#### McCRAY A REAL FARMER.

(Clinton Clintonian)

Warren T. McCray is genuinely interested in agriculture, his unusual success as a progressive farmer being the thing which stamped him as a state leader. He is a real business man farmer. The modern custom of chambers of commerce referring to farmers as business men and dealing with them more and more as such reflects modern tendencies. The tendency is toward the McCray standard. He is a good man to choose as a state leader, if better farming is to be given the greatest encouragement.

#### REPRESENTATIVE WOOD'S SPEAKING DATES

#### NOTE TO MY CUSTOMERS.

Today, October 1st, 1920, I start to run my business on a 30 days' cash basis.

That means all.  
While I have a very large percentage of customers, whom I consider nearer than just customers, they are very near friends and have never abused their privilege, always responded when called upon, yet I have a small per cent of others who did not respond when they should and under the old system it made it very hard to handle my bills. Often those whose bills were not due would come to my rescue, but some pay no attention and I have at this time 648 accounts not paid.

H. F. KING, Blacksmith.

Philadelphia, 8; Washington, 6.

Mr. and Mrs. J. W. Meiser, daughters, Marie and Dorothy, of Monticello were guests Sunday of Mr. and Mrs. Louis H. Hamilton. Mr. Meiser was graduated from the eighth grade of the Kniman school while Mr. Hamilton was the teacher at that place. He is a son of Fred Meiser a former Walker township farmer, but now living in Fulton county. Mrs. Meiser was formerly Birdie DeArmond and lived at Tefft. Both Mr. and Mrs. Meiser were teachers in the Jasper county schools. Mr. Meiser is a very successful druggist of Monticello.

John Duvall, and son, Edgar, of Knightstown, drove to Rensselaer Sunday in the latter's car and remained over until today. Mr. and Mrs. John Duvall will return to this city in a few days to again make their home and will occupy the farm now occupied by their son, Samuel, north of this city. Mr. and Mrs. Samuel Duvall are to leave soon for France where they will make their future home.

Music Lovers Choose the  
BRUNSWICK

MUSIC lovers choose The Brunswick Phonograph to play their favorite records, for it plays all records at their best.

The Brunswick Method of Reproduction makes this possible. It consists of two outstanding, exclusive features—The Brunswick Ultona and The Brunswick Tone Amplifier.

#### The Ultona

The Ultona is a scientific creation which enables one to play all records with faithful regard for the requirements of each make. It is not in any sense a combination contrivance, but involves a fundamental principle of sound reproduction.

Nor is the Ultona a complex mechanism. By a slight turn of the hand it is adapted to any make record, instantly supplying the correct position on the record, the proper needle and diaphragm and the

precise pressure or weight necessary to play that particular record.

#### The Tone Amplifier

The Brunswick Tone Amplifier is another improvement of fundamental importance. As the name implies, it amplifies the tone, making it richer, sweeter, truer.

This vibrant tone chamber, constructed entirely of moulded hollywood, free from metal, provides the requisite resiliency that unfolds and projects true tone. Like a fine violin or the sounding board of a piano, it complies with the approved laws of acoustics.

#### Hear The Brunswick Before You Buy

One hearing of this remarkable instrument is enough to convince the most critical music lover that here is the final type phonograph. Come in today for demonstration.
