## A GRANDFATHER'S STORY

From \$143 to a Competence in Three Years.

F. J. Chamberlain tells a story of his efforts before moving to Canada in 1916 to make a living. It was hard work. He had so many "ups and downs" that he became dispirited before he learned of the success of former neighbors of his who were doing well up in Canada. He sold his holdings for a song, and had a sale of what effects he had. When he straightened up with his storekeeper and paid a few debts he found that he had \$143 in cash, a good constitution, a wife and five children. He had saved some few things from the sale. These he put into a car with the effects of a couple of others, who like him were going to Canada. He went into the Gem Colony in Alberta in 1916, bought a piece of land and commenced operations. The money he placed in the bank, and started one of his boys out to earn enough money to supply the table. The older boy used his wages to break up the sod on the 160 acres. But let Mr. Chamberlain tell the rest of the story, which he has signed over his own signature. He says: "I rented 70 acres and hired it put into wheat, thrashed 23 wagonloads for my share. We lived in the granary two years.

"The first of December, 1918, I laid the concrete foundation for a twenty-five hundred dollar house and completed it the last of January. I have nine head of horses and mules, five head of cattle, fifteen pieces of machinery, seven outbuildings paid for and half interest in a thrashing machine. This is an old grandfather's story, as my son-in-law came with four children from Idaho last March and bought 320 acres C. P. R. irrigated land and we helped him develop 200 acres of it. They can't say around here, 'everybody works but father.' Increased His Wealth Six Hundred Fold.

There are more stories of success in Western Canada. There's that of Allan Nicholson of Hazelbridge, Manitoba. In speaking of it he says: "I shall never regret coming to Manitoba. I came here seventeen years ago. I think it was in the spring of 1903. My old home was at Le Mars, Plymouth county, Washington township, Iowa, where I had been farming for a good many years. I had a farm of 248 acres, of which I owned 80 acres and rented 160. When I left in 1903 I sold my equity in the farm for \$75.00. The nearest station to my place was Dalton, and my old neighbors there will remember me very well.

"When I came to Canada I rented three-quarters of a section at South Plympton, near Springfield, Manitoba. After a year or two's experience at renting I bought my present farm of 320 acres, and am now engaged in mixed farming. I have always had good crops since I came here, and some of them have been bumper crops.

"If I went back to the United States today I could take back \$5.00 or \$6.00 to every \$1.00 that I brought into the country. My land today is worth from \$75.00 to \$85.00 an acre, and in addition to my grain growing I have made a specialty of high-grade Percheron horses, purebred Shorthorn cattle and purebred Berkshire hogs. I have had uniform good luck in connection with my stock, and today I would not sell my farm for a cent less than \$30,000.

"The older settlers of Le Mars, Iowa, will remember me very well. I was greatly impressed with the country when I made my first visit here in 1903, and that impression has been here.

"The climate agrees with us all. Before I came here my doctor's bills were something awful. I had no sooner got one paid than I was due for another one. Since we have been in Manitoba \$50.00 would pay all our doctor's bills for the last seventeen years.

"I think I am doing my old friends a kindness in letting them know how well I have done since I came here. This is certainly a country of opportunities. I have had no more good luck than falls to the fortune of any ordinary person, and I am satisfied I could never have done as well had I remained in the old home. I shall be pleased at any time to give information to old friends who care to write me about my experiences in this country."

**Brigand Met His Match.**  
 A certain English financial journal, which had a short life, published in one of its issues a most scathing but at the same time nonactionable and amusing stricture on a member of the stock exchange who had a somewhat shady reputation. The subject of the stricture had a double-barreled name, which we will call Jones-Smithson, and the paragraph about him was as follows:

"We understand that Mr. Jones-Smithson has been spending his holidays among the Italian lakes. Last week he was attacked by a brigand, and in the course of the encounter the brigand lost his watch and chain."

## FOR EVERYBODY

A prominent physician writes in a recent article that there is perhaps not one man who would not need a thorough cleaning of his intestines from time to time, even if his stool seems to be regular. That is why Triner's American Elixir of Bitter Wine is a remedy for everybody. It cleans intestines perfectly. Its special virtue consists in its overcoming constipation without purging and therefore without weakening. Another remedy which you should have now at home is Triner's Cough Sedative. If you come to the theater or a concert, you find at once that coughs and colds are now in season. That eternal coughing spoils your enjoyment. If all such disturbers knew of Triner's Cough Sedative, they would not torment themselves and molest the rest of the audience. ## DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

## SUFFERED TEN YEARS FROM INDIGESTION

Trouble Gone, Appetite Strong, and Eats Anything Without Distress.

"I had a case of catarrh and indigestion, of ten years' standing. I had been treated by the best medical men in Michigan. When I commenced taking Milk's Emulsion, I was in bed. I improved so fast that I kept the neighbors wondering. I am now up and working every day. My cough is gone. My appetite is great, and I can eat anything without hurting me."

—J. D. Lovelace, Rockford, Mich.

Indigestion is seldom cured by "helping" the stomach digest food. Digestives, like physic pills, usually make slaves of the stomach and bowels. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physica. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 50c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.
