THE UNIVERSAL CAR

The Ford Coupe, with electric self starting and lighting system, has a big, broad seat deeply upholstered. Sliding plate glass windows so that the breeze can sweep right through the open car. Or in case of a storm, the Coupe becomes a closed car, snug, rain-proof and dust-proof. Has all the Ford economies in operation and maintenance. A car that lasts and serves satisfactorily as long as it lasts. Demountable rims with 3 1/2-inch tires all around. For the doctor and travelling salesman it is the ideal car.

## SENATOR NEW TO PRESIDE

SENATOR WATSON TO MAKE THE KEY NOTE SPEECH AT STATE CONVENTION

Indianapolis, April 23.—Details for the republican state convention on May 12 and 13, were announced yesterday by Frederick E. Schortemeier, secretary of the state committee, after they had been approved by the committeemen in long distance telephone conversations. Senator Watson will be the temporary chairman, and Senator New will be the permanent chairman. Governor Goodrich and Will H. Hays, republican national chairman, have been invited to address the convention.

Sidney R. Miller, a member of the firm of Miller, Thompson & Dailey of Indianapolis, was selected as sergeant-at-arms. Mr. Miller, who is a grandson of W. H. H. Miller, attorney general in President Harrison's cabinet, was a major in the 150th field artillery, Rain-bow division. Clem R. Richards, of Terre Haute, formerly Vigo county chairman, was selected as secretary of the convention, and Harry R. Styer of Montmorenci was named as chief usher. Mr. Styer has acted in this capacity in previous conventions.

**Keynote By Watson.**  
The convention, which will be held in Tomlinson hall, will open with Senator Watson's keynote address at 10 o'clock Wednesday morning, May 12. After a short noon recess Senator New will take his seat as permanent chairman and Governor Goodrich and Will H. Hays will be heard.

The delegates will meet by districts in the evening and will select members of the various committees. The committees on resolutions, rules and permanent organization, and credentials, will go into session at the Hotel Severin at 9 o'clock that evening.

The second day of the convention will start at 10 o'clock with the selection of the delegates at large to the national convention. It is generally assumed that Senators New and Watson, Governor Goodrich and State Chairman E. M. Wasmuth will compose the "big four," although reports have been prevalent for some time that the "slate" is not looked on kindly by the supporters of Maj. Gen. Leonard Wood.

The Wood forces have lent a ready ear to the agitation to seat women on the delegation and prominent women in the party have made representations to the leaders that they should receive a place on the delegation at large.

**Candidate For Governor.**  
Following the selection of the "big four" and the ratification of the twenty-six district delegates, the convention will proceed to nominate a candidate for governor, or ratify the choice of the primary if one of them receives a majority of all the votes cast in the primary it will devolve on the convention to select the party's nominee. It is the general opinion among the leaders that if no majority vote is cast the plurality will guide the convention in its choice.

Following the disposition of the governorship race nominations for state officers will be made in the following order: Lieutenant Governor, secretary of state, auditor of state, treasurer of state, attorney general, superintendent of public instruction, judge of the supreme court, Fifth district; judges of the appellate court from the First and Second districts; and reporter of the Supreme court.

**Committeemen To Meet.**  
Preceding the opening of the convention on the first day the newly elected district committeemen will meet at 9 o'clock at the Hotel Severin to name a state chairman, vice chairman, secretary and treasurer. It is generally understood Wasmuth is a candidate for re-election, although he has never made a formal announcement to that effect.

Gossip in political headquarters has it that Wasmuth will encounter the opposition of M. Burt Thurman of New Albany, Third district chairman, are urging him as a candidate for the place. Mr. Thurman, however, has an opponent for his position as district chairman in Vernon W. Knight of New Albany.

Mr. Shortemeier said unusual interest attaches to the convention and that already many demands have been received for tickets.

Mrs. S. L. Jordan and son, William Jordan, were called to Illinois this week on account of the death of the former's brother.

Do not get dinner at home Sunday. Go to church and eat dinner at the Makeover hotel.

## BELGRADE LIKE TOMB; PEOPLE ARE GLOOMY

Serbian Capital, Shell-Shattered, Remains as the Enemy Left It.

Belgrade remains today as the Germans and Austrians left it—shell-shattered, bomb-torn and desolate.

Owing to lack of materials, money and labor, no steps have been taken by the authorities to restore the scores of residences, public buildings and other property that fell under the enemy bombardment. Nothing has been done to repair even the royal palace, which, windowless, scarred and neglected, looks like a great empty barracks.

The Serbian capital has a gloomy, depressing air, and this atmosphere is shared to some extent by the people, who go about with somber faces.

Belgrade never amuses itself. There are few cafes, restaurants, theaters, cinemas or places of diversion or entertainment in Belgrade. At night the city has all the stillness and repose of a tomb. It may be, quite naturally, that the country is still mourning its losses, for it has been continuously at war for seven years.

