

Ford

THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

MRS. M'CARTER REFUSES TO GIVE AGE AT THE POLLS

Topeka, Kans., July 15.—Woman suffrage and women's clubs leaders generally today rallied to the support of the position taken by Mrs. Margaret Hill McCarter yesterday in refusing to give her age when she went to register as a voter.

Mrs. McCarter declares she will contest the ruling which was based on a decision of the attorney general that a woman can not register unless she gives her age more definitely than "over 21."

"It's a club the men held over the women to prevent them from voting," declared Mrs. Lila Day Monroe, woman lawyer, and well known suffragist.

WANTS DIVORCE FROM CRIMINAL HUSBAND

Mrs. Lulu May Burris filed with the clerk of the circuit court on Thursday, July 15, suit for divorce from her husband, John Burris, who is now serving a term in the penitentiary.

They were married on April 16, 1919 and on Oct. 30, 1919, he was convicted of the charge of rape and is now serving time for the offense.

She asks for the custody of her two children.

Another case was filed with the clerk on July 14. Lee Evans et al vs. the C. C. & St. L. Ry., et al. Suit is to quiet title.

A flock of eleven Henry Fords was picked up here this noon by Deputy Sheriff Childers, the drivers being charged with driving the cars without license plates. The drivers were held until the arrival of Prosecutor Murphy. At the time we went to press their cases had not been disposed of but it is probable that each pilot will be given a fine with the usual trimmings. There were nineteen cars in all, but the remaining eight did not stop here and consequently evaded arrest. However it is probable that they will be picked up before reaching Chicago. The eleven cars which stopped were in need of gasoline and oil. Some day automobile agents will wake up to the fact that it is cheaper to buy agents' license plates than to be continually paying fines.
