PURDUE ALUMNI RAISE \$20,000

Indianapolis, Oct. 5.—Indianapolis alumni of Purdue university at a meeting tonight subscribed \$20,000 to the million dollar fund being raised for a student memorial building at Purdue. The meeting was designed to inaugurate the campaign among local alumni and former students who have a quota of \$68,000. It was estimated that local citizens had subscribed at least \$30,000 as many of them have sent in subscriptions to the campaign headquarters at Lafayette.

The campaign inaugurated here tonight is similar to that being carried on in many other cities and counties of the state and which will be inaugurated among Purdue alumni in every state during the next month.

The pledging of funds tonight came following addresses by Professor T. F. Moran, of Purdue, and David E. Ross, a Lafayette manufacturer, who is leading the campaign in Tippecanoe county.

The world's largest user of the purest and best maple sugar offers you the new Karo Maple

A rare and delicious syrup at a moderate price. Don't worry about the high price of maple syrup. Of special interest to every mother

When you wonder how the new Karo Maple gets its delicious tang of rich maple syrup remember—

The makers of Karo Maple use annually over a thousand tons of the purest and best flavored maple sugar from the finest maple groves in Vermont and Canada.

This is one reason why over five million cans of Karo Maple were purchased by American housewives last year.

This is a greater sale, by far, than any kind of maple syrup offered.

The moderate price of Karo Maple is also an attraction—it costs less than any other syrup of approaching quality and flavor.

Go to your grocer today and get a can of Karo Maple, in the GREEN CAN.

Compare it for price and flavor with other maple syrups. If you are not satisfied your grocer will give your money back.

As yet County Auditor Robinson is unable to determine as to what per cent of the voters of the county registered for the coming election. However, the registration was heavy on both registration days and it is probable that but few of the voters will be unable to go to the polls on November 2 due to not having registered.
