The state treasury department received a check for \$100,000 from John B. Cockrum, an attorney for the New York Central lines, the capital stock of which he has just increased from three to four hundred million. The road also paid heavy fees in surrounding states for filing its notice of increases in capitalization.

Million View U. S. Fleet.

More than a million people viewed the Atlantic fleet under the command of Admiral Fletcher as it swung at anchor in the Hudson river. It was estimated that it was the greatest number ever witnessing a naval mobilization of which this is the third and in which all the vessels are of the American navy.

Attempt to Assassinate Garza.

An attempt to assassinate Gonzales Garza, the convention provisional president of Mexico was made early Sunday by troops led by Gen. Barona, former military commander of Mexico City, according to dispatches received at Washington. The troops were repulsed.

Shively in Poor Health.

A dispatch from Washington says that Senator Benjamin F. Shively's condition continues to be a cause for alarm among his friends. He became an invalid before the last session of congress adjourned and has not been at his office in the capital since. He has been confined to his room most of the time.

No Neutrality Here.

John F. Coar, professor of German at the University of Rochester, refused Monday morning to teach his classes in German, explaining to them that under the present conditions he felt unable to do so owing to the Lusitania disaster. Dr. Coar says that he does not feel able to teach the ideals of Goethe and Schiller so wholly incompatible with present conditions.

Frank Resentenced.

Leo M. Frank was resented on Monday to be hanged on June 22nd. When Judge Hill asked Frank if he had anything to say he threw back his head, stood erect, and declaimed it with the emphasis and gesture of an attorney making a plea before the court. When Frank had finished the judge ordered that the original sentence of death should be executed and set the date.

J. C. Beckman has received a letter from his son, James W. Beckman, private secretary to Elbert Hubbard, one of the victims of the Lusitania. Jim was at East Aurora, N. Y., the home of the Hubbard publications, when the Lusitania on which he had expected a week before to be a passenger, was sunk. He was at first disappointed at his failure to make the trip, as he had planned with Mr. Hubbard to get as near the fighting fronts of the armies as possible and to get into Germany and interview the Kaiser, but is now well pleased that at the last minute he was left at home.

J. H. Holden is busy putting out the bedding plants at the cemetery and will have everything in readiness for Memorial Day. Beds on the lots and throughout the cemetery will soon be covered with blossoming plants.

Miss Carrie Short and Mr. John Daniels Married.

RHEUMATISM IN JOINTS.

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that B. F. Fendig and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place.

Mrs. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip. At night I was scarcely able to sleep. One bottle of Rheuma cured me."

That sounds miraculous, but Rheuma does miraculous things. Fifty cents a bottle.
