Lost 65 Pounds in Weight and Had to Give Up Work. Has Been Well Since Using Doan's

"Being exposed to extreme heat when working as an engineer, and then going outdoors in cool air, caused my kidney trouble," says Karl Goering, 8513 N. Orkney St., Philadelphia, Pa. "In cold weather and when it was damp, my joints and muscles would swell and ache, and often my limbs were so badly affected it was only with great misery I was able to get around. For a week I was laid up in bed, hardly able to move hand or foot."

"Another trouble was from irregular and scanty passages of the kidney secretions. I became dull and weak and had to give up my work. Headaches and dizzy spells nearly blinded me and I went from 285 to 200 in weight. Nothing helped me and I felt I was doomed to suffer."

"At last I had the good fortune to hear of Doan's Kidney Pills and began taking them. I soon got back my strength and weight and all the rheumatic pains and other kidney troubles left. I have remained cured."

"Can't Cut Off My Leg" Says Railroad Engineer

"I am a railroad engineer; about 20 years ago my leg was seriously injured in an accident out West. Upon my refusing to allow the doctor to amputate it I was told it would be impossible to heal the wound. I have tried all kinds of salves and had many doctors in the past 30 years, but to no avail. Finally I resolved to use PETERSON'S OINTMENT on my leg. You cannot imagine my astonishment when I found it was doing what ever 100 things had failed to do. My leg is now completely cured."—Gus Hautt, 788 Myrtle avenue, Brooklyn, N. Y. Great for piles, eczema, old sores and all skin diseases. 35 cents. Mail orders filled. Peterson Ointment Co. Burglars Helped Him Out.
For a year D. T. McRoberts, a business man at New Castle, Pa., had not been able to open his safe on account of the combination being lost, and so had been unable to get at papers and other property inside the safe. One night recently burglars broke it open, found no money, left the papers and other property, and Mr. McRoberts felt very much obliged.

BEST ALL-ROUND PLAYER CREEPING TOWARD TOP OF THE BATTING LIST

The best all-round baseball player in the country this season is George Sisler of the St. Louis Americans, according to nearly all the big league critics. Sisler is now creeping toward the top of the American league batting list. He recently went from the seventh position in batting to second and now has a mark of .381. Sisler was a University of Michigan player and he broke into professional baseball as a pitcher at Columbus in 1912. He has played every position on the Browns except that of catcher. His regular position at the present time is first base.

MAJOR LEAGUES HAVE FOUR FEDERAL STARS

Kauff, Rousch, Tobin and Flack Only Players Developed.

Of More Than 200 Ball Tossers Thrown on Market When Outlaw Circuit Was Disrupted Less Than Score Remain.

What has become of more than 200 Federal league players thrown upon the market when that organization, which aspired to be a third major league, was put out of business after the season of 1915 by the National League and American league through purchase and consolidation? Many of the Federal league players found berths in the two surviving major leagues. But today, we find less than a score of former Federal league men remaining in the major leagues, and of these four are really stars.

With the Cubs, there only remain Outfielder Flack, Pitcher Hendrix, and Third Baseman Deal. The Giants have Outfielder Kauff, Infielder Jimmy Smith and First Baseman Chase. Cincinnati has Outfielder Rousch and Catcher Wilson, Outfielder Mann, First Baseman Konetchy and Infielder Rawlings; Philadelphia has Pitcher Packard.

In the American league, St. Louis has Outfielder Tobin and Pitcher Davenport, the latter just traded to Washington; Detroit has Pitcher Ehme; Boston has Outfielder Menosky, who was recently secured from Washington in the deal that sent Roth and Shannon to Washington, and New York has Pitcher Jack Quinn.

It is worthy of note that the Federal League only developed four real players, and these are all outfielders, namely: Kauff, Rousch, Tobin and Flack, and of these only Tobin was an actual Federal league discovery and he had to go to the minors to be polished up. All of which in effect settles that league's claims to major league status at any time.

TROPHY FOR YANKEES WHO BOXED IN LONDON

In the windows of the European office of the Canadian Pacific railway, Charing Cross, is displayed a handsome mounted silver shield to be presented to the army and navy of the United States of America by the Imperial Services Boxing association.

Emblazoned around the shield is the American eagle, the Stars and Stripes and the arms of England, Scotland, Ireland, Wales and the overseas dominions.

Designed by Harold Stabler, the trophy, which will be dispatched to the United States in the course of a few days, is inscribed:

"To the army and navy of the United States of America, from the forces of the British empire 1919, this trophy is given in admiration of the sporting spirit in which the Americans entered and fought in the boxing tournament, London, December, 1918."

DIAMOND NOTES

The Cardinals are the popular favorites in St. Louis.

