

## TERRIBLE TASTE REMOVED FROM CASTOR OIL

NEW PROCESS ROBS OLD RELIABLE FAMILY REMEDY OF DISAGREEABLE TASTE

The chemists of Spencer Kellogg & Sons, Inc., one of the largest manufacturers of castor oil in the world, have perfected a remarkable process by which all nauseating taste is removed from castor oil. In the opinion of physicians and druggists who are already familiar with Kellogg's Tasteless Castor Oil, this remarkable improvement is a real blessing. It's the same old-fashioned castor oil that every physician prescribes. It's 100% pure castor oil. But that nauseating taste has been eliminated. Strength and purity remain the same. Today you can take Kellogg's Tasteless Castor Oil easily. Children take it without coaxing or bribing. Do not accept substitutes. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labeled Kellogg's Tasteless Castor Oil. Three sizes, 15c, 35c, and 65c.—(Adv.)

## Americanism

It was in making education not only common to all, but in some sense compulsory on all, that the destiny of the free republic of America was practically settled.—James Russell Lowell: "New England Two Centuries Ago."

IGNORANCE is the enemy of democracy. Without our schools we might as well shut up our government and give it over either to anarchy or to despotism. It has been held by some persons that education breeds anarchy. Sound education does not. Anarchical ideas find their place in the brains of the ignorant. There are few men who have been students of government conditions and who have become anarchists. Others who preach direct action against democratic government are those whose brains are abnormal through whatever cause. They have not taken to heart the lessons of history.

Americanization means education. The unknown and the unthinking must be taught to know and to think. In almost every case they will think right and act right. A school board properly conducted is a board of health. The fathers knew education's service to the cause of liberty. The schoolhouse and the statehouse of democracy were built together. With the safety of a nation depending upon education there are still those among us who seemingly believe that the teacher is not worthy of a proper hire. There are men and women today into whose hands are entrusted the teaching of American children whose pay is less than the daily wage of the unskilled laborer.

On this subject of the pay of school teachers there are Americans who need that finally the people are waking up to the truth in the case. The waking, however, has been a slow process and no one can tell how soon sleep is to come again. It is Americanism which makes men and women seek the teaching profession for a livelihood. It should be Americanism's duty to see to it that the unselfish ones are rewarded properly for their unselfishness. The teachers are building the character of the citizens of tomorrow.

## MONARCHY IN CHINA?

Republic Ended and Empire Restored, Is Report.

American Warships Reach Shanghai as Rumor Reaches That City of Change in Government.

Shanghai, China, Oct. 14.—Gen. Chang Tso-lin, governor of Fengtien, has overthrown the Peking government and proclaimed a monarchy, according to a rumor current in this city. This rumor has not been authenticated and no details have been received here, but Chinese officials have been profoundly stirred by it.

Gen. Chang Tso-lin was probably the strongest military leader during the recent conflict between the Chihli and Anfu forces. He played a leading part during that trouble and was accused of being a tool of the Japanese.

It is the supposition here that the coup, if it really has taken place, is an effort to restore to the throne former Emperor Hsuan-tung, son of Prince Chun.

General Lishun, commander of Chinese government troops in the provinces of Kiangsu and Kiangsi, and leader of a powerful political clique, committed suicide at Nanking by shooting himself. The text of his will declared his action was due to developments at Peking and the failure of measures he had advocated for the "salvation of the nation." Half of the general's fortune of many millions of yen was left to carry on the work of famine relief and education. His death, it is believed, will have far reaching political results.

Three American warships, the cruiser Huron and the light cruisers Albany and New Orleans, arrived here Wednesday. On board the Huron, the flagship, was Admiral Albert Gleaves, commander of the American Asiatic fleet. This vessel, which was formerly the South Dakota, is the largest warship ever to come up the Hwang-pu river to the city's water front.

High School Gridders Take to Road Saturday

Coach Leighy's high school grid squad will take to the road Saturday in what will be the first game of the season for the locals on foreign soil, when they travel to Watseka, Ill., to do battle with the huskies of that school. Watseka bears a well known reputation for turning out strong football teams and have always given the local school a stiff argument.

The Leighymen are in splendid condition and their victory of last Saturday over the highly touted Logansport eleven has given them an abundance of confidence. Although a win over the Sucker outfit will have no bearing on their Indiana standing, yet it will serve to further imbue them with a winning spirit that will stand them in good stead in their future games. The following Saturday, October 23, will be an open date, the only one on this season's calendar.

All the suits contesting the will of the late Benjamin J. Gifford, are now disposed of and I am in a position to sell land. I have yet unsold several hundred acres of good land located in Jasper and Lake counties, which I will sell as executor on reasonable terms, but cannot take any trade.

## To the Seven Million Housewives Who Are Now Using Mazola

MAZOLA can be used for more different purposes and at less cost than almost any other food.

It contains no water, as do butter and lard—remains always sweet and palatable, and does not absorb odors or flavors. So the same lot of Mazola can be used over and over again—a wonderful saving in any household. If you want to use it for shortening—even after frying fish or onions—you have only to strain it. It never smokes up your kitchen.

Mazola makes lighter and better cake and tastier fried foods than animal fats. And so light and wholesome they agree

with even the most delicate children.

Thousands of families, leading hotels, clubs and railroad dining cars use Mazola in preference to olive oil for salads. It costs much less than half as much, and is pure, rich and wholesome.
