# Blatz

## The Beverage That Builds

BLATZ was studied carefully before the first bottle was produced.

Science sought out the nutritive qualities that an excellent cereal beverage must have. Invention found the best way to preserve these qualities and infuse them into Blatz.

And so Blatz is, first of all, wholesome.

And Blatz is delicious; for its makers have succeeded in attaining a distinctive flavor. It is quite different from anything you have tasted.

It is the flavor of ripened grain—fraught with the healthful elements which nourish and build men's bodies.

When first you drink Blatz you sense a satisfying completeness—you have found what you wanted. And to enhance this new joy is the knowledge that Blatz will do you good.

For sale wherever soft drinks are sold.
