RENSSELAER, INDIANA, FRIDAY, FEBRUARY 13, 1920.

VOL. XXIII

THE HOOSIER KITCHEN CABINET The Hoosier is First Choice the Country Over

In choosing the Hoosier as permanent equipment in our Domestic Science Department, our School Board is simply following the decision of hundreds of other schools, colleges and universities all over the country.

The Hoosier is now used in all the leading universities. It has become the standard equipment for Domestic Science Departments because it is planned throughout from top to bottom by Domestic Science experts.

For years these experts in the science of cooking and house-keeping have been working on the perfection of design and arrangement of the Hoosier.

They have gotten it to a point where it will save the maximum number of steps for the woman who uses it—and this perfection has enabled us to give this broad guarantee to every owner—"Your money back if you are not delighted."

These six vitally important features cannot be duplicated—many of them are patented:

- 1—All-metal floor bin with glass front.
- 2—Gear-driven shaker flour sifter.
- 3—Revolving spice rack.
- 4—Ingenious, big capacity sugar bin.
- 5—Big, broad cupboard space with plenty of room to work—not hampered with partitions.
- 6—Doors with handy trays that hold small utensils or the new roll doors without extra cost.

Come to our store tomorrow and sit in front of the Hoosier. You may use each one of these features and see how they will save miles of steps for you in your own home. We'll be glad to tell you of our easy terms that will enable you to buy the Hoosier now if you wish. But remember! Call at once—you'll not be obligated if you do not wish to buy now.

W. J. WRIGHT
RENSSELAER, INDIANA

SERVICES ARE APPRECIATED

FIRST CHRISTIAN CHURCH HAD SUCCESSFUL YEAR UNDER NEW PASTOR.

The Rev. William T. Barbre, who, on February 1st, finished one year's service as pastor of the First Christian church, was very much pleased when the official board of his church gave him a very substantial increase in salary.

The official board meet in regular session in the church Tuesday evening. The affairs of the church were gone over very carefully and board and minister were delighted with the degree of success which had come to the congregation.

The finances of the church are in the best condition they have been since the beginning of the local organization. All departments and especially the Bible school are under splendid headway.

During the year the Rev. Barbre held two revival meetings. About one hundred fifty have been added to the church roll. The membership now is near the five hundred mark.

Lead by the virile minister the church has taken on new life and the co-operation of congregation and pastor in a strenuous effort has accomplished results which are very pleasing to those interested in this religious organization.

The Rev. Barbre is a graduate of the Indiana State Normal School at Terre Haute. After his graduation he taught school for four years and was at the time he entered the ministry a member of the Columbus high school faculty. He has taken post graduate work at Butler College. He has an A. B. degree from the Normal school.

He was for eight years pastor of the Christian church at Rockville and two years at Sheridan. He resigned from Sheridan to enter the war. He was commissioned a First Lieutenant and served as chaplain and was ready for overseas duty when the armistice was signed.

After his discharge he accepted a call from the church here and his services date from the last of January, 1919.

The Rev. Barbre is not only an efficient and industrious worker in the church but he is very active in the life and movement of the vicinity in general.

He is as popular with the people outside of the church which he serves as he is with the members of his congregation.

RENSSELAER NOW HOME OF BOTTLING WORKS

Rensselaer is the possessor of a first class bottling works, equipped to the minutest detail with the most modern machinery and capable of turning out at the present time from seventy-five to one hundred cases of soft drinks daily.

The new plant is located in the building just to the west of the Rensselaer garage and is the property of Vernon Nowels, formerly a successful restaurateur.

The building has been remodeled and is the model of cleanliness. The last of the machinery was installed but a few days ago. It was the original intention of the proprietor to start operating last fall, but due to the non-arrival of the machinery he was prohibited from so doing.

The first of Mr. Nowels' product was placed on the market a few days ago in this city, but as yet none has been sent out of Rensselaer. Mr. Nowels' present supply of juices and extracts is limited, but he hopes within a day or so to have an abundant supply on hand and be able to operate at full capacity.

Once he has mastered the intricacies of his new work, it is the hope of the proprietor to be able to turn out from 175 to 200 cases of pop daily. All purchasers will receive their goods by truck.

The new plant bids fair to develop into a thriving little institution and the majority of the nearby towns will receive their supply of soft drinks from this city. As yet Mr. Nowels has made no attempt to establish any permanent customers in this territory but will do so as soon as he can secure a competent workman to take charge of the plant while he is on the road. Monon is the only town in this vicinity that will offer any competition to the local industry.

McCLANAHAN FUNERAL.

The funeral of J. H. McClanahan will be held at the Rose Bud church Saturday forenoon at 10:00 o'clock and will be charge of the Rev. E. W. Strecker of this city.

WEATHER.

Fair tonight and Saturday, except probably snow in northeast portion. Colder tonight in north portion. Much colder Saturday.

Charles Blacker, of Newland, went to Indianapolis this afternoon.

The community is pleased that his services are appreciated and that his official board has recognized in a substantial way the character and the ability of the leader of their church by an increase of salary from \$1800 to \$2100 per year.

ORDINARY PROFITS

WASHINGTON NEWS

Thursday, Feb. 12, 1920.

Congress will soon consider legislation for the further regulation of immigration, with the Federation of Labor contending for and employees opposing the proposed provision for the suspension of immigration for two years.

President Wilson will resume his grip on government affairs tomorrow and will meet a committee from the railroad employees' representatives to tell them what he proposes to do with regard to their wage demands, which, Director General Hines has turned down. The president is expected to endorse the position of the director general, but to promise the railroad workers his staunch support in their dealing with the railroad companies and their demands for congressional legislation to help bring down the cost of living.

