Interest Growing In Trade Week

Favorable Reports Are Coming From The
Different Towns in This Section About
Coming Fare Refunding Sale.

STARTS NEXT SAT. AND LAST 7 DAYS

Merchants Making Special Preparations to
To Please all Who Attend This Big Trad-
ing Event.

Word is reaching Rensselaer from the outlying sections showing that the residents of the different towns in this section are on the tiptoe of expectation over the forthcoming co-operative fare-refunding sale to be conducted by the Republican and a number of the merchants of the city, which is to open next Saturday and continue for seven days.

A woman reader of the Republican from Gifford who called at the office Saturday to renew her subscription, asked many questions about the proposition and declared that a number of women in that vicinity intended to "kill two birds with one stone" by visiting relatives and friends in this vicinity and doing a lot of necessary shopping at the same time with the assurance of having their fares to and from Rensselaer refunded to them.

This Big Co-Operative Fare- Refunding sale will offer opportunities to people living within a radius of twenty or twenty-five miles of Rensselaer such as they have never had before. With the plan as outlined it will be possible for people living anywhere in this section to come to this city and trade without their car-fare costing them a single penny.

This will be without a doubt the greatest trade event ever held in Rensselaer or anywhere in this section of the state. Every merchant participating in this sale is making elaborate preparations in practically every department of his store.

The bride descended the stairway escorted by Mr. Morlan, meeting groom under a floral wedding bell, where the marriage vows were solemnized, the ring ceremony being used. The bride was attired in a pretty gown of cream colored georgette crepe over cream satin, and wore a corsage bouquet of white sweet peas and roses. The groom wore the regulation army uniform.

Notes From the Sunny South

The South is a busy time right now. Encouraged by the almost total disappearance of the boll weevil last year and the good crops of all kinds, farmers have become encouraged and are preparing to put in larger crops than ever this year. Houses are being repainted and repaired, fences being rebuilt and additional ground is being cleared and put into cultivation. Much ground is being plowed and potatoes and garden truck is being planted. Some of the garden truck is already nearly large enough to eat. Peach and pear trees are in bloom and all indications point to a good fruit crop this year. Flowers in abundance greet the eye everywhere and trees are beginning to don their summer garb. The weather is ideal now and many are going in their shirt sleeves and the colored lads and lasses are around in their bare feet. It is hard for one here to realize that up North there is still another month at least of winter.

The families of H. W. and Ray Berry arrived from the North today and will hereafter make their home in the Sunny South.

Sunday the writer visited the family of Mr. Wilford Lea, who owns the plantation adjoining that of the writer. Mr. Lea comes of one of the old families of the South and occupies the original Lea homestead, built by his father many years ago.

It is one of the finest country homes in this section and is surrounded by magnificent grounds and is on the Prentice highway. Mr. Lea is a hustler and always raises big crops of cotton, corn, peanuts, hay, sweet potatoes, sugar cane and other products of the south. As an experimenter he is planting a field of wheat this year which he secured from his neighbor, Will Porter. This is Kansas wheat and the seed was raised by W. V. Porter, of Rensselaer.

The result of Northern grown wheat planted in the South will be watched with interest. Mr. Lea also has a large field of rye and oats which look fine. It was planted last December. In addition to field crops Mr. Lea also raises considerable hogs and cattle. Visitors are always welcome at his home and he and Mrs. Lea and her mother, Mrs. McLean and their daughter Mary always take pleasure in entertaining visitors.

Other donations amounting to \$8.00 were received.

REGULAR MEETING OF LITERARY CLUB

The general impression that the manless land and the landless man need to be more nearly related, was intensified in the minds of the members of the Literary club, who attended the regular meeting held Friday afternoon, as Mrs. C. G. Spitzer described in detail the climate, agricultural and mineral wealth of the less progressive countries of South America but Mrs. B. Forsythe in her paper describing the Transportation Systems of this great continent, indicated how this relation might be brought about by stating that although South America yields her products so abundantly, yet years will come and go and the unturned plains will await the coming of the plow, while in the congested cities of our own, and other lands, people will live and die never knowing that fresh air exists in any part of the world. But improved means of transportation will change all this and railroads will be built. This development will be as it has been in the United States, a slow but steady growth for railroads are not built in a night, but follow in the path of progress and civilization.

Mrs. J. G. Fleming then described in an equally interesting manner, the ancient city of La Paz, located in the almost inaccessible regions of the Andes and the very modern city of Motevideo located in the plains of Uruguay.

The political portion of the programme was given by Mrs. J. C. Gwin.

Roll call responses were news items from our own state.

Mrs. J. D. Martindale and Miss Nina Martindale were received into the membership of the club and part of the funds received from the sale of Red Cross Christmas stamps was placed at the disposal of Mrs. O. F. Parker for a local need.

Mrs. J. A. Dunlap closed the meeting by reading the collect.

FRANK SOMMERS MARRIED

Frank Sommers, one of Jasper county's most splendid young men was married in Indianapolis last Wednesday, February 27 to Miss Hackinger.

Mr. and Mrs. Sommers will move to the Vincent Eisele farm just west of Rensselaer. Wishing to make the right kind of a start of the road of matrimony, Frank called today and placed his name upon the honor roll of this office.

Mr. and Mrs. Sommers have the very best wishes of the Republican and a host of friends.

NEIGHBORS GIVE FAYLORS FAREWELL PARTY

About forty-five of the friends and neighbors called at the home of J. W. Faylor and family and spent a very pleasant evening with them Wednesday, February 27. The Faylors are soon to leave for their new home in Fulton county and their departure is a matter of much regret to the people of the community, who have enjoyed their splendid fellowship for these many, many years.

The Faylors had lived in this neighborhood longer than any other family now residing there. It might be of interest to note that honor now passes to our very dear friends Mr. and Mrs. Harvey J. Dexter.

The evening was spent in a social time and a Hoover banquet spread consisting of apples and pop-corn. In this happy and sad hour of parting these splendid citizens still remember their patriotic duty. It was an occasion that all shall long remember and the kindness and good fellowship of Mr. and Mrs. Faylor will every be remembered by their friends and neighbors who so sincerely regret that they must leave the neighborhood.

Mrs. Hurley Beam has received word from her husband, Lieutenant Beam, who is now in France. He has been quite sick having been threatened with pneumonia and is much worried because he has not received a letter from his wife or other relatives and friends from the states.

John Eger and son, Trevor, visited with Mrs. Eger in Chicago Sunday. Mr. Eger reports that Mrs. Eger's condition is greatly improved and that she will be brought home within a short time now.

Interested and will communicate with the writer particulars will be given.

LESLIE CLARK.

THRIVING LIBERTY GUARD AT REMINGTON

Captain Moses Leopold and one or two others from here went to Remington Sunday, where they helped to complete the organization of a Liberty Guard at that place. The work of organizing the company was started by William Geier, of Remington, and Captain Leopold upon his arrival found forty-two recruits at the K. of P. hall ready to go to work. The company boasts sixty-nine members and the turn-out yesterday was very gratifying to the officers. The following commissioned officers were elected:

Captain, Harold H. Bowman.
1st. Lieut., Homer A. Lambert.
2nd Lieut., Newton Meadors.

The company will meet for drill on Friday night of each week, and until the officers become better versed in military tactics, Captain Leopold will direct the company.

Four Liberty Guards within the boundaries of Jasper county would be a splendid thing and something that probably but few counties in the state will approach.

CARD OF THANKS.

We wish to thank the many friends and relatives for their kindness and sympathy during the illness and since the death of our beloved husband and father, M. P. Warner. We also wish to extend our thanks for the many beautiful floral offerings.
