LETTER TELLS OF MUCH SUFFERING IN GERMANY

Henry Hordeman received a letter this Tuesday morning from a cousin in Germany in which the latter told of the present condition of that country and of the great amount of suffering, due to the lack of food. He added that those who fell on the field of battle were much better off than those who survived the great strife.

Enclosed in the letter was one of the cards of the American Food Relief Administration, which listed the articles of food most needed by the German people and explaining the course that Americans wanting to send foodstuff to friends in Germany should pursue.

The card said in part: "There is a great dearth of staple foods in Germany, white bread is practically unknown, sugar is rationed in meagre quantities and milk even in the prepared form is a rarity. Americans wishing to remember friends in Germany at Christmas time can bring no greater delight to them than by providing these greatly needed and much desired articles. American Relief Administration Warehouses. Food Drafts, obtainable at any bank in the United States, furnish the quickest and safest method of delivering food to Germany. Sugar and cocoa are now included in the contents of our packages and we also pay all delivery and insurance charges. Send the Food-draft to your friends in Germany and they can secure an abundance of food for Christmas or any other time. For further information apply to the nearest bank or the American Food Relief Administration at 115 Broadway, New York."

"Human Desire"

Spurred by a mysterious, unquenchable mother instinct, Bernard sees the necessity of her daughter's escape and goes to America, "where the babies are"—there, revealed by Robert Brown, to whom her warm maternal nature is a golden emblem of the happiness denied him by his wife. Bernard innocently ac-

cepts the realization of Human Desire until Mrs. Brown returns—their common tragic bitterness to the little mother heart which almost wrecks her steadfast faith before she grasps her lasting joy.

NEW YORK ASST. CORPORATION COUNSEL CHARGED WITH BRIBING DRY OFFICER.

New York, Nov. 29.—Josephus A. Solovei, an assistant corporation counsel of the city of New York, was arrested today on a charge of having given a \$500 bribe to a special internal revenue agent in a liquor case.

It was alleged he had given the agent, Frank Sieb, the money to influence him in the cases of Benjamin and Albert Gross, Brooklyn brokers, who also were arrested this afternoon charged with conspiracy to violate the Volstead act by using forged rubber stamps bearing the names of Charles R. O'Connor, state prohibition director, and of the Connecticut prohibition director, on false permits for withdrawal of liquor.

Hearing Saturday. When arraigned before United States Commissioner Hitchcock, Solovei and the Gross brothers were held in \$2,500 bail, each for a hearing Saturday. The three men furnished bail and were released.

Counsel for Solovei, at the arraignment proceedings, said his client told him he had been "framed up."

Seizure by secret service agents of a printing set with thousands of counterfeit revenue stamps, liquor labels and illicit liquor paraphernalia, was made public today, when four men arrested Saturday night were arraigned on counterfeiting charges. The men, Frank Bulzoni and Domenico Amirante and his sons, Vincent and John, each were held under \$2,000 bail.

They are Gin Labels. Bulzoni and John Amirante were arrested in a one-room shop in a West Third street loft, where the agents said the men were busily printing counterfeit gin labels when they entered. The other two men were found in the Amirante home in Thompson street, where the officers also reported the discovery of more labels and quantities of imitation revenue stamps, bottles, corks and other articles.

The labels bore the names of various brands of liquors while the counterfeit stamps were printed with the names of several large distilleries. The agents said the counterfeiting was well done and the stamps purported to bear the guarantee that the liquor had been bottled in bond.

The raids were conducted under the direction of Capt. Nathaniel Conly.

Knox B. Phagan, who has been first assistant Federal prohibition supervisor in this district for several weeks, tomorrow will become acting supervisor, taking the place of Frank L. Boyd, who has asked to be transferred to another field. Appointment of Mr. Phagan, announced here today, was made upon recommendation of Supervisor Boyd, who will take a vacation in the South.

Mr. Boyd supplanted James Shevlin as chief prohibition enforcement officer when, upon orders from Washington, Mr. Shevlin was transferred to duty in Texas.

