Acid-Stomach
Holds Millions Sick
and Suffering

Do you realize that you may have an acid-stomach?

It is the very thing that causes indigestion, heartburn, bloating, belching, stomach pains and all kinds of stomach miseries. So if you ever suffer from any of these painful and distressing symptoms you may feel sure that you have an acid-stomach.

Or the other hand, there are millions of people who are victims of acid-stomach without their knowing it. People who are tired, listless, run down and worn out—always sickly and thin. People who are thin, pale, weak and emaciated. People who have frequent attacks of rheumatism, sciatica, lumbago. Thousands upon thousands who suffer almost daily from severe headaches, irritable nerves are always on edge, irritable, mentally depressed, lie awake and toss about throughout the night, and take a dark outlook on life. They may have no pains in the stomach at all—and yet, nine times out of ten it is just acid-stomach that is causing them all their troubles.

Boiled down to a few simple facts the condition is this: An acid-stomach

cannot digest food properly and the whole body suffers from lack of sufficient nourishment.

It is dangerous to take any chances with acid stomach. So test your own case and find out for sure whether acid-stomach is the cause of your ill health. Here is the surest and most simple test for you to make: Go to your druggist and get a big box of EATONIC—the pleasant tasting tablets that you eat like a bit of candy. If you have acid-stomach, EATONIC will clean out the excess acid and bring such wonderfully quick relief that you will think it almost too good to be true. It makes the stomach clean, sweet, cool and comfortable. You can almost feel it work as it drives the gas and bloating out of your body. You will feel like your old time self again—get back your pep, enthusiasm and energy—be hearty, hungry, vigorous, keen, eager to be up and coming.

If you are not entirely pleased with your test of EATONIC, take it back to your druggist. Our orders are that he will refund your money. Your word is good enough for us, so make this test of EATONIC TODAY.
