COUNTY EDUCATIONAL NOTES.

The board of education of Jasper county met in regular session in the office of the county superintendent last Monday, October 4th. The following members were present: Fairchild, of Keener; Dugglesby, of Kankakee; Pettit, of Walker; LeFevre, of Gilliam; Rush, of Newton; Postill, of Marion; Huff, of Jordan; Porter, of Carpenter. The minutes of the previous meeting were read and adopted after a few amendments were made. County Agent Mawhorter's bill for September was examined, approved and ordered filed. The board ordered the county superintendent to give all beginning and second year teachers in the county a visiting day at such school and time as he may indicate. All teachers of more than two years' experience have the option of taking a visiting day or not as they like. The board voted one day's pay to teachers of the rural schools who care to attend the State Teachers' Association (October 21, 22, 23) at Indianapolis. The enrollment fee is \$1.00 and tickets can be gotten from the county superintendent. The fare for teachers this year is one and one-third regular fare for round trip.

The schools of Jasper county are running with exceptional smoothness this year so far. The trustees present seemed to feel very buoyant about their schools. They seemed to feel that campaign year was not affecting this angle of Jasper county's work. Report cards should be in the hands of every teacher in Jasper county. Many monthly reports are already on file. The first monthly report was received from Irene Ballinger of Keener township on the Saturday morning's mail.

The new teachers' directory will soon be ready for distribution.

Americanism

By
LEONARD WOOD

We shall teach that this heritage of ours has been confided from generation to generation to the patriotic keeping and loving care of true Americanism, and that this alone can preserve it.—Grover Cleveland: Speech before the New England society, Brooklyn, December 21, 1891.

WHEN Grover Cleveland, a great Democratic president of the United States, uttered these words, he gave a promise for the present and for the future. He said "We shall teach." He did teach and he continued to teach the Americanism in which he was so fervid a believer. Since his day it has been taught, and under Providence Americans will continue to teach it until the end of time.

The Americanism upon which Cleveland was dwelling was that and is that which was confided, as he puts it, as a heritage from the American generations of the past unto the generation of the present in which he lived. Cleveland knew, as all reading and thinking men knew and know, that the heritage of true liberty, which is the heritage of true Americanism, came down from the Fathers, and that in its essence it was the same in the speaker's day that it was in the day when it first found voice. It is the same today.

Americanism has been given into the patriotic keeping and loving care of the people. Cleveland puts this in another way, but it means the same thing. He speaks of the heritage having been committed into the keeping of true Americanism, therefore it is that true Americanism is in the keeping of itself and of its fellowship of believers. A good many other isms have been called by unthinking men Americanisms. Men's thoughts on what constitute true Americanism may differ, but in the end they come together in the one thought, that the essential Americanism is that which keeps this country what the Fathers intended it to be—a place of law, order and liberty.

The necessity for teaching that this heritage of liberty of ours has been confided to us from generation to generation and that it is as precious now as ever, seemingly, but perhaps only seemingly, is sharper today than it has been in many years. There have been times before this when some men despaired of liberty. There are always hopeless ones among us. It is those who know the pricelessness of the heritage which has come down to us, and who know that men of understanding will not throw it away, who always are ready to enter into the field to combat the doctrines of either those who would give way stupidly because they despair or those whose desire and intention is to destroy it.

STATE TAX LEVIES

CUT TO 20 CENTS

The state board of tax commissioners Tuesday reduced the total of 1921 state tax levies from 22 to 20 cents. The present total of levies is 18 cents, fixed last year for this year. On September 28 the board fixed 22 cents as the total for 1921. Following a conference with Governor Goodrich, the board issued the following statement:

"The state board of tax commissioners today took up the reconsideration of the state tax rate. Owing to payments made into the state treasury from some of the state institutions just prior to the end of the fiscal year, September 30, and of which there was no previous knowledge, the condition of the state finances was very substantially affected thereby.

On representation to the Governor by the auditor of state of the foregoing facts and the confirmation of the same having been had, the attention of the state board of tax commissioners was directed thereto. After going over the figures carefully it was thought that the total state rate could be reduced 2 cents, making the same 20 cents instead of 22 cents, as heretofore announced.

"A careful analysis of the figures submitted by the auditor of state disclosed the fact that the administration of state affairs proper was costing the taxpayers of Indiana nothing—in fact, providing a surplus of fees and other revenue over and above expenses. The expenditures for state government under the present administration out of the revenue derived from taxation is now wholly for benevolent institutions, highways and schools."

The Republican speaking and numbers by the Ladies' Quartette of Huntington will follow the first show at the Princess theatre this evening. The speaking will begin about eight o'clock. This announcement is made in order that those who attend the Princess this evening will not get the impression that they are having to pay to hear Congressman Wood and the quartette. The charge will be for the show only, which starts at seven o'clock.

The sew club, which was to have met with Mrs. Isaac Leopold Thursday of this week, will not meet until Thursday of next week.

CHANDLER SIX \$1895

Chandler is Back to \$1895

Chandler's reduction to \$1895 is the news on the street today. And it's good news to the car-using public, because it means that Chandler has taken another big stride forward in the leadership of its field.

The Greatest Dollar-for-Dollar Value Throughout the Industry

The Chandler has always been closely priced and today, at \$1895, it is decidedly the greatest value in the whole automobile industry.

The Leader of All Sixes; Most Closely Priced

It has always been the basic policy of the Chandler Company to build a really fine automobile and to price it closely. The great Chandler plant, the millions of capital employed in Chandler production are back of that statement. They exist because of that policy. Chandler is the greatest of sixes and the most fairly priced.

Constantly Refined and Improved But Never Radically Changed

Other cars of many kinds and many motors have come and gone while the Chandler Six, now in its eighth year, lives and grows, and every season multiplies its thousands of friends. There

is only one Chandler Six, refined and improved throughout the years but never radically changed. There is no other car like it. You will find the exclusive Chandler motor under the hood of no other car. No other car, within hundreds of dollars of the Chandler price, has the features characteristic of the highest type of design and construction for which the Chandler Six is justly famous.

Handsome Chandler Body Types On One Standard Chassis

On the one standard Chandler chassis, famous for its marvelous motor and for its sturdy, dependable construction throughout, are mounted six beautiful styles of bodies that meet every requirement for your comfort and satisfaction. Beautiful in design, exceptionally roomy and comfortable, and highly finished, these six Chandler models invite your most exacting inspection.

THORNTON REUNION.

A pleasant reunion of the children and relatives of the late Geo. R. Thornton was held at the home of the eldest living brother, E. Sherman Thornton of Newton township on Sunday, Oct. 3rd. The total number present was fifty-two. The reunion was held especially in honor of Mrs. Maggie Fleener and husband, W. L. Fleener and son, Arthur of Greensburg, Kansas, who have been spending a few days renewing old acquaintances. This is Mrs. Fleener's first visit in Indiana since the death of her mother, Mrs. Geo. R. Thornton, which occurred seventeen years ago. The brothers and sisters of Mrs. Fleener, who were present at the reunion, were Mrs. John Kimble, Hebron, Ind.; Mrs. Jennie Reynolds, G. L. Thornton and E. Sherman Thornton, all of Rensselaer, and C. D. Thornton, Chicago.

All the brothers and sister were present, with the exception of Della R. Renicker, of Greensburg, Kans., and Vernon Thornton of Spokane, Wash. The pleasantness of the occasion was added to by the presence of the brother-in-law, Theodore Warner, and of Uncle James Blankenbaker, the only living uncle, brother of Mrs. Geo. R. Thornton.
