## A Wonderful Bargain

A Hygeno Carpet Sweeper is needed in every home—the modern sanitary sweeper, much better than the ordinary wooden sweeper because its special sanitary construction eliminates the harboring of disease germs. Built of steel, light weight, very easy running, strong and durable—will last for years.

We consider ourselves fortunate in being able to offer our patrons such a remarkably useful household article at such a sensationally low price. It is a wonder special sale offering and we advise you to be here on time if you want to own one, as they are bound to go like hot cakes.

The HYGENO Sweeper factory is making several thousand daily to supply the demand of all the leading stores throughout the United States who are making a big special sale feature of these sweepers. We were able to get only 200 at this time for this sale—not enough to go 'round, we know. This is not a money profit special but an advertising proposition. Everyone who can get one of these carpet sweepers for 98c will talk about their good fortune for a long, long time. Don't be misled by the price. The carpet sweeper is a regular \$3.00 value.

# \$5 REWARD

Too often in sales of the character of our **REMOVAL SALE** the public is imposed upon by false prices and false advertising.

## WE WILL GIVE \$500.

to anyone who will point out a single instance in which we have misrepresented prices or offered false inducements to buy. We are conducting a clean honorable sale and are really and truly sacrificing our profits because we think it is to our mutual advantage. It is better to sacrifice profits than to move our immense stock of goods.

## Remember

there is but one week left to share in these profits.
