CHAUNCEY WOOD FEELING SORRY FOR US

In writing from McAllen, Texas, to which place he went about a year and a half ago, Chauncey Wood has the following to say about his adopted Ethiopia:

Dear Friend:

Find enclosed check for two dollars for which extend our subscription for one year. We want to see how cold it gets, and feel very sorry for you when coal gets scarce.

We are getting along nicely and the weather is ideal here. Farmers are planting corn, cotton and broom corn. We have a little corn about three inches high. Our strawberries are beginning to ripen now, and in a few days the early orange blossoms will be coming out.

Excursionists are coming into the Valley every day and land is getting higher. I see Mrs. Parkinson quite often.

The Chamber of Commerce at McAllen gave a banquet a few evenings ago and raised over \$20,000 by subscription for the developing of the town.

Don't you think that looks as if there is something to the country?

Would like to trade you a strawberry short-cake for a snowball.

Yours truly,
CHAUNCEY WOOD.

THIS GETS A LAUGH IN LONDON

Two Tommies, dishevelled, torn with wounds, and altogether untidy, were on leave in London. As they stood in Trafalgar Square there approached a detachment of the Windsor Guard in silver trappings, waving plumes, red coats, long varnished boots shining like mirrors, and kid gloves.

The Tommies looked on in silence for a moment and then one nudged his mate.

"Looka, Bill," he whispered, in an awed voice. "Them's sojers!"

ATTENTION MOOSE!

There will be a meeting at the hall Sunday afternoon at 2:30 o'clock and all members are urgently requested to be present as there is business of importance to be transacted.

DOUGLAS FAIRBANKS

IN

When the Clouds Roll By

From start to finish "When the Clouds Roll By" is a typical Fairbanks picture, splendid in its every detail. The story has a lot of action, heaps of love interest, suspense galore and that ever looked for ultimate justification, or in other words happy ending. To win his point "Doug" is compelled to go

MONTICELLO GETS HEADQUARTERS

TO BE CENTER OF NORTH-WEST ROAD DISTRICT.

The Thursday Monticello Evening Journal contained the following headline in a two-column, top of the page, article:

Indianapolis, Ind.
February 19, 1920
To the Evening Journal:

We bring home the bacon. Headquarters Northwest Highway District to come to Monticello.

(Signed)

C. D. Meeker.
S. A. Carson.

The State Highway Commission has decided to locate the headquarters of the Northwest District in Monticello.

The district includes White, Lake, Laporte, Porter, Starke, Newton, Jasper, Pulaski, Cass, Benton, Warren, Fountain, the north half of Carroll and parts of other nearby counties.

The importance of this move to Monticello is easily seen. It will mean an increase in local trade and may eventually lead to the building of a depot for supplies.

A total of over six hundred miles of road is included in this district and fifteen floating gangs will be required to make repairs and otherwise keep up the highways.

At a meeting of the commercial club last night S. A. Carson and C. D. Meeker were appointed to represent this community before the State Highway Commission in presenting the advantages of Monticello as the headquarters point.

The left for Indianapolis on the morning train, and a telegram arrived this afternoon saying that the headquarters had been assigned to Monticello.

PNEUMONIA CLAIMS ANOTHER.

Edward Derenda, the oldest child of Mr. and Mrs. Frank Derenda, who lives four miles west of Surrey, in Newton township, died Thursday afternoon at 9:45 o'clock. The cause of his death was pneumonia. He was about sixteen years of age. There are four younger children left in the family.

Funeral services will be held at St. Augustine Catholic church Saturday forenoon at 10:30 o'clock and interment will be made in the Mt. Calvary cemetery.

Victor Hoover and Raymond Dixey went to Detroit, Mich., today.

Mrs. W. R. Coverson returned today to her home in Goshen after a visit here with Mr. and Mrs. R. D. Wangelin.

Benton county heads the list in the acreage devoted to both corn and oats, for the season of 1919, according to a list published in the Indianapolis Sunday Star. Tippecanoe was second in corn and oats. Benton county had 104,200 acres in corn, and 86,800 acres in oats. Posey county was first in wheat, and Allen county was first in the acreage devoted to hay.—Fowler Tribune.

CHALMERS HAS SMALL POX; WOLCOTT HERE IN STEAD

The Chalmers high school basketball team was originally billed to meet the Rensselaer quintette at the high school gymnasium this evening but due to an epidemic of small pox in that town which claimed as victims several of the basketball players, the game has been cancelled and the Wolcott team secured to fill the vacant spot on the schedule. The game will commence at eight o'clock, and Rensselaer is confident of a victory.

NOW THE CENTRAL SALES CO.

The Central Garage Co. has changed their name to the Central Sales Co., in order to make the name more descriptive of the business. They have discontinued storage and general garage business and are devoting their entire energies to the sale and service of Ford cars and Fordson Tractors. This step was taken in order that better and quicker service might be given to the many Ford and Fordson owners.

REPORTS SHOW GAINS.

The reports given at the annual business meeting of the First Christian church Thursday evening showed that the church was in a very prosperous condition. All auxiliary organizations reported and showed a gain in membership and receipts as well as a balance in their respective treasuries. No organization showed any indebtedness except the church and this had been reduced several hundred dollars during the year. One of the resolutions offered by the recommendation committee and unanimously adopted by the congregation was that during the coming year the church would strive to clear all indebtedness and in addition provide a residence for the minister. The greatest gain was in missionary giving which was more than four times the best record of any past year.

One of the features of the meeting was the entertainment furnished by the young people. The play "Dr. Cure-All" was well received by the audience. Every part was well rendered by the participants. The Make-ups, which were the feature of the play, were very well done and gave considerable enjoyment to the audience.

The congregation elected the following officers for a term of three years: Elders, G. H. McLain and E. C. Maxwell; Deacons, P. W. Clarke, W. L. Myer, H. E. White, F. J. Rowen and Ivan J. Carson. The following men were elected trustees for one, two and three years, respectively: C. E. Simpson, W. S. Day and Alex Merica. The following deaconesses were also elected: Mesdames W. E. Jacks, D. E. Grow, F. D. Burchard, Frank Morrow, Orval Lambert, Ivan Carson, C. E. Simpson, O. F. Parker and P. W. Clarke.

GOVERNMENT LICENSES LOCAL LAD AS AMATEUR RADIO OP.

John Strecker, son of the Rev. and Mrs. E. W. Strecker, of this city, has been granted a license by the United States government as an amateur radio operator. Young Strecker takes a very great interest in this branch of science and has much ability as a wireless operator.

Friday local grain market was as follows: oats, 82 cts.; corn, \$1.35; rye, \$1.35 and wheat, \$2.20.

Stetson Hats

IF we didn't know that the STETSON was the best hat made we would sell some other kind--
