COLONEL HEALEY RECEIVES DISCHARGE FROM SERVICE.

Colonel George H. Healey arrived home Tuesday evening from Camp Sherman, O., where he received his discharge from the service slightly over two years and during that time made a record of which he and his many friends may well feel proud. His only regret is that he was denied the opportunity of getting some action against the enemy on the battlefields, but then he did not miss it so awfully far—only three days.

Mr. Healey has not definitely decided as to his future business plans, but his friends have. The state's going to need a new governor long about the first of 1921, and it would not be at all surprising if he is the man found wearing the robe as the chief executive of the state after that date, that is if he can be prevailed upon to make the race. His friends assert that they will not take "no" as an answer, so that's the way the matter stands at present.

Mr. and Mrs. Louis Leopold are guests of their parents, Mr. and Mrs. A. Leopold.

Jesse Brown came today from Detroit, Mich., to visit Mr. and Mrs. A. R. Hopkins.

Mrs. W. H. Davidson, who had been visiting with Mrs. W. E. Jacks and other relatives, has returned to her home in Springfield, Neb.

Miss Anna Marion entertained about fifteen couples at a party given at her home on East Elm street Tuesday evening. Games were played, refreshments served and a most enjoyable time was had by all present.

Elmer Dunlap, who had been enjoying a vacation and a pleasant visit here with his uncle, J. F. Mitchell, and wife, of North Van Rensselaer street, returned Tuesday evening to his home in Chicago.

Mr. and Mrs. Simon Fendig, of Wheatfield, have received word from their son, Allen, announcing his arrival from overseas. Allen was in the war zone approximately two years.

A. J. Bissenden has disposed of his residence property in the east part of town and he and his family will move soon to New Jersey, where they will locate on a small farm. Mr. Bissenden has two sons in New Jersey.

Mrs. S. P. Hilliard and mother, Mrs. O'Daffer, and daughter, Nellie, Miss Ella Swartout, of Van Wert, O., and Mrs. Joseph Jeffries spent the day at the Tippecanoe river Tuesday, making the trip by automobile.

Delos York returned home from Nilwood, Ill., Monday evening where he has been driving a truck for Thompson & Smith, road contractors of this city. He recently suffered a broken arm when he fell from his truck.

J. M. Ray and Walter Jordan, of Hanging Grove township, were in Rensselaer today. These men and their wives will start on an auto trip through Indiana, Ohio and Pennsylvania on Thursday, so they informed us.

Miss May Gifford, of Chicago, was in Rensselaer today. Miss Gifford taught school in Remington but for a number of years has been a teacher in the Chicago schools. Judge George Gifford, of Tipton, is a brother of Miss Gifford. The late Benjamin F. Gifford was also a brother of Miss Gifford.

Mrs. F. X. Busha, of Lafayette, and small daughter of Mr. and Mrs. Dean Merica, of Chicago, passed through Rensselaer Tuesday evening on their way to Caro, Mich., where they will visit with an aunt of Mrs. Busha. Mrs. Busha will only remain for a short visit, but little Miss Merica will remain for a longer visit.

HOME FACTORY IS PROSPERING

RENSELAER MANUFACTURING COMPANY'S GOODS IN GREAT DEMAND.

At the annual meeting of the directors of the Rensselaer Manufacturing company, Tuesday evening, the following officers were elected for the ensuing year: John A. Dunlap, president; E. Besser, first vice-president; Cleve W. Eger, second vice-president and Schuyler C. Irwin, secretary-treasurer.

About three months ago the company completed the organization of an efficient sales force and made radical changes in the designs of the furniture they are making; since that time the business has been increasing very rapidly and orders are now being received at an average rate of over \$1,000 per day. The large volume of "repeat orders" indicates that the goods meet the requirements of the trade and the permanency and prosperity of the industry now appears to be assured. The products consist of high grade, overstuffed, upholstered rockers, chairs and davenport, covered in tapestry, leather and imitation leather and a high standard of material and workmanship has been established which produces a line equal to the best creations of the largest factories.

At present the output is about three carloads per week, but the force is being increased as rapidly as possible and it is planned to have forty men at work within the next thirty days and to increase the production to six cars per week. The company owns the former "match factory" building which has ample floor space to permit the expansion of the business to five times its present dimensions.

Practically all the capital was subscribed by local investors and the active control and management is entirely in the hands of local parties.

R. M. Johnson, of Chicago, is manager of the sales force and also active manager of the factory and it is largely due to his untiring efforts that the business has been put upon its present substantial and profitable basis.

A. W. McAuly has just returned to Oakmont, Pa., from a visit with relatives near Steven's Point, Wis. LOOK HERE, GIRLS, WHAT'S BOOKED FOR TONIGHT!

Clarence and Robert—their last name's Yeager—are going to lend a lot of coloring and spice to the regular weekly concert this evening, and 'tis rumored up and down the street and in the suburbs that all the eligible young ladies for miles around are going to be present with their most winning smiles in an effort to get Clarence and Robert to look their way—it matters not which one does the looking, for they look as much alike as it is possible for two human beings to do; one's just as handsome as the other; they dress the same; act the same; both are single; think the same; have the same tastes; and one is just as susceptible as the other. Their home town is Wauseon, O., and it is said that the life-long residents of that blot on the map are still unable to tell them apart. The proverbial Siamese twins have nothing on this pair, and besides the Siamese pair are so mythical and antique. So here's your chance, girls.

The Messrs. Yeager know what it is to be a part of the Ellis Brooks bands and other famous bands of the country and are two very talented musicians. Of course, they use the same kind of an instrument—naturally any good pair of twins would do that—and when they play all the music comes out. At the concert this evening they will render some coronet duets and all should hear them.

During the war the young men were on the Von Steuben, the boat on which Don Wright and Don Beam, of this city, made so many trips to the war zone, and it was their desire to see the local boys that brought them to Rensselaer.

NEPHEW WAS MURDERED.

John Bill returned Tuesday from Fredonia, Ky., where he had been called by the death of his nephew, Raymond Threlkeld. Threlkeld was a young man twenty-two years of age. A young man who had attempted to have a quarrel with Threlkeld deliberately hit young Threlkeld in the face with his fist driving his head against an iron post causing his death within a few hours.

Mr. Bill remained in Kentucky for three weeks arranging to have the murderer of his nephew brought to justice.

Washington, Aug. 26.—James R. Riggs, of Sullivan, Ind., was nominated today by the president to be assistant secretary of agriculture.

Mrs. W. E. Jacks has rented the A. G. W. Farmer residence on South Scott street and will move into the same on October 1. Vilas Jacks will have charge of Mrs. Jacks' farm.

The White Sox practically clinched the American league flag Tuesday when Eddie Collins hoisted one out of the lot at St. Louis, winning the game for his team and gaining a whole lap on the second place club. Detroit and Cleveland, tied for second place, are seven full laps behind the speeding Hose.
