If the men voters would read up on the different questions before the American people as much as the ladies are, there would be for once a deluge of intelligent voting. If we would make our ballot represent a careful consideration of the issues of the day, a vote would have a meaning.

The scandal revealed in the operation of the major league baseball players is surely enough to shake all of the stars out of the baseball heaven. To think that men that had exalted themselves until they sat upon the very pinnacle of baseball dom would even think of a fixed game is surely a new side of human nature.

Cupid, that mystical, all powerful influence that colors our poetry and that breaks forth in song and sculpture is doing a silent work in these parts, judging by the actions of a few of our young men. Part of these birds can not be affected very seriously with the ordinary dart but it will take darts made out of second growth jack oak to do the killing unless like some Indians, you use poison on the darts. We hope that are the close of leap year that these noble young fellows will be hattered good and tight and properly tied.

A Farmers' Federation speaker from Hancock county has been addressing the farmers in the northern tier of the townships and organizing them into clubs. The object of this movement is to establish a more direct method of selling the products of the farm to the actual consumer by doing away with an army of useless middlemen, who not only affect the price of farm products but also rob the ultimate consumer with an unreasonable price.

The Farmers' Federation intends to stabilize prices upon the basis of actual cost of production plus a reasonable profit thus encouraging the class of people upon whom the prosperity of all depends. The large membership being rolled up shows that the farmers are awake to the advantage of united action, scientifically applied.

## MY DAD'S favorite yarn.

## AND THE prunes.

WHEN THE sheriff.

WHO HAD just jumped his king.

SAID "Si there's a customer.

NOW HERE'S the big idea.

WHEN A good thing.

HAPPENS ALONG.

DON'T LEAVE it to George.

TO GRAB the gravy.

## FRINSTANCE IF.

YOU HEAR of a smoke.

OR READ about a smoke.

THAT REALLY does more.

THAN PLEASE the taste.

YOUR STEPPING up.

WITH THE other live ones.

AND SAYING right out.

IN'A loud, clear voice.

GIMME a pack of.

THOSE CIGARETTES.

THAT SATISFY."

JUST plank down twenty cents on any cigar counter and get twenty portions of the real "satisfy-smoke." You'll say you never tasted such flavor, such mild but full-bodied tobacco goodness. You're right, too, because they don't make other cigarettes like Chesterfields. The Chesterfield blend can't be copied.
