Before you go on your vacation be sure and look at the swell line of trunks, traveling bags and suit cases at Duvall's Quality Shop.

C. EARL DUVALL.

Peaches are said to be selling for 60 cents a bushel in Chicago. In Indianapolis they sold for \$2.00 and \$2.25, and in Rensselaer from \$1.75 to \$2.00. The Indianapolis News can't understand it.

Be sure and see the nobby tailor made suits at Duvall's Quality Shop. Beautiful fits, patterns and styles, and at reasonable prices.

C. EARL DUVALL.

The lid is said to be tilted badly in Indianapolis and Mayor Shank is accused of not sitting on it quite as tightly as he did for some time. The News gives the names of several saloons that were run wide open last Sunday and no arrests were made.

Mr. and Mrs. M. E. Ketchum, of Chicago, arrived in Rensselaer on a motorcycle last evening from the south. They have been making a trip by motor tandem through the state. When they returned this far, Mrs. Ketchum decided to take the train to Cedar Lake, rejoining her husband there, as she feared the sand in the northern part of this county.

All we ask is to put on one of Duvall's Quality suits and you will never buy any others, as they are perfect in fit, quality, style, tailoring and prices.

Today is a scorcher, temperature about 100 in the shade and not much breeze blowing. And the flies are awful. For the fourth successive day the weatherman prophesies thunderstorms. Nothing to it so far. Well, corn is not suffering and this is great harvest weather.

Erhardt Wuerthner was in from Newton township this morning and stated that he recently sold some four months' old hogs for \$13 each, bringing 10 cents a pound. Ordinarily he would not have sold hogs at that age, but he figured that he could get about as much now as he could when they weighed 200 pounds if the price dropped to 8 cents, so he sold them. Newton township is enjoying its full share of prosperity and all crops are looking fine.

Senator A. Halleck and family and Mr. and Mrs. J. A. McFarland took a nice trip Sunday in the former's automobile, which has recently undergone some repairs and is now in perfect running order. They went to Winamac and dined on the Tippecanoe banks and then went on over to Lake Maxinkuckee, viewing the Culver academy buildings and premises. The trip back was made after night, and they reached home about 11 o'clock, not having had an accident and having a very enjoyable trip.

Dyer has a town marshal who is trying to enforce the anti-speed law regarding autos and motorcycles. Monday the marshal was calling a motorcyclist down for his reckless running and was just about to make an arrest when the cyclist kicked the marshal on the shins, mounted his machine and made his escape. The surprised marshal fired two shots from his revolver at the vanishing man, but the bullets went wide. He then telephoned to the marshal of Maynard, who arrested the shin kicker and lodged him in jail. Better run slow at Dyer.

We have just purchased 4 lots of nobby suits from the wholesale house in fine blue serges, fancy cassimers and worsteds. Original prices \$20 and \$22. Prices now \$15.00 for your choice.

C. EARL DUVALL.

London Times Correspondent Praised Fredericksburg Attack.

Noticing in your issue of July 5th, a very able and interesting article from the civil war veteran, John Kresler, about the battles of Fredericksburg and Gettysburg, I wish to copy what the London Times correspondent, who watched the Fredericksburg battle from the heights, says:

"Never at Fontenoy, Albuerto nor Waterloo was more undaunted courage displayed than during those six frantic dashes which they directed against the almost impregnable position of the foe. That any mortal man could have carried the position, defended as it was, it seems idle for a moment to believe. But the bodies which lie in dense masses within forty-eight yards of the muzzles of Colonel Walton's guns are the best evidence what manner of men they were who pressed on to death with the dauntlessness of a race which has gained glory on a thousand battle fields and never more richly deserved it than at the foot of Mary's heights on the 13th of December, 1862."

Misses Bessie and Jane Moody went to Chicago this morning for a short visit.

Charles Tyler is down from Chicago for a short visit with his mother, Mrs. Anna L. Tyler.

Van Grant and family moved last week to their home that recently was damaged by fire and which has been thoroughly remodeled.

W. J. Wright and family are planning a trip to Medford, Oregon, to visit Bert Marshall and wife and the men expect to put in some time hunting game. They will be absent about five weeks.

A. E. Wallace advertised a pocketbook that he had lost, in the Republican. A day or two afterward Charles Steward found the purse on his gate post. The money, about \$5, however, was missing, but some keys and papers of value were still in the pocketbook. Firman Rutherford never recovered his, which contained about \$40 and has about decided that it fell into dishonest hands.

The Kentland Democrat relates a run of bad luck which Trustee Henry Cannon, of McClellan, Newton county, had last week. He was driving four horses to a binder when he saw that a field of hay was on fire. Hastily unhitching his horses, he started for the fire. The horses became frightened and ran away, the fire destroyed about twenty acres of timothy, the horses ran into a barb wire fence and were cut some, the harness was ruined and Mr. Cannon suffered a painful cut on one of his legs while getting through a wire fence after the horses. There was about 30 tons of hay in the field.

Chicken Thief Pays Visit To Dr. Hemphill's Hennerly.

Dr. Hemphill was awakened at about 2 o'clock Monday night or rather Tuesday morning by the discharge of a signal attached to his chicken park gate. He hastened down stairs with the shotgun and just as he reached the chicken park he saw a man beat a hasty retreat to the south, going toward the Simon Phillips residence. He set out in pursuit, thinking that he might get a shot at the intruder, but the scallawag ran directly toward a window of Mr. Phillips' house and the doctor was afraid to shoot for fear he would injure some one in the house. The thief darted around the corner of the house and made his escape. Load the shotgun. Some one will get one of these thieves yet.

Peculiar Stranger Given His Freedom From County Jail.

W. H. Kearney, as the mysterious man who was confined in our county jail, gave his name, was released last Saturday on authority of the county clerk of Newton county. Kearney seemed entirely rational following the day that the milk was forced down his neck. Last week he was rather impatient to be set at liberty. He had neither hat nor coat and his shoes were in bad condition. The sheriff fitted him out with shoes and hat, but he started away coatless. He said that he was going to see his father at Buffalo, N. Y., but it is believed that he will first try to get a job at Gary, whither he started.

The Home Grocery is introducing a new sealer for Mason fruit jars, known as Keeran's Vacuum sealer, which does away with rubbers, seals instantly and is absolutely a sure keeper. 10c a box. Try them.
