

Have You Seen The Texas Oil Fields?

The Spear Oil Co., of Fort Worth, Texas, now has two representatives here and before beginning selling stock in the company desires to send a representative to Texas to investigate the rich oil lands held by the Spear Co.

The company will pay all expenses of one or two representative citizens to Texas to prove that the company and the people back of it are responsible.

If you are interested in making this trip see Mr. Hill or Mr. Lesher at the Makeever House.

The Spear Oil Co. has an interest in thirty-two tracts of royalties and leases in the World Wonder Oil Field of Texas and it is worth your time and money to investigate their holdings.
