

Have You Seen The Texas Oil Fields?

The Spear Oil Co., of Fort Worth, Texas, now has two representatives here and before beginning selling stock in the company desires to send a representative to Texas to investigate the rich oil lands held by the Spear Co.

The company will pay all expenses of one or two representative citizens to Texas to prove that the company and the people back of it are responsible.

If you are interested in making this trip see Mr. Hill or Mr. Lesher at the Makeever House.

The Spear Oil Co. has an interest in thirty-two tracts of royalties and leases in the World Wonder Oil Field of Texas and it is worth your time and money to investigate their holdings.

See Us About Taking This Delightful Trip

W. H. Parkison has a recurrence of rheumatism and was taken to Attica Sunday for treatment. He was accompanied by his wife and Mr. and Mrs. A. O. Moore.

There will be a picnic supper on John Merritt's lawn Tuesday evening, August 26, for all Rebekahs, Odd Fellows and their families. Ladies please bring well filled baskets and all come and enjoy yourselves.

After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons Out of the Digestive Tract

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor; they are weak, and they are waiting for their strength to come back.

If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicine that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on.

Now, tens of thousands of people all over this country are using EATONIC for the purpose of clearing these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

awful shape. I tried three different doctors but got no relief. As a last resort I sent and got a box of EATONIC and to my greatest surprise the very next tablet I took I wanted and can now eat anything I want, and feel fine.

Yours truly,
Fowler, Indiana C. S. Martin

P. S.: If you can make any use of this letter for suffering humanity, you are at liberty to do so. O.S.M.

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu," fever or colds, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.