The retail stores display only scanty stocks. Some of them are closed entirely. Cheap articles of jewelry and tinware find their way from Austria and Germany, while perfumes, scented soaps and silk stockings come from Paris. Wearing apparel of all kinds is high in price. The Serbian franc has fallen to low purchasing value.

As in most war-affected countries, there is a tremendous amount of reconstruction work to be done in Serbia. Broken bridges, shattered railways, ruined factories and destroyed machinery will have to be replaced.

Serbian say the material and, to some extent, the money and labor, will have to come from the outside, for Serbia, strained and straitened by seven years of war, is almost destitute of the means to accomplish this task herself. She is looking hopefully to the United States to help her in this direction. There is a constant plea for American engineers, businessmen and materials.

## YANKS ARE TOO GENEROUS

Germans Complain That They Spend Too Much on Girls.

Among the civilians in the American occupied area complaints, originating with the German men, are often heard to the effect that the American soldiers are "spoiling" the German girls by heaping luxuries upon them and by spending money recklessly for presents, wines and good things to eat.

Since the anti-fraternization regulation was revoked by army headquarters several weeks ago the cafes in Coblenz have been crowded each night with soldiers and frauleins, and many of the German men have openly asserted that the Americans were entirely too considerate of the German women and girls.

Cafes in Coblenz and other towns in the zone held by United States troops have been doing lately the greatest business of their existence.

One in Coblenz, which is conducted by two Americans who recently obtained their discharge from the army, seats 2,200 persons.

Yet on Sunday afternoons and evenings the crowd becomes so great, Americans and Germans altogether, that on several occasions the military police had to be called to maintain order.

## PREACHER TURNS FISHERMAN

Made No Money in Pulpit, but Thinks God Was With Him.

"I couldn't do it preaching; I had to go fishing. I think God was with me, for every time I cast my net it came up full. For six days and nights I got little sleep, so great was the catch."

That was what Rev. H. B. Nyoen, pastor of the Norwegian Baptist church, Tacoma, Wash., said the other day as he bought tickets for himself, his wife and four children for Norway, where, he says, preaching is more lucrative than in America. He could not gather enough money together to go home merely by preaching, so he joined a salmon fishing crew off the San Juan islands and made a clean-up on the season's catch.

Rev. Mr. Nyoen will go to Harstad, Norway, where he will receive 6,000 kroner a year, with house and fuel furnished to him. He received but \$800 from his little church in Tacoma.

**STILL FOUND IN PRISON**  
Liquor Made From Fruit by Inmates of Naval Penitentiary.

An improvised still in which inmates of the naval prison at Portsmouth, N. H., have been distilling liquor from apples, raisins and prunes, was discovered by members of the prison welfare league.

The still had been set up in an unused mess hall. It was made principally of coffee cans. A small quantity of the drink and supplies of its ingredients were found.

**Pigs Came Back When Follies Got Sucky.**  
Joseph Holschuh of Plymouth, Wis., bought two hogs and put them in a pen. Next morning they were gone. He sought the aid of the police department. Three days later the pigs were back in the pen.

## Electric Suction Cleaner

JUDGE A CLEANER BY PROVEN PERFORMANCE

Every Cleaner looks good on the sales floor, but stop and ask yourself, how will it stand up under the constant hammering of week to week service? What about its promised low upkeep cost after 1 or 2 years actual service. The best way perhaps to judge an Electric Cleaner would be to go to one or all electric service stations in Rensselaer and find out for yourself which electric cleaner needs the most attention.

We have sold dozens of Torringtons and never has there been one to an electrician for repairs to our knowledge.

The two things that wears out your rugs is the motor driven brush and embedded dirt.

**REMEMBER—**The Torrington's rushing blast of harmless air and gentle slow speed brush (not motor driven) cannot injure your rugs or get out of order.

Try any and all makes of cleaners on your rugs and then let us deliver a Torrington and show you how much extra dirt the Torrington will get.

Not only ashes, lint, thread and other surface litter, but the trodden-in, deeply embedded dirt is all removed by its powerful suction and large brush.

## JASPER WILL LOSE JUDGE CANDIDATE

At this time it seems almost certain that Jasper county will not have the privilege of nominating a candidate for Circuit Judge on the Republican ticket. The reason is very easily seen. Jasper county now has four candidates while Newton county has only ONE. Every one of the candidates here feel that they have a most excellent chance of winning, but the Newton county men say that that county will stand almost solidly for Cummings. Jasper, in that case, hasn't a chance in the world unless three of the four candidates now on the list withdraw from the race, and even then it would be a matter of WHO was the candidate that stayed on the ticket.

People of Newton county and especially around Mt. Ayr, and to the north are pretty sore over the fact that they did not get the state road. They say everything had been arranged for this route, which was eight miles nearer Crown Point than the north route, but some wealthy land owner of Northern Jasper pulled the wires that located the road that way. We don't blame them for feeling some sore, and the withdrawal of at least three of our four candidates is the only solution to the nomination of a Jasper county man. Probably each one of the four have some friends who will stay by them, and all together will be enough to throw the majority vote to Newton county. It's time some of the "wise men" from the north took warning.—Remington Press.
