on the land.

The name of the person who took care of "Jasper," Gen. Milroy's horse, upon its return from the war, has been learned. H. C. Bruce, who died in 1890, had charge of "Jasper." The horse was shipped from the south to Monon, and brought from there to Rensselaer and placed on Mr. Bruce's farm south of town, where it remained until the close of the war.

F. B. Meyer is down from Gary today. He has not yet succeeded in renting a room for a drug store and may buy an interest in one already located there. The steel company are not at present selling any more lots on Broadway, the principal thoroughfare on the ground that there is already as many business houses as the city will support at the present time. Later as the population increases, additional lots will be placed on the market—at an advance in price.

The city pumping station has been having serious difficulty in pumping enough water during the hot, dry weather of the last few weeks. This has resulted mainly from the wanton waste of the water by many of the patrons. In many cases water has been allowed to run night and day from hose, notwithstanding the city ordinance making it unlawful to use the water for sprinkling purposes, except during certain hours. In case of a fire during this hot weather, the department would experience considerable difficulty in finding enough water to fight the flames. The city council is discussing how to prevent the misuse of the water privilege, and may decide to prosecute some of the violators of the ordinance unless the waste ceases.

Harvest hands like good strong coffee. Get Starr's home roasted and you will be sure to please them.

## J. N. Leatherman Elected Member of Library Board.

All members of the city council were present at the regular council meeting Monday evening except Councilman Grow.

J. N. Leatherman was elected a member of the library board to succeed the late Judge S. P. Thompson.

The street committee was authorized to purchase two car loads of crushed stone for use on the streets.

The city attorney was instructed to correspond with Prof. Smith, of Purdue University, and have him come and inspect the Washington street bridge, and furnish plans and specifications for its repair.

An ordinance providing for the flushing of private sewers was adopted under suspension of the rules.

A petition of Allen Swim for a sidewalk on Elm street to Franklin was referred to the street committee.

The marshal was instructed to put in a catch basin at the corner of Webster and Cornelia streets.

The city treasurer presented his report showing the following funds on hand:

## Automobile Turns Turtle While on Way to Ade Dance.

The Mrs. M. B. Alter automobile turned turtle while on the way to the Ade dance Monday night, and three of the passengers received injuries of a slight nature.

The accident happened just before the car reached Ade. The car contained the driver, Hugh Kirk, Merle Porter, Belle LaRue and Edna Hauter. The night was dark from the approaching storm and the lamps had gone out a few minutes before the accident happened. The car came to a turn in the road and the driver, thinking the turn was in the opposite direction, turned the wrong way. He saw his mistake before the car struck the fence, and in turning suddenly to avoid running into the fence, the car was overturned. It was a covered car, and this no doubt prevented more serious accident. The only injury suffered by the car was the breaking of the glass in front. Help came out from Ade and the car was righted and proceeded on to its destination.

Mr. Porter had a finger dislocated and elbow scratched; Miss Hauter had her arm bruised, and Miss LaRue received a black eye. The accident happened about nine o'clock.

## Fourteen Auto Loads From Here Attend Dance at Ade.

Fourteen auto loads went from here to Ade Monday evening and held a pleasant dance at Geo. Ade's pavilion. The night was dark and stormy and some of the dancers did not arrive until a late hour. Mr. Ade supplied the music until the arrival of Alonzo Healy at a late hour.

Many of the guests did not arrive home until nearly morning owing to the heavy rain.

A "Classified Ad." will find it.

## Garland Finishes Sixteenth in State Rifle Competition.

Captain Geo. H. Healey and Sergeants Jerry B. Garland and Don P. Warren returned this morning from the Fort Benjamin Harrison rifle range, where they have been for the past eleven days, the former as a range officer, Garland as a rifleman and Warren in charge of the rifle pit detail. Garland done some very remarkable shooting and was only 9 points behind making the team that will represent Indiana at the national match at Camp Perry, Ohio. After making the third regimental team, Garland was one of 90 to shoot for the state team and then the 28th man in the 36 high to enter the elimination match for the selection of the highest 24. He just got in as the 24th man in this shoot and entered the final contest for the selection of the team of 15. He finished as the 16th man, only 9 points behind the 15th place. Monday in the expert's match he ran a skirmish of 93 points, which is only 7 short of the possible score and is the next highest skirmish made in Indiana this year. Sergeant Haynes, of Franklin, an old rifleman, made one skirmish of 94 points.

In the 800 yard tyro match Garland was fifth with a score of 47 out of a possible 50, and in the expert's match he was sixth with a total of 381 out of a possible 400, making an expert's straight score at every range from 200 to 1,000 yards. His firing was regarded the most brilliant of any first year rifleman in the state and his total score in the expert's match this year was 8 points higher than the score made last year by Lieutenant Basil Middleton, of Connorsville, who was the winner in 1909. There is every reason to expect that Garland will be one of the best riflemen in Indiana in 1911, when he hopes to win the governor's medal, which is competed for annually.

Sergeant John B. Gangloff, who has generally exceeded Garland in the local matches, got a bad start in the regimental match this year and did not remain for the state competition, although he was only 17th man in the regiment. Corporal Harrison Timmons was twentieth in the same match. Both are first-class riflemen and can figure in future competitions with practice.

