### THOMAS MANLEY DEAD.

A telegram was received here Monday from Mrs. Thomas Manley, of Philadelphia, Pa., announcing the death of her husband. Mr. and Mrs. Manley formerly lived in this city. Mrs. Manley being the daughter of Mr. and Mrs. John Kepner, of Sheldon, Ill., but formerly residents of Rensselaer. Mr. Manley was one of the structural iron workers employed in the construction of the Jasper county court house. He was about forty-five years of age and is survived by his wife and a daughter, aged eleven years. At the time of his death Mr. Manley was a superintendent of steel construction work in Philadelphia.

He had been a sufferer for about two years with cancer of the head, but the immediate cause of his death was influenza. The body will be sent to this city where funeral services will be held at a time to be fixed later.

### STORM MONDAY NIGHT.

All day Monday there was a very strong wind and at night there was a heavy rainfall accompanied by a severe electrical storm. The rain has undoubtedly done a very great amount of good in settling the roads and taking the frost out of the ground. Many reports have been made of the bad condition of the wheat but marked improvement has been noted in the last few days.

Many indications of spring are reported, such as the presence of sand-hill cranes, kill-deers and many other birds that come with the approach of springtime.

### WILLIAM COOLS DOWN; SAWING WOOD AGAIN.

Amerongen, March 15.—The former German emperor was up early this morning. He seemed much calmer and sawed wood from 9 o'clock until noon.

Hanging Grove will hold the examination at Banta. Those in eighth grade are Lawrence Snedeker, George Swing, Marie Bailey, Dorothy Smith, Sara Bollinger. The eighth grade pupils are Bessie Kendall, Lawrence Kendall, Pearl Johnson, Kenneth Spenser, Newton at Rensselaer. Other townships will likely take advantage of the junior high school promotions. The building program in Jasper county at present is expressive of excellent judgment. It is only the school corporations now building that are forced to do so on account of a building necessity. Farmers are compelled to build when their homes become unbearable. A number of up-to-date homes are in the process of construction as a result of necessity. The same business judgment should color public actions as private. If it becomes a building necessity in any corporation then it would be the least economy to cater to erection of buildings many years behind the school times. This is the position taken by the trustees who are being forced into acting. Those who force the trustees to act by virtue of the law are patrons who send children to the local schools and are ably qualified to pass judgment upon the question of necessity. This is recognition of the principle that the people should be capable of judging their own needs. The State Board of Tax Commissioners think otherwise, but we are not prone to accept their construction of autocracy. The autocrats in a democracy should be the people and this is precisely the program being executed in Jasper county in this building matter. Trustee Davidson of Barkley is planning a trip to Lake county to examine the up-to-date school houses so that he can give the people of Newland and southern Barkley the most efficient as well as economical school buildings within his power. Such service from a trustee is most gratis but it presents the interest of our school of ficials take in judicious spending of

the people's money. Trustees Bowie, Rush, Porter and LeFever are facing similar situations and when the people signal through legal channels that they must act then they will act with the same spirit of service that now prompts the Barkley township trustee.

Trustee LeFever of Gillam is able to be up and around again. He met with a severe accident about March 1st. While throwing down hay from the barn loft he fell through the man hole and was severely hurt. James Stevens of Gillam reports that his wife is mending very nicely again.

### GOVERNOR HOLCOMB WON'T ACT ON "SUFF" VOTE

Hartford, Conn., March 15.—Governor Holcomb tonight formally refused to call a special session of the Connecticut general assembly to act on the woman suffrage amendment. He issued a statement setting forth his reasons for declining to call the legislature and outlining his constitutional position on the question at this time and on previous occasions when he refused to act.

The governor says the state constitution requires that a "special emergency" be at hand in order to summon the legislature into special session, and he does not consider that such a situation is created by "the desire of a number of individuals to have the general assembly vote upon the federal suffrage amendment."

Tuesday local grain market was higher and the following prices ruled: oats, 86c; corn \$1.46; rye, \$1.55 and wheat, \$2.30.