MISSING MEN BEING SOUGHT

Relative and Friends Are Anxious to Hear From Those Who Know Facts.

A number of additional war mysteries have been announced by the nationwide campaign to clear up all doubt as to the fate of men missing in the World conflict. Any persons having information as to the circumstances surrounding the death or disappearance of the following men are urged to communicate with the Gold Star relatives or friends:

EDDIE FLYNN, Co. M, 14th Inf., arrived in France Dec. 25, 1917. He was last heard from June 18, 1918. No word was received from War department that he was killed. Address Mrs. B. L. Flynn, 418 Cherry St., Anaconda, Mont.

NORMAN O. LARSON, formerly Pvt. Co. M, 31st Inf., was reported killed in action Oct. 12, 1918. He last wrote to his family on October 15 that he was about to be transferred to another company. Details of his death wanted by H. L. Peterson, Twin Lakes, Minn.

CLARENCE K. KEPPLER, former mechanic, Co. A, 59th Inf., reported killed in action in the St. Mihiel drive. His mother, Mrs. Alice Kepple, Artasia, N. M., wants to learn details of his death.

FREDERICK H. BAYNES, Sgt., Co. G, 114th Inf., reported killed in action on Oct. 12, 1918. Friends have told his mother Baynes was seen alive on April 7, 1919. Anyone who can verify either report address Mrs. F. A. Baynes, 985 Monmouth Terrace, Gloucester, N. J.

BULE W. BOYDON, Co. G, 7th Inf., reported killed in action on July 15, 1918. Reported seen on Dec. 21, 1918, in Base Hospital No. 5. Information as to his fate wanted by his mother, Mrs. James Boydon, Monongah, W. Va.

ANDREW J. OTTINGER, former Pvt. Co. I, 12th Inf., reported killed in action Oct. 7, 1918. Anyone with definite information on death write Peter Pittinger, Oskaloosa, Kan.

RALPH E. BREHEM, former 1st class pharm. mate, Naval Railway battery No. 1, reported to have died in Evacuation Hospital No. 7 on Oct. 26, 1918. His mother, Mrs. Guine Brehm, 120 N. Washington St., Gettysburg, Pa., wants information as to his death.

IS NEW ASSISTANT ADJUTANT

Russell G. Creviston, Who Has Seen Much Active Service, Is Appointed to Important Position.

Russell G. Creviston, who has been appointed assistant national adjutant of the American Legion by F. W. Galbraith, Jr., national commander, was director of organization at national headquarters from November, 1918, to October, 1920.

A. Hooker by birth, Mr. Creviston enlisted in May, 1917, in company E of the Fourth Indiana infantry. He served as a private in this company for three months when he was selected as a candidate for his company to the second officers' training camp at Fort Benjamin Harrison, Indiana.

After his graduation from the camp he was given complete charge of the administration co-ordination section of the general staff of the eighty-fourth division.

Mr. Creviston assisted in the organization of a vocational training system, and in this connection was transferred to the inspector's division and given charge of the states of Iowa, Minnesota, Nebraska, North and South Dakota, where he established various student army training corps.

After the completion of the S. A. T. C. movement, Mr. Creviston was transferred to the general staff and put in charge of the ninth district commission on training camp activities. With the rank of captain he covered nine states of the Middle West in the interest of bettering camp and non-camp cities during the demobilization period. He was discharged June 7, 1919, and accepted a position in the Community Service, Inc. of New York, which loans his services to the American Legion.

POST WITH ALTITUDE RECORD

"Top of the World" Organization of Peru at Height of More Than 14,500 Feet.

The "Top of the World" post, claiming to be the highest in The American Legion, and the first and only unit thus far established in Peru, has been founded by 16 ex-service men in a copper mining camp at Cerro de Pasco, and the altitude record it has set up for other posts to shoot at is 14,500 feet.

"So far as we can determine," writes Clyde A. Warner, the post adjutant, "this is the only post in Peru, and certainly in this district of Peru, known as the Junin Pampa. By location and transportation facilities, Cerro de Pasco is the logical meeting place for ex-service men in other camps in the central Peru mountain district. It is the largest camp and town in the district including Aroyo, Morococha, La Fundacion and Casapalca.

