One Bottle of Rheuma Relieved Woman Who Could Not Walk.

Marvelous as this story may seem, it is absolutely true, but this is only one of the many almost magical cures that Rheuma is performing these days. Use of one bottle will convince any sufferer.

Mrs. Gertrude Kozel, Smithfield, Pa., writes: "I had rheumatism for over a year. It settled in my ankles and I could not walk. I have taken one bottle of Rheuma and do not have any more pain, and I can again walk at will."

B. F. Fendig and all druggists sell Rheuma for 50 cents. It is guaranteed to cure any case of any kind of rheumatism or money back.

Gratifying relief comes in a day, because Rheuma acts at one time on the kidneys, stomach, liver and blood, and starts to rid the entire system of poisonous uric acid at once.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Wheatfield People Before The Grand Jury Monday.

Some fifteen or twenty people from Wheatfield were before the grand jury Monday. It is understood that an effort was being made to secure evidence against William Weiss, who runs a "dum" of some sort or other in Wheatfield. Weiss's name has been associated with illegal handling of liquor for many years and it was the claim that he was selling whiskey during the days when Wheatfield was without a saloon that resulted in the granting of a license there. But Weiss has avoided successful prosecution so far. Whether this grand jury will return indictments or not is not known at this writing.

Other witnesses are being called today, Tuesday, from DeMotte and Keener township, in an effort to break up illegal sales there. Both Wheatfield and DeMotte have saloons, but it seems that this fact does not prevent the operation of blind tigers and bootlegging.

Huerta was passed by the immigration officers after he had taken oath that he would not in any way do anything that would involve the neutrality of the U. S. He stated that he had come to the United States on business and also for a pleasure trip. He swore that he had no intention of going to Mexico or to Cuba.
