ELDERLY MAN IS SUPPORTER OF NEW METHOD

SAYS HE TRIED EVERYTHING BUT TRUTONA ALONE BROUGHT RELIEF.

Terre Haute, Ind., March 15.—"Trutona has benefited me more than anything I have ever taken and if there is a medicine that I haven't tried in the past five years, I don't know what it can be," James Hyland, 65 years, who lives at 318 South Thirteenth street, said recently.

"For the past five years," he continued, "I've suffered from liver and kidney trouble and rheumatism. My right side and back ached almost continually. I experienced a sort of cutting knife-like pain in my lower limbs at times. Because of these I couldn't get a good night's sleep. Most everything I ate was taken against my will. I was having a terrible time of it."

"I have taken almost seven bottles of Trutona and I'm convinced that it is surely a good medicine and worthy of a trial. My appetite is wonderfully improved. I don't have to force myself to eat anymore and I enjoy my meals. The pains in my right side and back have been relieved and the cutting pain in my limbs is greatly improved. I'm able to sleep soundly and get a good rest every night now."

Trutona is now being introduced and explained in Rensselaer at the Larsh & Hopkins' drug store.

OBITUARY.

Agnes Summers, daughter of John and Mary M. Frame, was born July 29, 1876, in Porter County, Indiana, and died at her home on the Warren farm adjoining Wheatfield, Indiana, on the 11th day of March, 1920.

Mrs. Summers moved with her parents to Jasper County, Indiana, when about the age of one year and continued to reside in Jasper county, until her death, with the exception of a short residence in Hammond, Indiana.

At the age of fifteen years she united with the Methodist church, and from that day her time was occupied as a church worker until her time was fully occupied with her home and family, but she remained a faithful and firm believer in the church and Christianity until her death.

On November 1, 1897 she was united in marriage to Jesse Summers, who now survives her and to this union were born twelve children, one child preceding her to the great beyond.

To mourn their loss are left a kind and loving husband and eleven children as follows: Mrs. Clarence Holladay and Mrs. Delos Wayne, Elam Summers, Hanley Summers, Hildreth Summers, Emma Summers, George Summers, Frances Summers, Dorothy Summers, Gene Summers and Leonard, an infant; a grandson, Daniel Wayne, one sister, Mrs. W. H. Tyler and three brothers, Luther, Frank and Henry. Her father departed this life just ten months to the day prior to her death.

She was a kind and loving daughter, sister, wife, mother and grandmother.

She loved her family and friends and was loved by them and her loss to her family is beyond measure.

Walter Lyngge went to Lowell today.

Mrs. J. K. Smith went to Roselawn this morning.

Miss Anna Kahler went to Chicago Heights today for a visit with relatives.

If that pack of wolves which invaded Duluth isn't careful, some enterprising profiteer will get it.—Columbia Record.

Fred W. Schultz and Paul Swaim of Buchanan, Mich., were in Rensselaer Saturday and Sunday. Mr. Swaim returned to his home Sunday and Mr. Schultz, Tuesday.

The following attended the Otis public sale at Roselawn today: Ed Kanne, John Halligan, Joseph Halligan, Jennings Michaels, W. P. Michaels, William Morris, Charles B. Steward, Harry Gifford, John Marlatt, Charles Chamberlain and W. A. McCurtain, the latter serving as auctioneer.

ISSUE WARNING ON WILD GAME HUNTING

Violators of the law against shooting duck and water fowl in the spring, will be prosecuted in federal court, according to an announcement of the state department of conservation. Game wardens have been instructed to assist federal officers in enforcing the federal migratory bird regulations under which the shooting of duck and water fowl is prohibited in the spring. The flight of ducks and geese northward is now on and since the first of march it is said several large flocks have been noticed passing over the city in a northerly direction.

The open season for shooting wild ducks and geese is from September 16 to December 31.

Tarzan and the Jewels of Opar

By Edgar Rice Burroughs

is the latest and best of those famous Tarzan stories that have thrilled millions of readers. Tarzan is one of the most unique characters ever created in fiction. He is a majestic man, a noble beast, an aristocrat in civilization and a King in the Jungle.

Tarzan is the dream man most of us would like to be, and when you surrender yourself to the thrill of his exploits in the damp African jungle you are only yielding to the pull of primitive impulses and in imagination are back again in prehistoric times, swinging from tree to tree in glorious abandon through the primeval forest or fighting the great cave bear with rude stone weapons. Once you have started this gripping tale, a team of horses couldn't pull you away from it until the last word is told.

NATIONAL GUARD TO HAVE TANK BATTALION

In the re-organization of the national guard the war department announced yesterday will be included four light tank battalions, one company to be assigned to Illinois, one to Wisconsin and a third to Michigan.

The plan is to have one tank battalion to each corps of four divisions of national guard, battalions to consist of three companies of twenty-five tanks each and the strength of each battalion to be thirty-two officers and 456 enlisted men according to a decision of the secretary of war, under date of Oct. 4, 1919.

The chief, militia bureau, is directed to apportion tank units so that they may be utilized to the best advantage in training with the infantry and so that when united the companies will form complete battalions at the rate of one battalion per corps of four divisions.

Marine Tires

Marine Tires are made of tough, wear-resisting rubber. Best grades of fabric used, special loose woven breaker strip and high-test cushion stock. IMPROVED METHODS of manufacture make the Marine Tire the best buy offered to users of Automobile Tires.

DID YOU KNOW

That tires last only until the fabric blows out, and in most cases this happens before the rubber is worn?

FIND A WAY to strengthen the fabric and most all your tires are about trouble-proof.

Factory records show that nine out of ten tires break inside and blow out before the rubber is worn out.

Our special construction gives you every assurance against such accidents—that's why.