The name "Top of the World," was unanimously selected as an excellent name for the post, due to the fact that we are at an altitude of a little more than 14,500 feet and we believe we are the highest post in the Legion."

The post is planning to conduct a membership drive in the surrounding territory.

DIRE NEEDS OF STATE SCHOOLS ARE SET FORTH

Indianapolis, Nov. 29.—Indiana's three state educational institutions—Indiana and Purdue universities and the State Normal School—are facing an acute financial situation, and unless they are given substantial increases in appropriations, their activities must be limited, speakers declared at a dinner here tonight. The dinner was attended by leading educators and others interested in the welfare of the state schools.

The opinion was voiced that restoration of the seven cent tax enacted in 1913, and changed to 2-3-8 cents by the last tax law, would recuperate the finances of the three institutions.

L. N. Hines, state superintendent of public instruction, presided as toastmaster. Addresses were made by presidents of the three institutions and Elwood Haynes, Kokomo manufacturer; S. M. Keltner, of Anderson; L. C. Huesman and Mrs. Demarcus Brown of Indianapolis and Hence Orme of Marion county.

Dr. W. L. Bryan, president of Indiana university, declared that Indiana must no longer lag behind other states in the middle west in the matter of education. He predicted that Indiana again would be a leader in educational activities.

Dr. W. W. Parsons, president of the State Normal School, said that nine of fifteen teachers in one department of his institution resigned last summer because the school could not pay adequate salaries. He estimated that the Normal School's share of the proceeds of the present tax law will be \$326,000, while it will be necessary to have not less than \$450,000 next year for current expenses and about an equal amount to carry out the needed building program at Terre Haute and Muncie. The seven cent tax levy will enable the school to follow out its program, he said.

President W. E. Stone, of Purdue university said that the money which will be asked for will be "trifling" as compared with other debts on the state treasury. "The money spent for Purdue's maintenance, Dr. Stone said, "is returned to the commonwealth many fold, whether in the form of trained leaders in every phase of industrial and business activity or in the form of scientific research with which improved practice and progress in agriculture, industry and public service is secured."

He declared that unless suitable funds were provided, the university would again be compelled to limit its enrollment as was done this year.

PURDUE CARRIES OFF STOCK SHOW HONORS

Purdue university again won the premier honors of the International live stock exposition for the third time in four years by showing the grand champion steer, "Black Buller," a pure-bred Aberdeen Angus. The Purdue winnings have set a new record in the annals of the biggest stock show in America, as the award Monday night made the fourth time the Indiana institution has won this honor.

The champion steer of America was sired October 11, 1918, and went into the show ring weighing 1,930 pounds.

The Purdue judging team also carried off the honors in the judging contest with 3,618 points. Nebraska was second in the event with 19 points behind.

"BACK TO THE FARM" MOVEMENT QUITE PRONOUNCED

Indianapolis, Nov. 29.—Farm labor in Indiana generally is quite plentiful but the movement from the farm to the city is "quite pronounced" in some sections, according to the weekly crop report of George C. Bryant, field agent of the department of agriculture, issued today.

Crop conditions are good, the report shows, but freezing temperature is necessary to put corn in best condition for cribbing. There is some Hessian fly in the wheat the acreage of which is not quite so large as last year. The acreage of rye has been materially increased in some of the northern Indiana counties with the condition running about on the average for this time of the year.

HERE IS YOUR CHANCE—GOODFELLOW.

With assistance from YOU Santa will be able to visit Nurses' Home and Hospital this year. And what must he leave? A Victrola, of course.

The doctors have responded generously to the fund but we need more help in order to get a machine worth purchasing.

Remember this is a county institution and we want everyone to feel their donation is needed. Please accept this announcement with the same spirit as you would if you were solicited personally.

Miss Ryan at Red Cross rooms or myself at hospital will receive your donation. Help us to shop early.
