MR. SHERMAN WANTS SKEPTICS TO CALL UPON HIM FOR EXPLANATION OF TRUTONA

Indianapolis, Ind., Feb. 12.—Mr. John S. Sherman, of 950 North Pennsylvanian Street, for twenty-three years connected with the U. S. Civil Service and who, in that time, has made hundreds of friends makes the following testimony regarding the remarkable relief that he gained through Trutona. Numbers will be glad to hear and learn of his experience.

"I have been troubled with catarrh of the stomach for several years," he said recently while speaking of his relief. "My liver was in bad condition, too. In fact my whole system was generally run down. I've never been much inclined to take medicines but I tried several different kinds, anyway. They didn't help me much and finally I stopped using medicines altogether. Later, though, I became so nervous and restless that I knew I'd come down sick if I didn't do something."

"In looking over the paper one day I read about Trutona. I decided to try a bottle because it seemed to be a good medicine. Only a few days after starting I began to notice the good effects. Now I know Trutona has put my stomach into good condition. My liver is no longer sluggish and inactive either. If anyone is still skeptical about Trutona they can call me up or they can come to my house and I will be glad to explain to them the good Trutona did me."

Trutona is now being introduced to the public in Rensselaer at Larsh and Hopkins' drug store.