## Refuses to Obey Grandmother; Has Him Before Judge Hanley.

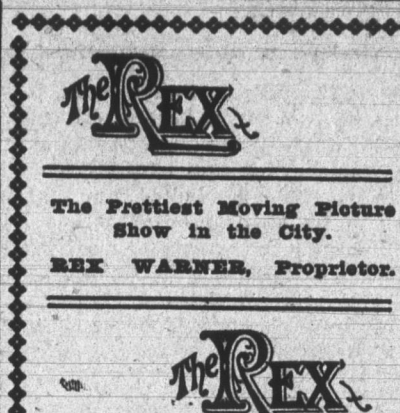

John Peterson, the young son of Beech Peterson, was before Judge Hanley this afternoon on complaint of his grandmother, Mrs. Richeson. The boy's mother is dead and he has been making his home with his grandmother during the absence of Mr. Peterson in Kansas City. The grandmother complained that the boy would not mind her and asked to have the court take him in charge under the juvenile court law. The sheriff found the boy climbing a tree to escape him and took him in charge. The case was continued until July 21st and the clerk was instructed to communicate with his father in the meantime, explaining the circumstances to him, and advising him to look after his son. The boy is no worse than hundreds of others and all he seems to lack is a home with proper surroundings. Mr. Peterson has been in Kansas City for some time working at his trade of painting. Some time ago he was knocked down by an automobile and has not yet fully recovered from his injuries.

## Tobacco Trust Raises Prices Three to Four Cents a Pound.

Tobacco merchants have been notified that the price of all varieties of smoking and chewing tobaccos had gone up three and four cents a pound on wholesale lots. This will probably mean an even larger increase to the retail trade.

Package smoking tobaccos that contained one and two-third ounces to the five cent package are now to have but an ounce and a half. This means about one more package will be necessary to make a pound than under the old plan.

The cause of the increase is given out as the new internal revenue law, which went into effect July 1st, adding two cents additional revenue to the pound, making an increase of four or five cents a pound to the consumer.

## General "Clean Up" Follows The Newark Lynching.

Newark, Ohio, July 11.—Before he had been in office an hour this evening, J. N. Ankle, the vice-mayor elevated to the office of chief executive of Newark, following the suspension of Mayor Herbert Atherton by Governor Harmon, had summarily removed Chief of Police Zerbe and Police Captain Robert Bell. He gave as his grounds for the removal the non-enforcement of the county option law which resulted in the lynching of Detective Carl Etherington Friday night. He appointed in their stead Charles Hindel, a former deputy sheriff, as chief, and patrolman Charles S. Wank as captain. He gave them orders to commence the immediate enforcement of all laws to the letter.

As soon as the new police officials had assumed office they caused the arrest of a second negro, who is held in connection with the Friday riots. Vance Mogre, of Zanesville, is alleged to have struck Carl Etherington, the raider, who was lynched, just prior to the fatal shooting of William Howard Moore is the second colored rioter arrested, Levi Valentine, a colored mate, having been arrested in the afternoon.

Mayor Atherton upon a receipt of a telegram from Governor Harmon late this afternoon, immediately turned over his office to Ankle. He will of course put up a defense, he declared. "I have a witness who will testify that the local raiders refused to file charges against the speak eases' with me because they do not want me to have the credit of cleaning up the town. I will not step down tamely."

## Another Book By Mrs. Margaret Hill McCarter.

Mrs. Margaret Hill McCarter, a former teacher in the Rensselaer public schools before her marriage, is to publish another book this fall, which is to be her crowning effort as an authoress. The title of the book is to be "The Price of the Prairie." This is a story of Kansas, and the conflict of the whites and Indians, culminating in the famous Osage massacre, which is most graphically described. Combined with the thrilling story of frontier strife is a gentle, love story and some remarkably poetic descriptions of the glamour and splendor of the plains before the coming of civilization blotted it out. While the story is primarily fiction it is based on historical events and into it are woven such famous characters as Gen. Phil Sheridan, Gen. Custer, Col. Forsythe, Lieut. Fred Beecher and many others.

## Hunter's Paradise to Be Platted Into Town Lots.

Orders were given Monday to plat 1,700 acres belonging to the Tolleston Gun club, of Chicago, near Gary, into 16,000 city lots. The land, originally purchased for \$17,000, is now, through the building of Gary, valued at \$2,000,000.

It is owned by wealthy Chicagoans and was at one time a hunting paradise. Many bloody battles were fought between club watchmen and poachers. Five lives were lost in this way. The big club house was in bygone days the scene of brilliant social gatherings from Chicago at spring and fall shootings. Wolves, pelicans and wildcats were shot in the preserves in former days.

Pickling vinegar and fine white table vinegar, the best you ever used, at C. C. Starr & Co's.

The rain enjoyed by Rensselaer last night seems general all over the state and in some parts severe storms of wind are reported with considerable damage to property. The rain was badly needed here, pasture lands, corn fields and all crops suffering. In the southern and central parts of the state the rain was more general the past two weeks and crops are looking fine.
