**W. V. PORTER.**  
**F. E. LEWIS.**

## Eczema—A Germ Disease Can Now Be Cured.

The medical profession is all agreed that ECZEMA is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo, the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by ZEMO is explained in an interesting book on the subject issued by the makers of ZEMO. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff, and all diseases of the skin and scalp. Call at A. F. Long's Drug Store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.

Force of habit and the pulling power of custom, as well as the wisdom of sticking to one's own line of business are illustrated in a story going the rounds, of a base ball reporter on a city paper who was sent to report a sermon by a new minister, because of the illness of the church reporter. Here is the "copy" he is said to have turned in: "Quite a bunch was present, last Sunday evening at the Third street church owing to the presence of a new star in the box and the boosters were anxious to get a line on his work. Rev. Blake is certainly there with the goods and performed to the satisfaction of all present. It being his first appearance on the local grounds he was a little nervous in the first inning, but later, encouraged by the coaches in the amen corner, he let himself out and had no trouble to put them over. From then on he had the game well in hand. His New Jerusalem slow ball is a peach, and when he turned loose on eternal punishment his speed was terrific. As this was his first work-out, it is too early to predict a future for him, but if he can keep up the gait he has started, it's him for the big league next season."

### Trinity Methodist Church.

Sunday morning there will be baptism and reception of members.  
Epworth League meets at 7:30 P. M.

## The Latest About The Monon Ditch Case Muddle.

Winamac Republican.

"We have gone over the land of about eighty remonstrators within the last week," said Judge Henry Steis in reviewing the progress of the Monon ditch situation, "and the tendency seems to be that practically all Pulaski county remonstrators will adopt the present method of personal investigation by the court."

The method pursued by Judge Steis is to examine the land described in each remonstrance and take full notes of his findings of fact while he is on the property. Cost of settlement of the cases is thereby decreased over one half of that of the old trial method.

No findings of the court have been reported since the reduction of the Clark assessment. During the first week in August Judge Steis is planning to make an extensive report on the result of his investigations. Remonstrators affected by the report will be notified of the time and the findings regarding the individual remonstrances will be given in court together with the reasons for the decision.

### No More Receipts Will Be Issued.

Hereafter if you wish a return receipt from the receiver of any registered letter which you may send, you must endorse your letter "Receipt desired" or with words of similar import. This is in accord with a recent revision and amendment of Section 3928 of the Revised Statutes (855, P. L. & R.) and is done to lessen the work in the registry section of the Post Office. The order sent out to all postmasters says: "In accordance with the amendment, postmasters should not hereafter prepare receipt cards for return to senders of domestic registered letters or parcels that do not bear the endorsement receipt desired" when an article is receiver for registration, the registration receipt issued to sender and the registration record shall be similarly indorsed.

### Wanted—The Account Books That Were In My Suit Case.

If the party who has my suit case will kindly return the account books therein or leave them where I can get them, I will be very grateful. They are badly needed. Will ask no questions if the books are returned to my possession.

FIRMAN THOMPSON.

The Home Grocery is introducing a new sealer for Mason fruit jars, known as Keeran's Vacuum works, which does away with rubbers, seals instantly and is absolutely a sure keeper. 10c a box. Try them.

During the last week the Pennsylvania railroad placed an order with the Brooks Locomotive works, Dunkirk, N. Y., for sixty-five engines of the consolidated type. The locomotives are wanted for immediate service and are to be delivered as soon as they can be built.

Thomas Smethers of Warren was instantly killed and George Smethers of Warren and Thomas Kayler, of Columbia City, were badly bruised when their automobile ran into an open ditch one mile west of Warren. The dead man's neck was broken. He leaves a widow and a three-year-old daughter, who are at present in Canada on a visit.

Wiring \$500 from St. Louis and promising to pay all judgments, the Standard Automobile company prevented the sheriff's sale of property at Wabash Wednesday. Prospective bidders were present from Chicago, Goshen, Elkhart, Ft. Wayne, Attica, Rockford, Ill., and many other cities. The company had proposed to build a factory in Wabash when its property was attached.

The National Dental association at its session in Denver Wednesday adopted a resolution indorsing Senator Owens's bill for a national department of public health. Senator Owens's measure provides for a cabinet officer to be at the head of the proposed department. The convention also voted its approval of the navy department for giving rank to dentists in the United States navy.

Fascinated by her picture, which appeared in an advertisement for a business college, Forest Graves, of Logansport, began a correspondence with Miss Carrie Loser, which culminated in their marriage Tuesday.
