TRUSTEE POSTILL LETS SCHOOL HOUSE CONTRACT.

Charles W. Postill, trustee of Marion township, and his advisory board has let the contract for the North Marion consolidated school to Hodshire & Young, of Monticello. The trustee had advertised for bids to be received last Saturday, but one bid was received, however, that of the above firm. Its bid was for \$17,900 and was considered to be very high and the matter was taken under advisement until today. It is possible that some changes may be made in the specifications which will enable the contractors to lower their bids. The contract of supplies has not been awarded.

"Satisfy" What does that mean?
Not in the ordinary sense, of course, but in the Chesterfield sense?
Never mind the **DICTIONARY**
Even N. Webster, with all his definitions of "satisfy", missed out on its smoke-meaning.
Look it up in Chesterfields
That's where you'll find "satisfy".
Know what a drink of cold water does for your thirst? It "touches the spot". Well, that's what Chesterfields do for your smoke-hunger. They touch your "smoke-spot". They let you know you're smoking.

Starving in the Midst of Plenty

Acid-Stomach Steals Strength and Good Feelings From Millions

One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomachs seldom know what their trouble really is.

No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid-stomach cannot properly digest food. Instead of healthy, normal digestion, the excess acid causes the food to sour and ferment. Then when this mass of sour, fermented food, charged with excess acid, passes into the intestines, it becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating and yet are literally starving in the midst of plenty. Their acid-stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. And it doesn't take long for this poor nourishment to show its ill effects in a weakened, emaciated body.

You may say: "My stomach doesn't hurt me." That may be true because many victims of acid-stomach do not actually suffer stomach pains. Then again, there are millions who do suffer all kinds of aches and pains—head-aches, rheumatic twinges, gout, lumbago, pains around the heart and in the chest—who never dream that an

acid-stomach is the real cause of the trouble.

Naturally, the sensible thing to do is to strike right at the very cause of this trouble and clean the excess acid out of the stomach. There is a quick, easy way to do this. A wonderful new remedy quickly removes the excess acid without the slightest discomfort. It is **EATONIC**. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess acid and carry it away through the intestines. They also drive the blot out of the body—in fact you can fairly feel it work. Make a test of **EATONIC** in your own case today. Get a big box of **EATONIC** from your druggist. See for yourself how surely it brings quick relief in those painful attacks of indigestion, bitter heartburn, belching, disgusting food repeating, that awful bloated, lumpy feeling after eating and other stomach miseries. Banish all your stomach troubles so completely that you forget you have a stomach. Then you can eat what you like and digest your food in comfort without fear of distressing after effects.

If **EATONIC** does not relieve you, it will not cost you one penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health—if you feel you are not getting all the strength out of your food—if you are not feeling tip-top, ready for your work, full of vim and vigor—do give **EATONIC** a fair trial this very day and see how much better you will feel.

MONEY TO LOAN ON THE INSTALLMENT PLAN.

Parties desiring to build new homes, or to purchase homes and pay for them in the same manner that rents are paid, should call on me for an interview on the very best and easiest plan for getting a home instead of paying rent, and having nothing to show for it. A great many homes are now being paid for by this installment plan, and now that rents are so high everyone should investigate the opportunities to buy instead of renting.

Call on me at my office in the Odd Fellows' building.

A SUMMER COUGH

When a cough continues into warm weather, you can feel sure there is a chronic inflammation, which if neglected will develop into serious lung trouble. The best time to doctor a chronic cough is during the warm weather. An external inflammation always receives prompt attention because the condition can be seen, but an inflammation of the delicate mucous surface of the throat and lungs is much more serious. This condition furnishes fertile soil for the developing of the tubercular germ. Be wise and get rid of that cough before cold weather. *Glaxo Pine* is especially good for summer coughs. Accept no substitute. Use *Glaxo Pine* and get Results. For sale by.
