B. J. Moore plans the remodeling of the house he purchased last year and will begin work on it shortly, residing in the Dr. Tuerler house while the repairs are being made.

A number more "Proctor regulative saloons" were established by elections held Thursday. Marionville joined the "wets" as did also Union City, the latter city by a majority of only 2. Elections will be held today in Newcastle, Henry county, and in Jackson township, Miami county.

Dick Crowell was in town a few hours yesterday on his way from Waukegan to Kokomo. He is going to the latter place to go to work in Frank Parcel's cigar factory. Frank has been employing two men beside himself and has found it necessary to take on the third.—Monticello Journal.

Our Stock Co. is here for their play tonight. It is a western drama entitled "The Last Round-Up," and has been giving satisfaction all around the circuit. The stock company gives us the best plays we have ever had in Rensselaer and theatre goers are delighted with the playing. Next week, the company will present St. Elmo.

Hon. E. B. Sellers was one of the speakers at the Scottish Rite banquet in Indianapolis last evening. His address was impromptu, as he was called on to take the place of an orator who was unavoidably detained. His address was well received and pronounced to be better than the most of the addresses given.—Monticello Journal.

Today is presenting a variety of weather. A bright sun that looked quite springlike greeted us in the morning, but clouds began to fit across the horizon during the morning and by noon old Sol was completely obscured. The weatherman predicts a snow to close up the month with indications are favorable for something of that sort.

Remonstrances were placed on file from the 2nd and 3rd wards today and are sufficient to keep Rensselaer "dry" for the ensuing two years. There were 120 power of attorney cards in the 3d ward and 25 in the 2d. There were 200 votes cast in the 3d ward at the last mayoralty election and 175 in the 2d. Thus the majorities against the saloons are sufficient and some to spare. There is no contest whatever in Rensselaer and it is probable that a close canvass would have secured a number more signers.

Eden Brothers Are Really Going
Back to Wives' Relation.

At noon today William and Henry Eden and their families arrived in Rensselaer in the two movers' wagons in which they passed through Rensselaer two weeks ago en route to Texas. This time they are headed back to Michigan, and are really "going back to their wives' relation" and don't make any bones about telling it.

According to their story their wives are sisters and they are heirs to some property in Michigan. They had away but after they left Michigan the relatives that owned the property fell and broke a hip and then "kicked the bucket." They did not learn of his death until they reached Danville, Ill., and they were informed that other heirs were making arrangements to gobble up everything in sight and so they decided to back track and they have been going it as fast as their teams could push along.

They state that they have given up the Texas trip until fall. They admit that they were a little off in saying that they were going to Houston via Mobile, but they were not familiar exactly with that country themselves and intended to leave the river boat at the point best adapted for overland travel to Houston.

W. H. Morrison is packing his household goods preparatory to removing to South Dakota. Mrs. Morrison and the two children went to Chicago today to remain until they start for the northwest.

Attorney Moses Leopold returned this morning from a visit in Chicago and Hammond. At the latter place he saw three boxing contests and a wrestling match, but he thought they were tame affairs and he thinks either Polos or Coburn could beat their champion easily.

Charles Thomson, the blacksmith, son of James Thomson, was operated on yesterday for the removal of fluid from the pleural cavity. The process employed was aspiration and almost a gallon of pus was withdrawn. He is at the home of his father and his recovery will probably be very slow.

Mrs. Zimri Dwiggins left this morning for her home in Lincoln, Neb., after a visit of several weeks here with her mother, Mrs. Elizabeth Purcupile and other relatives. She was accompanied to Chicago by her sisters, Mrs. J. F. Hardman and Mrs. A. F. Long, and the latter's daughter, Miss Martha Long.

Mr. and Mrs. W. J. Anderson, who recently moved from Rugby, N. Dak., to the state capital at Bismarck, are now settled in their new home and he in his position as chief clerk in the office of the secretary of state. Mrs. Anderson is a sister of Charley Morlan, of Rensselaer, and he was engaged for some years in the newspaper business.

Sherman Poole, who came here from Kankakee, Ill., to work as a baker for Barnes, has been quite sick for several days at his room over The Republican office. He is some better today. His wife is expected to join him here tonight and they will make Rensselaer their home. He is said to be a thoroughly competent baker. His wife is a cousin of W. I. Yates and niece of A. K. Yeoman.

Monticello is to have another bank, making four for that city. It is to be named the Farmers State Bank and will open for business Saturday. The principal stockholders are J. D. Timmons, Frank J. White, A. A. Ahier, James Lods, W. F. Brucker, L. G. Gustavel and B. B. Baker. There are something like twenty more equally substantial men holding stock in the bank. The bank will occupy the room recently vacated by the White County Abstract Co., and fine furniture has been purchased for it. J. D. Timmons is the president and B. B. Baker is cashier. The capitalization is \$25,000 and it is understood that the bank will open with at least \$25,000 deposits, the stockholders having guaranteed that.

Frank Morlan, brother of Charley Morlan, who proved up a claim in North Dakota and sold it, and who has been coming back to Rensselaer about every year, is now engaged in proving up another claim. This claim he came into the possession of through his marriage to a young lady from Columbus, Ohio, who had staked out the claim and was working with true frontier grit. Frank met the Miss, and offered to do the hard work on the farm for life interest in it and its owner, and the result was their marriage. The farm is near Williston, and Frank is now engaged in building a barn and in getting ready to start the spring seeding. We don't know how good a farm the young lady picked out but if she was as successful in picking out a good farm as she was a good husband, the North Dakota investment will prove a very happy one.

NATURE TELLS YOU

As Many a Rensselaer Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills are for kidney ills.

Rensselaer people testify to this. William Clift, 523 College Street, Rensselaer, Ind., says: "I had kidney and bladder trouble and my back ached severely. I did not sleep well and was annoyed by a too frequent desire to void the kidney secretions. I took doctors' medicine and remedies of various kinds, but found no relief until I procured Doan's Kidney Pills. Since using them my back has not troubled me and I have felt better in every way. It gives me great pleasure to endorse Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
