THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

## YEGGMEN WORK LOCK; TAKE \$3,500 IN BONDS

Lafayette, Ind., April 20.—Robbers broke into the office of the Lafayette Lumber Company last night, opened the safe by working the combination lock and took \$3,500 in Liberty bonds and \$200 in money.

The robbery, coming after a robbery Sunday at the home of J. C. Callahan, when Mrs. Callahan faced an armed burglar in her room and saw him carry away \$3,500 worth of jewels, leads the police to believe that both crimes have been committed by the same gang.

# 16 Million 438 Thousand Miles a Day

**T**HIS is the potential mileage supplied daily to the people of the Middle West by the Standard Oil Company (Indiana).

In arriving at these figures we have taken ten miles per gallon as the performance of the average car, and multiplied it by 600,000,000, the number of gallons of gasoline marketed by this Company last year, and divided the result by 365.

The task confronting the Company is a dual one.

Not only must it maintain this flow of gasoline at all times, but it must so plan its activities as to keep pace with constantly increasing demand for fuel, whether this demand be normal or abnormal.

That, in a word, is the job of the Standard Oil Company (Indiana) and the Company is as big as its job.

Every resource, every ounce of energy, and all its equipment are at work to keep pace with the insistent demands for gasoline and other products.

The management recognizes its responsibility to the motorists of the 11 states the Company serves, and every effort is being made to meet this responsibility.
