## No Other Light Car Offers So Much

Unusual power and control, quick pick-up and extraordinary acceleration to real speed, are features inherent in the Cleveland Six and features with which Cleveland owners are delighted.

Many a Cleveland Six owner has said, "It would be hard to tell you what a good car the Cleveland honestly is. It's wonderful."

The Cleveland is wonderful because it is a splendidly developed and finished product, not a car rushed into the market. Three years ago the plans for production of this car were far advanced. But, with war approaching, production and marketing were delayed, though experimental and engineering work were continued and test cars kept on the road. When war ended, came the Cleveland.

Built in a fine big factory, with all

conditions and equipment assuring the very best of manufacture, and built by men whose successful experience had been wholly in the production of fine cars, the Cleveland Six began rolling out to the world last August. Since then thousands have gone to delighted owners, and thousands more are going every month.

There isn't any other light car that will give you so much of all that you wish, and at such a fair price.

Come let us show you what a car the Cleveland is

Touring Car (Five Passengers) \$1385; Roadster (Three Passengers) \$1385; Sedan (Five Passengers) \$2195; Coupe (Four Passengers) \$2195; All prices F. O. B. Factory
