LOCKLEAR

"The Daredevil of the Skies"

Supported by
FRANCELLA BILLINGTON

"THE GREAT AIR ROBBERY"

How would you like to stand on the fragile wing of an airplane at 100 miles an hour? What would you do if you knew you were going to climb with him from one machine to another with Mother Earth 5,000 feet below?

You would send for a lawyer and write your will.
That's the feeling "The Great Air Robbery" gives you. Two

planes in the funder of the camera, the camera man in a third plane and Locklear teetering before you, standing on this air.
The most remarkable aeronautics ever filmed, including several close-up shots of Locklear making his famous change.

OLD SOLDIERS GIVEN EXEMPTION

NEW LAW GIVES OLD SOLDIERS AND WIDOWS TAX EX-EMPTION OF \$1,000.

Under a new law which will affect the 1920 tax valuation as assessed to old soldiers of the Mexican and war of the rebellion and their aged widows, the soldiers will be given an exemption of \$1,000 from their property assessments. This new law will be effective on the taxes that the soldiers will have to pay in 1921, for their taxes of 1920. The exemption will mean a great deal to a great many of the veteran soldiers. The exemption will also apply to property assessments against the widows of old soldiers who may be 65 years of age and over.

In order to take advantage of this \$1,000 exemption in their assessment valuations, it will be necessary for all applicants for this exemption to show their discharge papers or other soldiers' certificates to the county auditor, for the purpose of record in the county auditor's office. Old soldiers should lose no time in making this record with the county auditor because of the fact that the assessments which are now being levied by the tax assessors for 1920 will be the taxes that will be effective by this new law.

STATE HIGHWAY TO GO NORTH

OPPOSITION PLAY TRUMP CARD BUT WE HOLD THE JOKER.

A number of influential citizens of Lake county had filed a petition with Governor Goodrich asking that the proposed state highway be changed and run west from here to Mt. Airy and from that point to Crown Point. The petition was filed upon the letter head of Banker Brown of Crown Point and containing among others the signature of the commissioners of Lake county.

Our senator, Will Brown, of Hebron, who had been watching this matter, learned of the petition and called a number of the friends of the proposition to run the highway directly north from here to Indianapolis to take the matter up with Governor Goodrich and the commission.

The call from here was responded to by Representative W. L. Wood, Attorneys E. P. Honan and Cope J. Hanley and Editor F. E. Babcock. These men with others appeared before the governor Wednesday and with the assistance of Senator Will Brown and Representative Fifield, succeeded in having the route north from here designated and all proper records and orders in relation thereto signed and sealed.

This is a matter of the most vital interest to the people of this county. Representative Wood and others have done a great deal of work that the road might be established. They have been to a considerable expense and this should be shared by the people of the county.

Splendid as has been their work, the one person to whom Jasper county owes the most and the one who did more than any one else that the road might be designated to run north from this city, was Senator Will Brown, of Hebron. But for his vigilance and his tireless effort Senator Grant and others of Lake county would have persuaded the governor and the commission to have established the road running west instead of north from here.

Back of the whole proposition is the just and undisputable fact that the route from this city north is the one that should be designated. It is a strictly Indiana route and does not border within a few miles of the Illinois line. It is more direct and will serve a large agricultural region. Thousands of dollars worth of vegetables and other farm produce which Jasper county will be able to offer to the people of Gary, Chicago and the other large Lake Cities is in itself a sufficient reason for selecting the route north from here.

SPRING IS RESPONSIBLE

for this Post Low-Rate stuff under cover from a very dear friend. If I have to read it—so do you.

Little girl, you look so small. Don't you wear no clothes at all? Don't you wear no shimmy-shirt, don't you wear no petticoat, don't you wear no corsets and your hose, are these all your underclothes? Little girl what is the cause, all your clothes are made of gauze? Don't you wear no undervest when you go out fully dressed? With your skirts cut rather high, won't you catch a cold and die? Little girl your spenders show when the sunlight plays on you. We can see your tinted flesh thru your little gown of mesh. Little girl, I tell you those ain't so nice as under clothes. Little girl, now listen here, you would be just twice as dear, if you'd cover up your charms, neck, back, legs and both your arms. We would take you to the shows if you'd wear some underclothes. Little girl, your mystery, luring charm and modesty, is what makes us fellows keen to possess a little Queen. But no lover—goodness knows—wants a girl sans underclothes.

Let us respectfully call your attention to the fact that Mr. Leslie Clark purchased our last Hudson Super Six and that the two Welsh brothers, Ben and Lewis, got our last Franklin.

We can only get a few more of these makes and to avoid disappointment you should ask for reservation.