Little headway was made today in the effort to settle differences over Article 10—the chief obstacle to ratification of the peace treaty—by means of the substitute reservation put forward yesterday.

Officials of the shipping board emphatically deny charges that there is any "secret deal" whereby the German ships on sale are to be disposed of to the International Mercantile Marine with British connections.

John Barton Payne will be president Wilson's new secretary of the interior, succeeding Franklin K. Lane. His appointment will be sent to the senate tomorrow.

THE RETORT COURTEOUS.

The following was a favorite story of Abraham Lincoln, the Great Emancipator, whose birthday we celebrated Thursday.

When Mr. Lincoln was presented by the toastmaster of a banquet of Illinois editors in 1856, he began with an apology for his presence, speaking of himself as an interloper, and then he said he was reminded of an incident.

He did not say that he was giving a personal experience, but the editors surmised as much and were greatly amused.

Mr. Lincoln said that the man he was speaking of possessed features which the ladies could not call handsome.

The man, while riding through the woods, met a lady on horseback. He turned out of the path and waited for her to pass.

She stopped and looked at the man a few moments. Then she said:

"Well, for lands sake, you are the homeliest man I ever saw."
"Yes, madam," the man replied, "but I can't help it."
"No, I suppose not," the lady said, "but you might stay at home."

James Moore went to Logansport this forenoon.

C. W. Reeve is moving from North Vernon to the J. N. Leatherman farm in Barkley township.

Homer Ellis of Monon was here today to consult a Rensselaer oculist.

J. E. McClanahan of Hammond came Thursday to attend the funeral of his father. Mrs. McClanahan will join him here tonight.

Mrs. Sadie L. Hammerton has returned from Marion where she had visited her son, Mack Sullivan and family.

Herman Ames, who is employed in the tin plate factory at Gary, came home this afternoon. He is suffering from an attack of quinsy.

Mrs. Lyman Peter went to Monon today where she will join her husband, who has moved to a farm two miles south of that town.

Saturday is St. Valentine's day—but we won't write any poetry—it isn't right to ask a linotype operator to absorb such punishment merely to satisfy a whim.

MEDARYVILLE GAME TONIGHT

The Medaryville basketball team is scheduled to come clean to Rensselaer to play their return game tonight.

From what we've heard, they better step "clean" and play clean. Believe you me, its getting to be a risk to go to some of these small towns and try to play B. B. in a telephone booth or a ceiling too low for a bowling alley. It takes all the jazz out of life. I'd rather go to Russia to preach. I don't mind being rode like a motorcycle or torn to tatters and pushed into the wall. I don't mind being gagged while somebody blows my safe and steals my wrist-watch. I don't mind taking my first flowers in a wreath—but I don't call that playing basket ball!

Teams from Rensselaer have taken a lot and want to take the limit, but when folks go too far—ask the Kaiser.

Here's hoping the boys have enough backers out tonight to feel safe in weaving a few baskets against this team of treat-em-roughs.

It's a hard life for the athlete but people do say, that riding in a Franklin sedan is just like traveling without leaving home.

WOOD FAVORITE AT REMINGTON

Remington, Ind., Feb. 11.—Remington is a rural community depending almost entirely on the farming interests. It supports two banks and a number of excellent business houses. Leonard Wood seems to be practically the unanimous choice in this locality for the Republican nomination for President. It is said that the little opposition here does not come from a misbelief in Wood, but from a few former citizens of Illinois, who say they feel that they should vote for Governor Lowden, of that state.

Medaryville high school, who flogged Rensselaer at that place recently in basket ball, will meet the home five at the high school court tonight. The Pulaski lads have been promised a drubbing by the local players, who have figured that the visitors will be struck with stage fright at the sight of a real basket ball floor.

MARKETS BY WIRE

(Furnished by The Farmer Grain Market, H. H. Potter, Mgr.)
Live Stock Market.

Hogs—Receipts, 31,000; carry over, 7,900; lower, 15c; top, \$15.50.

Sept. corn opened at 1.25 3-4 and 7-8; closed at 1.27.

J. M. Rains has purchased through the Harvey Davison agency the Johnson Brothers brick bungalow in the west part of town. The price paid was \$3,500. Mr. Rains will occupy the house himself.

Mrs. Eva K. Gregg continued to her home in Kokomo today after a visit here with Mr. and Mrs. Jay Lamson. Mrs. Gregg had gone as far as Chicago with her son and his wife on their return to their home in California.

Mr. and Mrs. J. C. Bristow left this afternoon for Whittemore, Ia., where they will visit with their son and family and will later continue to Low Falls, Wash., where they will make their future home.

There will be a meeting at the house on Sunday, Feb. 15, at 2:00 p. m., block east and two south of the hospital. The one church, undenominational, the Bible way. Free for all. The old time religion. John Fenwick.

Mr. and Mrs. Noble York and Mrs. Emma York spent the day in Monon. From Monon Mr. and Mrs. York will continue to Lafayette and from there they expect to go to their home in Indianapolis. Mr. York has a good position in the Big Four Railroad shops.

Job printing at the Republican office.

PRINCESS THEATRE

MATINEE—2:15 NIGHT—7:00

—TONIGHT—

'A LITTLE BROTHER of the RICH'

Featuring Frank Mayo, Kathryn, Kathryn Adams and J. Barney Sherry

Did you ever see "A Little Brother of the Rich" on the stage. Then you'll doubly enjoy it in this great picture. Here's one of the supreme joys of picturedom. From the pen of the great Joseph Medill Patterson. This is the play that created a furor in hundreds of cities as a stage play. To miss it means missing one of the biggest photo plays of the season.
