

Ford

THE UNIVERSAL CAR

THIS COUNTRY IS GETTING BACK TO PRE-WAR

conditions and the farmer who wants to make money in the future will have to cut the production cost per bushel of his products. To do this he must increase his own capacity and dispose of all excess animal power. The farm is a factory and will pay dividends on modern labor-saving machinery the same as any other factory. Farmers who have kept costs on tractor and horse farming have invariably found that the FORDSON and ASSOCIATED IMPLEMENTS will return a large profit over horses even though the grain fed to horses be at the present low market level. THE CENTRAL SALES CO., of Rensselaer, sowed approximately forty acres of rye this fall using a FORDSON exclusively for power at the following cost per acre:

The ground was plowed, culti-packed, and drilled.	
Total Kerosene, 110 gal. at 23c	\$25.30
Total Gasoline, 5 gal. at 30c	1.50
Total Motor oil, 8 gal. at 90c	7.20
Total Trans. oil, 2 gal. at 80c	1.60
Total Man hours, 97 hours, at 40c	\$38.80
Total	\$74.40
Depreciation, interest, upkeep	56.67
Total	\$131.07

Which equals \$3.27 per acre.

For the Total cost including Fertilizer and Seed

Why Suffer from Colds
TURPO spells quick relief. It goes directly to the trouble—soothe—comforts. Colds develop rapidly. Don't neglect them. There's danger of influenza, pneumonia, bronchitis. TURPO is full protection. Does not blister or stain. Get it at your druggist's today. Follow simple directions—and beat your cold. If you're not satisfied, your money is cheerfully refunded. 35¢ and 50¢.

TURPO
THE TURPENTINE OINTMENT

WILSON GETS NOBEL PEACE PRIZE

The Nobel peace prize will be conferred on President Wilson on December 10, it was announced Tuesday. The ceremony will be held as usual in the Norwegian Storting, which awards the prize. The Nobel prize carries a grant of about \$40,000, which is one-fifth of the annual interest on about \$9,000,000, left by Alfred B. Nobel, Swedish scientist and inventor of dynamite, who died in 1896. The only two Americans who in the past have received the prize were Theodore Roosevelt in 1906 and Elihu Root in 1912.

"PADDY" DRISCOLL
the man that discovered Northwestern, is here in the middle of our midst to round us into better form for the Morocco contest. Paddy is one of the really great players not ruined by his brilliant success.

He is a clean living, modest talking, hard-working athlete with business brains enough to cash in on his remarkable ability. A hail-fellow, well met and brings us the very latest gridiron strategy.

See him, meet him and LISTEN to him. Everybody attended practice last night but "Dice" Campbell. "Bones" was out of town. One player says he can't keep anything on his stomach. Try bolting down your meals, Abe.

Frank Schroer was in town yesterday and took home a new Franklin car. Who said the farmers had turned their back to the sun.

Farmers just naturally gravitate to the Franklin because it needs no heated garage and very little service. When idle they set light on their tires and they last over several years without changing style. The safest car to buy and the safest car to drive.

THOMPSON & KIRK.

If you need a good young draft horse, attend the Arnold sale Tuesday, December 14. All days.

TEMPERATURE.

The following is the temperature for the twenty-four hours ending at 7 a. m. on the date indicated:

	Max.	Min.
December 7	40	25
December 8	41	23

GET YOUR CALENDAR.

If you have a policy with the Gary National Life Insurance Co., R. G. Burns has a mighty fine 1921 Calendar for you. It was painted by the great artists, G. Sheridan Knowles. Get it at my office in the Murray building Saturday afternoon or evening.

Very fine quality timothy hay, about 20 tons, at the Arnold sale, Tuesday, December 14.

Some electric washers lift and dip the soiled fabric in a tub of sudsy water—and it is a good method.....
Other electric washers rock and toss the soiled fabric to and fro in sudsy water—and it is a good method.....

The A. B. C. Electric Laundry, 200 N. W. 1st St., Rensselaer, Ind. It illustrates these good methods and so it compares their advantages.

This Ends Discussion!
If you have been looking at electric washers your mind is muddled concerning whether the lifting and dipping method or the rocking and tossing method is preferable. In fact, both are good. Why not get an A. B. C. Electric Laundry that uses both methods—and so ends discussion?

AUTO OWNERS URGED TO APPLY FOR 1921 LICENSES NOW

Automobilists of Rensselaer and of Jasper county who desire to receive their 1921 automobile license plates at an early date, are asked to immediately forward their applications to the office of the secretary of state. Application blanks can be secured at any time from a garage or other establishment dealing in automobile accessories and those persons who are first to send in their applications will be the first to receive their new licenses. Distributions will be started during the month of December, and every auto owner in Jasper county may have his new license on hand by the first of the year, providing that this important matter is not put off until the last minute. With the issuance of licenses during the early part of the present year, there were many autoists of this county who failed to receive their licenses until March. This was due to the eleventh hour rush of applications into the secretary of state's office. It is an impossibility to accommodate everybody at once and with the proper co-operation the state officials will be in a position to supply all autoists by the first of the year.

The Board reserves the right to reject any and all bids.
By order of the Board of Commissioners of Jasper County, Indiana.
SCHUYLER C. ROBINSON,
Auditor Jasper County, Indiana.

INDIGESTION PAINS GONE IN AN HOUR

Hadn't slept for 3 days. Relieved in a hurry by Digest Well Tablets.

"Recently while traveling for my firm, I met a friend, also a salesman, leaning against a telegraph pole in Auburn, Ind., and looking very ill. He told me that he had indigestion and had been unable to sleep for three days. I reached into my grip and gave him two Digest Well Tablets, which he took. He felt better, and we went on to Garrett where I made him take 2 more tablets. A little later I asked him how he felt. He replied, 'I am feeling fine as a fiddle and am having the first real relief I have had for 3 days'. This was about an hour and ten minutes after taking the first tablets. Digest Well Tablets have been of great benefit to me, and I would not leave on a trip without them."—M. L. Allen, Ft. Wayne, Ind.

You have never taken anything for indigestion, acid stomach or gas pains, that we believe gave such quick, sure relief as Digest Well Tablets. Let them help put your stomach in good shape, so you can eat and live in comfort. If your druggist cannot supply you, send 50c for a package prepaid. Money back if they fail you. One Day Doctor Co., Bourbon, Ind.

TO STOP THE FLOW OF IMMIGRATION

Determination of house leaders to stop during the period of reconstruction the great flood of immigration which has set in from Europe and other parts of the world was evidenced Tuesday by the action of the rules committee in reporting a special rule under which general debate on the Johnson bill would be limited to four hours and probably disposed of at one session. The rule will be called up Thursday, delay in taking it up having been agreed upon only to permit the preparation of a minority report by Representative Siegal, Republican, of New York. The Johnson bill would practically prohibit all immigration for two years.

SPECIAL DELIVERY

Rensselaer, Indiana,
December 6, 1920.

Dear Miss Boston Fern:—

On behalf of my neighbors I want to say how nice you look and how nice you make a home look. But you must not overlook the fact that we—I mean Miss Pink Begonia, Miss Primrose and many fine plants grown by the same men will make a home look, just as homelike as you can. By Christmas you will find we will be gladly received as a Christmas gift.

Yours,

MISS ALPINE VIOLET OYOLAMEN.