The Washington club is leading the American league now in stolen bases.

The comeback of "Babe" Adams appears to be of the 18-K variety.

Paul Huhn of Indianapolis is a new umpire in the Michigan-Ontario league.

Eastern league clubs are drawing the best attendances in many years.

Looks as if the Browns had the makings of a nifty pitcher in Vangilder.

Harry Hooper of the Boston Red Sox has been getting his hits every day.

Waterbury has fixed up its infield by the purchase of Christie from New Haven.

Bob Riggs, veteran outfielder, will get back in the game and help out Galveston.

Birmingham, by releasing Sigman to Mobile, cut the only southpaw it had off its staff.

The first qualification of an umpire in these days is to be a good rough-and-tumble fighter.

Huggins has lots of confidence in his big underhanded recruit, Rip Collins from Texas.

Hap Felsch of the Chicago White Sox has jumped into the limelight as a home-run artist.

Fitzpatrick and Wilson are a pair of umpires who seem to be getting along well in the Western.

The Wichita club sold Catcher Chief Newasha, the Indian, to the Peoria club of the Three-I league.

The Pittsfield club has shipped Catcher Larry Prediger back to Syracuse of the International league.

Ruth is the only player in the game who has the handle of his bat wound with tape. It gives him a better grip.

The pitchers are getting down to work in the Southern league, as the bunches of low score games recently show.

Ben Tincup, formerly pitcher of the Phillies, is twirling winning ball for the Louisville club of the American association.

The Browns are well supplied with coaches now that Lee Fohl has been signed. They already had Al Lefield and Billy Friel.

The manner in which some of the players are hitting the ball would indicate that the pitchers will be in for a hard season of it from now on.

As better materials are going into this year's baseball and as the pitchers are made up much as previously no wonder the big league batters are hitting the sphere hard.

Ty Cobb is nothing more than a common ball player now. His name appears very little in the papers except in the box scores. The baseball public is certainly very fickle.

GOLF BUG STRIKES CADDOCK

Wrestling Star Takes Up Ancient Game to Secure Both Diversion and Exercise.

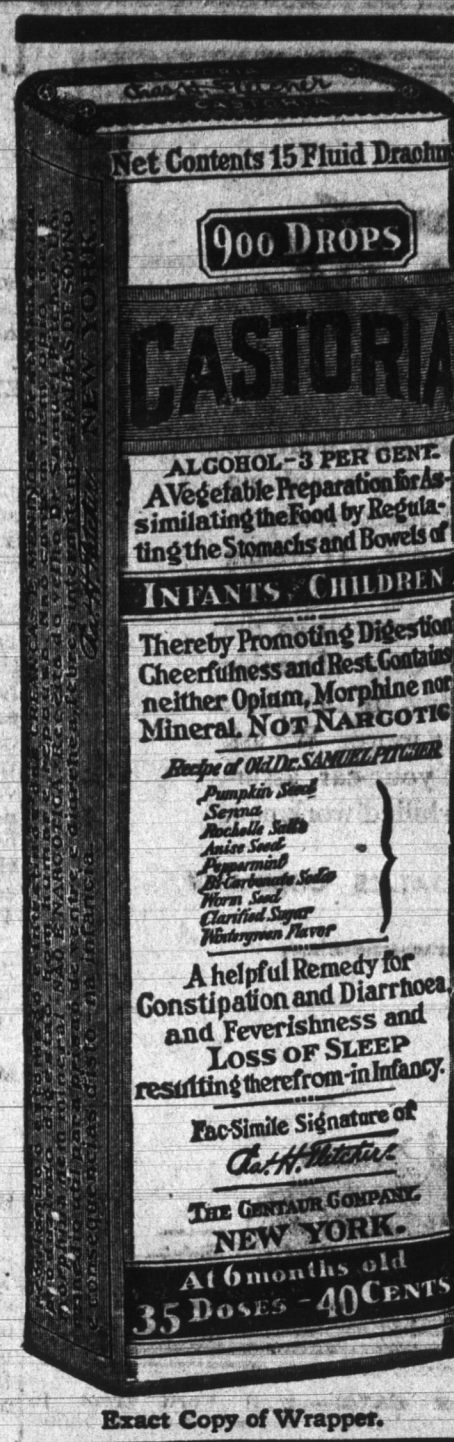

The latest "fall" in the wrestling world is that Earl Caddock has the golfing bug. He believes it will give him the rest he thinks he needs. Earl says:

So when a man's worn down he should shift his entire system to something else for a while. I want something that is both a diversion and an exercise. That's golf. I've been talking to Benny Leonard. Maybe that's where I got the bug."
