Mike Dalton Employed as Brick Mason at College.

Mike Dalton, the man who was a victim of pickpockets at the Monon depot in Hammond last Saturday, is a brick mason employed on the college gymnasium. He had purchased a ticket at the Hammond depot and a few minutes later found that his pockets had been picked, his ticket and about \$32 stolen. He was placed to further expense as he had to borrow money to get back to Chicago and then to borrow money there to come to Rensselaer.

Nine Prisoners Saw Bars And Escape From Kankakee.

Nine prisoners sawed the bars and escaped from the jail at Kankakee, Ill., Tuesday night and made their escape. The delivery is supposed to have been led by Charles Carney, suspected of being the leader in the diamond robbery at the home of Nellie Clark recently. The others who escaped were W. A. Norton, Geo. L. Hickard, John Richards, Lawrence Shoin, John Kelley, Geo. Loughran, Eugene Ware and Charles Robertson, all under arrest on charges of robbery. Four other prisoners refused to escape with the gang and were threatened with death if they exposed the plot during the several days when the leaders were arranging it.

DR. ROBINSON WON GUN CLUB MEDAL

Remington Dentist Tied With C. H. Peck and Won in Shoot Off at Match Held Tuesday.

The most successful meeting the Rensselaer Gun Club ever held was that of Tuesday, when seventeen competitors engaged in a match. The most interesting of the events was the match for the old Iroquois Club medal, which John M. King won for several years and which the Rensselaer Gun Club purchased of him two years ago. Joe Parks, of Brook, won it at that time and has held it since. This match was a twenty-five rock event and the scores of the leaders follow:
Dr. Robinson, Remington 22
C. H. Peck, Remington 22
Everett Brown, Rensselaer 21
L. M. Corey, Brook 20
J. Corey, Brook 20
In the shoot off Dr. Robinson won, Mr. Peck, who had held the medal one year some time ago, proving his sportsmanship by shooting below his form.

The handicap match of 150 rocks, shot in stages of 25 each, was won by Everett Brown, who broke 139. The higher scores follow:

Brown 139, C. H. Peck 135, Joe Peck 131, J. Corey and C. E. Eger each 122, L. M. Corey 118, J. Graham, of the E. C. Powder Co., and W. D. Standard, of the Dupont Powder Co., were both on hand and shot in the handicap match. Graham broke 135 and Standard 134. Graham represented the United States in the Olympic matches last year and is regarded one of the best blue rock shots in the world. The handicaps in the match were from 16 to 20 yards. Brown, Peck and Parks shooting from scratch.

It is probable that another match will be held this fall, possibly more than one, although the present plans provide for only one, a turkey match before Thanksgiving.

C. H. Peck had the only perfect score during the shoot. In the third set of the handicap he broke all twenty-five. Brown broke 24 out of 25 in the first set.

Considerable Inconvenience In New Telephone Directories.

Telephone patrons are caused considerable inconvenience by the new directories, which do not contain the names of the Bruner patrons. Many subscribers are not supplied with the Bruner cards and when some country line is wanted the patron is referred by "central" to "information" and from there back to "central" and then the line is found busy and if you want another country line you can go through the program again.

All of the names should be in one book or preferably on one card, which is vastly more convenient as it can be handled with one hand. If the book system is to be used it should be indexed, and new books should be published to replace the very unhandy ones recently distributed.

Enormous Siege Guns and Huge Zeppelin Fleet to Face English

Amsterdam, Oct. 13.—(Correspondence of the Associated Press)—Reports are current in Berlin that the Krupps have completed some enormously heavy guns of a calibre and range never before attempted and that a large fleet of Zeppelins, according to some reports numbering 80 or more, is being collected near Kiel, awaiting a favorable opportunity to sail for England, according to the statements of a British newspaperman who has just returned from Berlin to Amsterdam. Artillery officers assured this correspondent that the new Krupp guns have a range of 25 miles, and probably are destined for use at some channel port in event the Germans secure a foothold there. He also says that the aeroplane factories in Germany are working day and night supplying machines and that 200 aviators are qualifying for military service each week.

"The English are more hated than either the French or Russians," he said. "The German would rather capture one Englishman than twenty of the others. In Germany, England is blamed for it, rightly or wrongly. She is accused of being at the bottom of this war. Neither officers nor men of the German army seem to have much regard for the English army as a fighting machine, but they freely admire the pluck of the British officers and the rapid range-finding abilities of British artillery."

"Judging from what I saw in Berlin, that city holds at this moment another five or six army corps of able-bodied young men attached either to the first or second reserve or to the landsturm. The same proportionately may be said of all the other German cities. Everywhere I was struck by the boundless enthusiasm for war. It is true that all the news is subjected to a severe censorship, and therefore the people do not know other than that they are winning all along the line. Some more sober minds in Germany admit that they will get hard knocks some time and somewhere, but they have no doubt Germany will win. The prevalent opinion is that in view of the amount of German blood spilled in Belgium that country inevitably will cease to exist except as a part of the German empire. Holland is regarded as a negligible quantity and it is taken for granted that the low countries will, of their own accord, become one of the German bundestaaten."

