A great many vamps look suspiciously like revamps.—Columbia (S. C.) Record.

Some electric washers lift and dip the soiled fabrics in a tub of sudsy water—and it is a good method.

Other electric washers rock and toss the soiled fabric to and fro in sudsy water—and it is a good method.

The ABC Electric Laundry does both. Regularly it alternates these good methods—and so it combines their advantages.

This Ends Discussion! If you have been looking at electric washers your mind is muddled concerning whether the lifting and dipping method or the rocking and tossing method is preferable. In fact, both are good. Why not get an ABC Electric Laundry that uses both methods—and so ends discussion?

CUT PRICE OF STEEL

Independent Companies Return to Basis of 1919.

It is Said the Reduction Will Not Affect the Wages of the Employees.

Pittsburgh, Pa., Nov. 29.—Return of steel prices to the base established by the United States industrial board March 21, 1919, developed here when the Jones & Laughlin Steel company, the largest of the independent interests, adopted new selling rates on certain finished steel products.

This reduction, the first to be made by the independents in the Pittsburgh district, will not affect the wages, it was understood, of the approximately 25,000 persons in the company's employ.

The new prices, which are effective immediately, are: Bars, \$2.35; structural sheets, \$2.45; plates, \$2.65; base Pittsburgh. Adjustments will be made on the prices for wire and cold rolled steel products.

The Jones & Laughlin company has not at any time during the last year been asking the top prices many other independents have been receiving. No statement was made by the company other than to say the lower prices are due to the law of supply and demand.

Youngstown, O., Nov. 27.—Independent steel companies of the Youngstown district, employing about 80,000 workers, announced that they will meet the reduction of prices announced by the Jones & Laughlin company, the cut to be effective at once.

Heads of the three largest independent corporations here declared a readjustment in the cost of both coal and labor will have to follow. They said that wherever labor costs with the independents are higher than the United States Steel corporation's the wages will have to be reduced.

HARDING READY FOR RETURN TRIP

Starts From Ancon by Train for Cristobal Whence He Sails.

GOOD WISHES TO PANAMA

Exchanges Assurances of Cordiality With President of Little Republic—Receives Protest on U. S. Land Policy in Zone.

Ancon, Canal Zone, Nov. 29.—Senator Harding devoted the last day of his visit at the Pacific terminus of the Panama canal, for the most part to recreation, although he had several more talks with Canal Zone officials.

The President-elect rose early for a game of golf and later took a motor boat ride. Late in the afternoon he started by train for Cristobal, where on Sunday he will board his ship to return to the United States, sailing for Norfolk, Va. His return to Cristobal will complete a three-day visit here, in which sightseeing was combined with a practical study of problems which will confront him after he becomes chief executive of the United States.

Not the least of these problems are the relations the new administration will maintain with the republic of Panama, with whose president Senator Harding exchanged assurances of good will at the banquet the president gave in his honor.

"The cordiality of your greetings and the fine spirit of your good wishes stir me deeply," he said, facing President Porras. "It is a fine thing for one republic to be so assured of the abiding confidence and friendship of a sister republic."

"We are rather more than friendly neighbors, quaffing the cup of most cordial association. We are spiritual partners in one of the gigantic advances of Twentieth century transportation."

The question of a proper military force for the Canal Zone has engaged Mr. Harding's active attention, and he will be particularly interested in plans of the War department to increase that force to a full division. Senator Harding had luncheon with Brigadier General Kennedy, commander of troops in the Canal Zone.

Protest Against U. S. Land Policy. A memorial has been addressed to Mr. Harding by 250 citizens of Colon protesting against the present American land policy along the Canal Zone boundaries and declaring that the United States is trying to enlarge her territorial holdings and sphere of influence in Central America by unjustifiable methods. The document likened the methods to those employed by the Washington government in Haiti and Santo Domingo and asserted that Panama's sovereignty was being crushed little by little.

Another problem to which Mr. Harding has given attention is the question of the enforcement of prohibition in the Canal Zone.

TORNADO HITS PORT ARTHUR

One Killed, One Missing, Several Injured by Severe Gulf Coast Gale.

Beaumont, Tex., Nov. 29.—One person dead, another missing and property loss of approximately \$100,000 is the result of a tornado of two minutes' duration which struck Port Arthur, Tex. The Port Arthur Canal and Dock company's sheds were demolished. Edward Ericson was knocked from his bicycle by flying timbers and was dead when picked up. A young woman who was seen walking near the docks just before the tornado is missing. Several persons were slightly injured. A wireless operator, who was near the scene of destruction, boarded a steamer in the harbor and sent a wireless call for ambulances and doctors, the telephone system being paralyzed by the wind.

MORE NEGROES IN 2 CITIES

Increases of 23,641 and 9,997 Show for Baltimore and Cincinnati, Says Census Bureau.

Washington, Nov. 29.—The negro population of Baltimore, Md., is 106,390, the census bureau announced. The total white population in 1920, 1,290,741. The increase of the negro population since 1910 was 23,641, or 27.9 per cent, while the increase of whites was 151,687, or 32 per cent. The colored population of Cincinnati was announced by the bureau as 29,686, an increase of 9,997, or 50.9 per cent, in the last decade. The total white population was 371,940, an increase of 27,621, or 8 per cent.

COAL CRISIS IS NOW OVER

Issues Order Vacating Priority Orders Affecting Preference for Open Top Cars.

Washington, Nov. 29.—The coal crisis has passed, in the judgment of the interstate commerce commission, which issued an order vacating all remaining priority orders affecting preference for open-top cars in the movement of coal. The order is effective at midnight today.

SLUGGISH LIVER KEPT HIM TIRED AND SICK

Took the One Day Doctor, and quickly regained health.

"For years I had a torpid, sluggish liver. I was so constipated I had to take a laxative every night. My complexion became almost yellow, and I felt tired and sick. I had almost given up hope when I heard of the One Day Doctor. One day's treatment did wonders, so I repeated it next day. Today I am a well man, and urge everyone to try this wonderful one-day treatment."—S. C. Gould, South Bend, Ind.

If your liver is sluggish and bowels irregular, you are a victim of tired feeling, headache and biliousness, and your system is inviting disease.

The One Day Doctor is a one-day course of treatment, regulating stomach, liver, kidneys and bowels. It cleans out your system thoroughly, tones you up and makes you feel like new. Take it today, notice the prompt relief, and see how lively and well you feel tomorrow. Costs only 25c. Try it.

If your druggist does not have it, send 25c and we'll mail it prepaid. Absolute satisfaction or money refunded. One Day Doctor Co., Bourbon, Ind.
