Fought Catarrh for 20 Years.

Here is a letter that we sincerely ask every reader of the Republican to read. If you suffer from catarrh or any nose, throat or lung ailment, read it over twice, and then consider if you can afford to ignore a prescription with the healing virtue of Hyomei (pronounce it Hy-o-me):

Booth's Hyomei Co., Buffalo, N. Y.
Gentlemen—"I suffered terribly with catarrh in the head for twenty years, and I tried many prescriptions, but never found relief. I have used Hyomei for two weeks and find it the best preparation I have ever used for catarrh. Every cold I would catch seemed to go to my throat, and I had to use gargles for days at a time. Now when I catch a cold in the throat I use the Hyomei inhaler and this soreness disappears over night. Hyomei has put me on the good road to getting rid of my catarrh, and if you want to use this letter to publish in your advertising, do so. Perhaps it will help some other sufferer."—W. K. Engle, 703 Walnut St., Reading, Pa., Oct. 5, 1909.

Mr. and Mrs. Morton Wells departed this morning for their future home near Minot, N. Dak. Morton and his brother rented some 600 acres of land near Minot, which they have largely in cultivation. Morton returned home in June and on the 29th of that month was married to Miss Ethel Walker, daughter of Mr. and Mrs. Ed Walker, of Barkley township. It was feared that the drouth in North Dakota would almost ruin their crop and Morton had planned to reside here this winter and simply take a trip back there and aid with the harvest but the first of this week he was notified by his brother that the outlook was now very much more encouraging and that they were sure of better than half a crop of wheat of which they had 200 acres out. This good news decided him to move out at once and their departure was made this morning.

Mrs. John R. Phillips came from McCosyburg this morning to see her little grandson, Jay Wood, son of Mr. and Mrs. Van Wood, who underwent an operation Monday to have the pus removed from the pleural cavity. He recently had pneumonia and the pus formed following his partial recovery. He is still in a rather critical condition and it is probable a drainage tube will be inserted to keep the pus drained off. He is 4 years of age.

Lyman Zea is recovering from his broken arm accident very slowly. The plaster cast was removed from his arm Monday but it will be several weeks and possibly months before he can do any manual labor. The injury was sustained on May 28th and the break was a severe one. As Mr. Zea is a poor man and has to depend on his daily labor for the support of his family the injury has been a great hardship to him. Some charitably disposed people have given him some help and others doubtless will be pleased to help him.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and all run-down. Burdock Blood Bitters made me a well woman."—Mrs. Chas. Freitoy, Moosup, Conn.

The Wrong Knee.

The late Archbishop of Canterbury was for many years fearful of a stroke of paralysis. Seated at the right of Countess T. — at a brilliant banquet, he startled the guests by rising and remarking: "Brethren, it has come at last—that I have feared for forty years, a stroke of paralysis. I have been pinching my knee for the last twenty minutes and can't find the least sensation there. 'Pardon me,' said the countess, 'but that was my knee that you were pinching.'"

This is the Limit.

There is a sheep on the head of Greasy that has a green coat of leaves on it. This is quite remarkable, but nevertheless it is true. The sheep was not sheared last fall and caught an extra lot of burs and the warmth of the sheep's wool sprouted them during the warm weather this spring and the sheep now has a coat of green leaves.—Hyden Thousandsticks.

Reasoning of Youthful Mind.

A schoolmistress whose hair was of the blackest hue, was one day giving a lesson on a coal mine to a class in Suffolk, England. To make the lesson interesting as possible she went on to say she had herself been in a coal mine. A little lad put up his hand, and when pointed to, said: "Please, teacher, is that what made your hair so black?"

A bird dealer in Paris is trying to raise canaries of an orange red tint by feeding the parent birds on cayenne pepper.

K. O. K. A. Boys to Give a Benefit at Rex Friday Night.

The boys of the Knights of King Arthur will give a ten cent performance at the Rex theatre Friday night to try to get enough money to outfit their baseball team for the coming season. The K. O. K. A. boys will go to the Boy's City in large numbers this year and the local enthusiasts have two objects in view. The first is to land Cope Hanley as mayor and the second is to win the baseball championship. They won the championship last year and have practically the same team except that it is better. The benefit at the Rex will consist of a double program of AB films and a good illustrated song.

Newland played Pleasant Ridge Sunday, with the score 34 to 6 in favor of Newland. The Newland boys were all singing as they came home, "Oh what Tom Woollever came home from Minot, N. A pretty good joke was that played on a rotund alderman, who wandered about the streets bearing a placard on his broad back inscribed:

"Widened at the expense of the corporation."

"I saw you kiss sister last night."

"Did you, Bobby? Here's a quarter for you."

"Thanks. And I saw you kiss the maid in the hall."