"While it is true that there have been many commercial failures, in spite of this fact business is going on as usual, and in Berlin there are no unemployed crowding the streets. Food is cheap and plentiful and it is asserted that there is a sufficient stock on hand for at least three years. So far as I can judge, Germany is far from being 'on the knee,' and we will need every available man to down an enemy who is so determined and whose enthusiasm borders on fanaticism."

An American resident of Berlin who also has just arrived in Amsterdam, says it is impossible for the people in Germany to estimate the total German casualties. The lists published in Berlin give the losses of the Prussian army only, while the losses of the Bavarians, the Saxons and the Wuertembergers are published only in those kingdoms.

Holland Young Lady Learns
Of War Conditions in Old Home.

Miss Susie Kanstra, a young lady from Holland, who has been in the United States for about a year and a half, recently received a letter from her sister at her old home and it told of the terrible conditions brought on by the war. She lived in a small town, about half the size of Rensselaer, and her sister told her that at the time the letter was written there were about 60 Belgian refugees and 110 English refugees there seeking safety from the war horrors. She also related how a Holland vessel had gathered up a lot of English sailors after a German submarine had sunk a British cruiser.

Obituary of Mrs. Ludtke.

Henritta Ludtke died Oct. 2nd, 1914. She was born in White Hights, Germany, in 1840. She was united in marriage to Alexander Schrader at Visig, Germany. Years following they emigrated to America, arriving at New York June 1, 1866, after traveling about. They finally settled in Walker township. To this union were born ten children, five of whom are dead. Five living, namely, Mrs. Geo. Dunn, of Medaryville; Mrs. Fred Amdt, of Wildens; Otto C. Schrader, of Tefft; Edward Schrader, of Dunns; and Emiel Schrader, of Minot, N. Dak. Deceased is also survived by twenty grandchildren. In 1898 her husband preceded her to the great beyond. Deceased was a member of the Lutheran church. The funeral was conducted by Rev. Lemberd, of Wanatah, Ind. Interment took place at Hershman cemetery, Monday, Oct. 5th. Her age was 74 years, 4 days.

We thank one and all for their kind words and assistance in our grief.—The Children.

Secretary Bryan, back from a campaign speaking tour in Ohio and Indiana, was at his desk in Washington Monday to stay until Thursday evening, when he leaves for Tennessee, Missouri, Colorado and North Dakota.

DAIRY SHOW

Monon Arranging Special Train
Service for National Event.

For the first time in the history of the national dairy show, Hoosiers will have an Indiana day. The date is Tuesday, Oct. 27. In order that the dairymen of the central part of the state may have a comfortable and pleasant journey the Monon railroad will run special cars to Chicago on Monday evening. The train will leave Indianapolis at 4 p. m. and will arrive at 9:30 p. m.

Stops will be made at Sheridan, Frankfort, Delphi, Monticello, Monon and Rensselaer for parties from each of these places.

John Priest, traveling passenger agent for the Monon, and A. W. Orr, are putting forth their best efforts to make this an enjoyable trip. Special service will be given in every way possible. People going to the dairy show will arrive in Chicago in time for a comfortable night's rest and will be ready to make the most of Indiana day. Parties interested in this trip should get in communication with Mr. Priest, of the Monon, or write the dairy division of the agricultural extension department of the university, Lafayette, Ind.

THEY ALL DEMAND IT

Rensselaer, Like Every City and Town in the Union, Receives It.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but not permanently. Doan's Kidney Pills have brought lasting results to thousands. Here is proof of merit from this vicinity.

Mrs. Mary E. Warsher, S. James St., Goodland, Ind., says: "I was taken with an acute attack of kidney trouble and distressing pains across the small of my back. I had but little ambition, and the least exertion tired me. I was nervous and in the morning when I first got up, I felt no more rested than when I went to bed. The statements I read about Doan's Kidney Pills so convinced me that I finally began using them. I never took another medicine that gave such prompt relief. Two boxes completely cured the attack and I had no further trouble for some time. Then I at once used Doan's Kidney Pills and they again brought relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Warsher had. Foster-Milburn Co., Props., Buffalo, N. Y.

MEXICAN SHOTS FALL IN U. S. TOWN

Gov. Hunt, of Arizona, Makes Appeal to Washington for Protection From Warring Factions.

Douglas, Ariz., Oct. 13.—Mexican fire from the Villa faction besieging Agua Prieta, Sonora, and its Carranza garrison crossed the international line again today.

One trooper of the U. S. border patrol received a shot through the hat last night and the rain of bullets caused the inhabitants on the border side here to seek safety in the northern section of the city. A statement of conditions here was telegraphed to Governor Hunt at Phoenix by Captain C. S. Booher, of the Arizona national guard.

Governor Hunt made another appeal to the government at Washington for more vigorous action by the federal border patrol.

The casualties so far reported are one killed and two wounded in the garrison under Commander Filomena Acedo and 11 killed and 30 wounded among the attackers.

Forty thousand rounds of ammunition were used by the Acedo forces last night.
